MAISON DE SANTÉ.

A PRIVATE HOSPITAL FOR THE TREATMENT OF
SPINAL AND NERVOUS AFFECTIONS
AND DEFORMITIES.

In providing a temporary home for patients suffering under certain classes of disease which call for devotion of an amount of time which the general practitioner can ill afford to give, and the accumulation of mechanical appliances and apparatus to an extent which the care of an occasional case will by no means justify, I feel assured that I am supplying, in some degree, a want which has long been felt by the Profession at large, to most of whom the charge of these cases is a confessed annoyance. While overlooking no remedial or hygienic means which affords hope of benefit, my aim is especially to develop the much-neglected branch of MECHANICAL THERAPEUTICS, both in its universally acknowledged application to affections in themselves or in their results of a mechanical nature, such as all the deformities and displacements, and in its less apparent, but not less real and important, relation to that large group of functional disorders, a prominent, and perhaps an essential, feature of which is a loss of equilibrium between the nervous and muscular systems. Among these are myalgia or spinal irritation, the dyspepsias, and hysteroidal affections.

The names of the distinguished gentlemen on whose co-operation as consultants I am fortunately able to rely, are a sufficient earnest that no appliance or discovery of modern science, whether in the line of Diagnosis or of Therapeutics, will be disregarded.

As my accommodations are necessarily somewhat limited, preliminary correspondence is requested before sending patients.

BENJAMIN LEE, A.M., M.D.,

Surgeon in charge,

1503 Spruce St., Philadelphia.

LAZELL, MARSH & GARDINER,
DRUGGISTS

AND

IMPORTERS OF DRUGS,
NO. 10 GOLD ST., NEW YORK.

FINE DRUGS AND CHEMICALS,

PREFACE TO THE THIRD EDITION.

IN issuing, for the third time, the PHILADELPHIA MEDICAL REGISTER AND DIRECTORY, the Editor hopes to have accomplished, more fully than in either of the former editions, the purposes aimed at in the work.

These purposes are: to give as complete and accurate a list as possible of the regular practitioners of medicine in the city, with their residences and office hours; of the various Medical Associations, Colleges, and auxiliary bodies, their objects, and their membership; of the Hospitals, Dispensaries, charitable and other beneficial establishments, with directions for the mode of obtaining their advantages; and to afford an exhibit of the public institutions, and of the State laws which concern the medical profession.

No efforts have been spared to insure, as far as possible, the accuracy and completeness which can alone make such a book of any value. The Editor

would say, as in the former editions, that he can assume no other responsibility in regard to the List of Physicians, than that it contains the names only of graduates of respectable medical schools, who are reputed to be in the regular practice of medicine in Philadelphia. He trusts that his work will be found to merit the continued approbation and support of his professional brethren.

1928 SPRUCE STREET, December, 1872.

N. B.—Physicians or others will be cordially thanked for any suggestions or information, at any time, which may be made available in the preparation of another edition. The present editor, should he resign the work into other hands before it is again called for, will place all such material at the disposal of his successor.

FREDERICK BROWN,

Importing, Manufacturing, and Dispensing
Chemist,

Fifth and Chestnut Streets,

HAZARD & CASWELL'S PURE COD-LIVER OIL,

Prepared on the Seashore of Cape Cod and Cape Ann, under the personal
superintendence of Mr. CASWELL, from Fresh and
Selected Livers.

Prof. Parker, of New York, says: "I have tried almost every other manufacturer's oil, and give yours the decided preference."

Prof. Hayes, State Assayer of Massachusetts, after a full analysis of it, says: "It is the best for foreign or domestic use."

This oil is *manufactured by us on the seashore* with the greatest care, from fresh healthy Livers of the *Cod only*, without the aid of any chemicals, by the simplest possible process and lowest temperature by which the Oil can be separated from the cells of the livers. It is nearly devoid of color, odor, and flavor, having only a bland, fish-like, and to most persons, not unpleasant taste. It is so sweet and pure that it can be retained by the stomach when other kinds fail, and patients soon get to like it.

The secret of making good Cod-Liver Oil lies in the proper application of the proper degree of heat; too much or too little will seriously injure the quality. Great attention to cleanliness is also absolutely necessary to produce sweet Cod-Liver Oil. The rancid oil generally found in market is the product of manufacturers who are careless about these matters.

THE BEST TONIC.

Ferro-Phosphorated Elixir of Calisaya Bark (Calisaya Bark and Pyrophosphate of Iron).—A pleasant, straw-colored cordial (never before attained), made directly from the best Calisaya Bark (not from its alkaloids or their salts), combining the three most valuable tonics, Iron, Phosphorus, and Calisaya, without injury to their active tonic properties, in an agreeable elixir, pleasant to the taste and acceptable to the most delicate stomach. Each teaspoonful contains one grain of Pyrophosphate of Iron, and each pint the virtues of one ounce of Royal Calisaya Bark.

Ferro-Phosphorated Elixir of Calisaya with Bismuth.—This preparation contains 256 grains of Ammonio-Citrate of Bismuth, added to each pint of our Ferro-Phosphorated Elixir of Calisaya, making two grains of Bismuth and one grain Pyrophosphate of Iron in each teaspoonful.

Ferro-Phosphorated Elixir of Calisaya with Strychnia.—In this preparation we have one grain of Strychnia added to each pint of our Ferro-Phosphorated Elixir, making to each teaspoonful one one-hundred-and-twenty-eighth of a grain of Strychnia and one grain Pyrophosphate of Iron.

Ferro-Phosphorated Elixir of Gentian.—This preparation combines Gentian and Pyrophosphate of Iron in a pleasant cordial, overcoming the intense bitterness of the Gentian and nauseous inkiness of the Iron.

Elixir Taraxacum Comp.

Elixir Pepsin, Bismuth, and Strychnine.

Ferro-Phosphorated Wine of Wild Cherry Bark.

Cod-Liver Oil with Iodine, Bromine, and Phosphorus.

Cod-Liver Oil with Phosphate of Lime.

Iodo-Ferrated Cod-Liver Oil.—A combination of Cod-Liver Oil with Iodide of Iron.

Elixir Phosphate Iron, Quinine, and Strychnia.

Elixir Valerianate of Ammonia, Wine of Pepsine.

Juniper Tar Soap.—Very serviceable in eczema and diseases of the skin generally.

Above Preparations all Manufactured by us.

Samples furnished Physicians upon application without charge.

CASWELL, HAZARD & CO.,
New York.

HUBBELL,

APOTHECARY,

1410 Chestnut Street, Philadelphia,

Keeps in stock, especially for dispensing,

THE FINEST QUALITY OF

Drugs, Chemicals, Dietetics, and Pharma- ceutical Products

TO BE FOUND IN THE WORLD.

The dispensing of Prescriptions is the primary business of this establishment. This is done only by long trained, skilful, and qualified assistants, always under the personal supervision of the proprietor.

Every facture in the Laboratory, every article dispensed, and every weight and measure must be examined and approved by the Laboratory or Prescription-counter Superintendent. (This inflexible rule secures certainty, accuracy, and skilful manipulation.)

Since ALIMENTATION in the treatment of disease has assumed so much importance, especial attention has been given to NUTRIENTS; all of which are the choicest and freshest that can be supplied.

Many novelties of very recent introduction, of unexceptionable quality, are now offered.

SECTION I.

MEDICAL ASSOCIATIONS.

The College of Physicians of Philadelphia

HALL NORTHEAST CORNER OF THIRTEENTH AND LOCUST STS.,

Was incorporated in 1789, and consists of Fellows and Associates. The former must be practitioners of medicine in good standing, residents of the city of Philadelphia, and over twenty-four years of age. The latter must be distinguished practitioners of medicine residing beyond the limits of the city; they must not exceed fifty in number, and twenty of them may be foreigners. "The objects of this College are to advance the science of medicine, and thereby to lessen human misery, by investigating the diseases and remedies which are peculiar to this country; by observing the effects of different seasons, climates, and situations upon the human body; by recording the changes which are produced in disease by the progress of agriculture, arts, population, and manners; by searching for medicines in the American woods, waters, and in the bowels of the earth; by enlarging the avenues to knowledge

from the discoveries and publications of foreign countries ; and by cultivating order and uniformity in the practice of physic." (*Charter*, § 2.)

The initiation-fee to the Fellows is fifteen dollars; the semi-annual contribution five dollars, payable in January and July.

A stated meeting of the College is held on the first Wednesday evening of each month, and another, for scientific discussions only, on the third. The Library is open for the use of the Fellows daily (Sundays and legal holidays excepted), from 11 A.M. to 3 P.M. It consists of nearly 16,000 volumes, comprising full sets of many American and foreign periodicals. Over 3000 of these volumes have been given to the College by Dr. Samuel Lewis, and 2000 were bequeathed to it by the late George Ord, Esq.

The proceedings of the College are published in the *American Journal of the Medical Sciences*.

By an agreement with the late Dr. T. D. Mütter, the College erected a fire-proof building, their present Hall, which was completed in 1863. They came into possession, in that year, of Dr. Mütter's pathological museum and a large portion of his library, and engaged to appoint in March, 1864, and every third year thereafter, a lecturer, who must deliver three annual courses of at least ten lectures each, on some point or points connected with surgical pathology. Dr. J. Solis Cohen is the present incumbent.

The Journal Association of the College subscribe to all the best journals in the United States and abroad, which are not regularly received by the College. These

are placed on the tables in the Library, for the use of the Fellows; the volumes, as they are completed, becoming the property of the College. Dr. T. H. Bache is the Secretary and Treasurer of the Association.

The following is a list of the officers and standing committees elected by the College for the year 1872:—

<i>President,</i>	Dr. GEORGE B. WOOD.
<i>Vice-President,</i>	GEORGE W. NORRIS.
<i>Secretary,</i>	JOHN H. PACKARD.
<i>Treasurer,</i>	JOHN RODMAN PAUL.
<i>Curator,</i>	T. HEWSON BACHE.
<i>Librarian,</i>	ROBERT BRIDGES.
<i>Recorder,</i>	J. EWING MEARS.

Censors.—Drs. ISAAC HAYS, JOSETH CARSON, LEWIS RODMAN, and EDWARD HARTSHORNE.

Councillors.—To serve until Jan. 1873, Drs. C. MORRIS and S. LITTELL; to serve until Jan. 1874, Drs. A. STILLÉ and ELLERSLIE WALLACE; to serve until Jan. 1875, Drs. W. S. W. RUSCHENBERGER and JAMES H. HUTCHINSON.

Committee of Publication.—Drs. J. M. DACOSTA, SAMUEL LEWIS, JOHN ASHHURST, Jr., and the Recorder, *ex officio*.

Library Committee.—Drs. ALFRED STILLÉ, SAMUEL LEWIS, ROBERT BRIDGES, WALTER F. ATLEE, and JOHN ASHHURST, Jr.

Committee on the Müller Museum.—Drs. J. RODMAN PAUL, WILLIAM HUNT, and S. WEIR MITCHELL.

Hall Committee.—Drs. ISAAC HAYS, GEORGE W. NORRIS, EDWARD HARTSHORNE, LEWIS RODMAN, and CASPAR MORRIS.

Committee on Lectures.—Drs. SAMUEL D. GROSS, GEORGE B. WOOD, GEORGE W. NORRIS, JOSEPH LEIDY, and WILLIAM GOODELL.

The following is a list of the present Fellows and Associates of the College, in the order of their election:—

The Philadelphia County Medical Society.

ORGANIZED IN 1848.

Its objects are "The advancement of knowledge upon all subjects connected with the healing art; the organization of the profession in connection with the State Medical Society and the American Medical Association; the elevation of the character, and the protection of the proper rights and interests of those engaged in the practice of medicine; and the study of the means calculated to render the medical profession most useful to the public, and subservient to the great interests of humanity." (*Constitution*, Art. II.)

To entitle a person to membership in this Society, he must be a citizen of the county of Philadelphia, a graduate of at least one year's standing of a respectable medical school, a licentiate for a similar period of some approved medical institution, or a regular practitioner of at least fifteen years' standing, and of good moral and professional reputation.

A Physician, removing into this county, is not eligible for membership until after he has been engaged one year in the regular practice of medicine within the county.

The initiation fee is five dollars; the annual contribution four dollars. Stated meetings are held on the third Wednesdays of January, April, July, and October. Meetings for discussion on the second and fourth Wednesdays of each month, from September

to March. The Society have the use of a room in the Hall of the College of Physicians.

Officers for 1872.

<i>President,</i>	Dr. D. H. AGNEW.
<i>Vice-Presidents,</i>	J. G. STETLER, WM. GOODELL.
<i>Secretary,</i>	L. S. BOLLES.
<i>Assistant Secretary,</i>	N. HATFIELD.
<i>Corresponding Secretary,</i>	H. LEAMAN.
<i>Treasurer,</i>	W. M. WELCH.

Censors.—DRS. CHARLES S. BOKER, ALFRED STILLÉ, H. Y. EVANS, ROBERT BURNS, W. L. KNIGHT.

List of Members.

The Medical Society of the State of Pennsylvania

May be not inappropriately noticed here. It is composed of delegates from the County Medical Societies, and of permanent members (former delegates). Its objects are "the advancement of medical knowledge; the elevation of professional character; the protection of the interests of its members; the extension of the bounds of medical science; and the promotion of all measures adapted to the relief of suffering, and to improve the health and protect the lives of the community." (*Constitution*, Art. II.) Its expenses are paid by assessments on the County Societies, proportionate to the number of delegates sent by each. It holds a meeting on the second Wednesday in June of each year, at a place designated at the previous meeting.

<i>President,</i>	Dr. A. M. POLLOCK, Allegheny County.
<i>Vice-Presidents,</i>	WASHINGTON L. ATLEE, Phila. "
	W. W. DALE, Cumberland "
	ROBERT CRAWFORD, Venango "
	J. T. RAY, Crawford "
<i>Permanent Secretary,</i>	WM. B. ATKINSON, Phila. "
<i>Treasurer,</i>	L. S. BOLLES, " "
<i>Corresponding Secretary,</i>	T. M. DRYSDALE, " "
<i>Recording Secretary,</i>	S. B. KIEFFER, Cumberland "

The State is divided into six Censorial Districts, the first of which comprises the counties of Philadelphia, Delaware, Chester, Montgomery, Bucks, Lehigh,

Berks, Schuylkill, Lebanon, Dauphin, and Lancaster. Each district has five Censors, elected by vote of the Society. Those for the first district are—

Dr. H. CORSON,	Montgomery County.
W. W. RUTHERFORD,	Dauphin “
W. M. WEIDMAN,	Berks “
W. H. PANCOAST,	Philadelphia “
HENRY CARPENTER,	Lancaster “

The American Medical Association,

Composed of delegates from the State and County Medical Societies, as well as from hospitals, colleges, and other medical bodies, meets annually on the first Tuesday in May or June; the place of meeting for each year being settled at the previous meeting.¹

The officers for the coming year are—

<i>President,</i>	Dr. THOMAS M. LOGAN, of California.
<i>Vice-Presidents,</i>	B. H. CATLIN, of Connecticut.
	W. M. MCPHEETERS, of Missouri.
	A. M. POLLOCK, of Pennsylvania.
	W. T. BRIGGS, of Tennessee.
<i>Permanent Secretary,</i>	WM. B. ATKINSON, of Pennsylvania.
<i>Assistant Secretary,</i>	M. A. PALLER, of Missouri.
<i>Treasurer,</i>	CASPAR WISTER, of Pennsylvania.
<i>Librarian,</i>	WM. LEE, of District of Columbia.

¹ In 1873 the Association will meet in St. Louis, on the first Tuesday in May.

The Northern Medical Association of Philadelphia.

ORGANIZED JANUARY 7, 1847.

The objects of this Association are "to cultivate the science of medicine, and promote harmony among its members." (*Constitution*, Art. II.)

The initiation fee is three dollars; the annual contribution one dollar.

The stated meetings are held on the second and fourth Friday evenings of each month, except July and August.

<i>President,</i>	Dr. L. J. DEAL,
<i>Vice-President,</i>	N. HATFIELD.
<i>Secretary,</i>	CHARLES CARTER.

The Southern Medical Society of Philadelphia.

ORGANIZED MAY, 1866.

This Society is composed of regular graduates in medicine, practising or residing south of Market Street and east of the river Schuylkill. Its objects are "the advancement of knowledge upon all subjects connected with the healing art; the elevation of the

character, and the protection of the proper rights and interests, of those engaged in the practice of medicine." (*Constitution*, Art. II.)

The initiation fee is five dollars, and the annual contribution is one dollar.

The officers of the Society are a *President*, two *Vice-Presidents*, a *Secretary*, a *Treasurer*, and three *Censors*, who shall be elected by ballot at the stated meeting in January, and shall serve until their successors are elected.

Stated meetings are held on the last Wednesday of January, March, May, July, September, and November, at 4 P.M.

"ARTICLE IX.—The Black Book of the Society shall contain such particulars of persons neglecting or refusing to compensate their medical attendants according to their ability (viz., names, residences, dates of attendants, amounts due, &c. &c.), as shall from time to time be transmitted to the Recording Secretary, and said book shall be accessible only to members of the Society in good standing."—*Constitution and By-Laws*, p. 16.

List of Officers.

<i>President,</i>	Dr. J. T. WILLIAMS.
<i>Vice-Presidents,</i>	G. D. FITCH,
	E. F. GUTH.
<i>Treasurer,</i>	F. SCOFFIN.
<i>Secretary,</i>	H. F. BAXTER.

List of Members.

Medico-Chirurgical Society of Philadelphia.

ORGANIZED ON ITS PRESENT BASIS, JUNE 28, 1870.

INCORPORATED, JULY 25, 1872.

The objects of this Association are to encourage the ties of social and fraternal fellowship, to protect the interests of its members, to promote the study and foster the cultivation and improvement of medical science and literature.

Any graduate of a regular medical school, in good standing in the profession, is eligible for membership.

The Association meets the last Tuesday in the months of March, June, September, and December, for the transaction of business, election of members, etc.; and the last Tuesday in the months of January, February, April, May, July, August, October, and November, for the reading of scientific papers, and discussion upon the same, and to report subjects of interest generally.

Admission fee one dollar; the semi-annual contribution the same.

Officers for 1871-72.

<i>President,</i>	Dr. PETER D. KEYSER
<i>1st Vice-President,</i>	EUGENE P. BERNARDY.
<i>2d Vice-President,</i>	J. S. ESHLEMAN.
<i>Recording Sec. and Treas.,</i>	JOHN W. MILLICK.
<i>Assistant Secretary,</i>	THOMAS A. McREAN.
<i>Corresponding Secretary,</i>	H. W. OZIAS.
<i>Councillors.</i> —S. R. MORRIS, A. McREAN, L. GRUEL, A. J. REED, JAS. COLLINS.	

List of Members (Attending).

D. C.,	

The Pathological Society of Philadelphia.

This Society was organized in 1857. Its objects are "the cultivation and promotion of the study of Pathology, by the exhibition and description of specimens, drawings, and other representations of morbid parts." (*Constitution*, Art. II.) It holds its meetings on the second and fourth Thursdays of every month, except July and August, in the lower hall of the College of Physicians, at 8 P.M.

Its membership, to which any respectable physician is eligible, is composed of residents, non-residents, and correspondents. The resident members pay an initiation fee of five dollars and an annual contribution of four dollars.

At the ordinary meetings of the Society each member may introduce a visitor, who must, however, retire on the Society going into its private business.

A Committee on Pathological Research, consisting of five members, together with the treasurer, is elected annually in October; it is their duty to examine all claims for assistance made upon them by any member of the Society engaged in pathological research, and upon their being satisfied that the said research is in actual progress, and that it is so conducted and of such a nature as to benefit the science of pathology, they have it in their power to aid his purpose by the grant of such a sum of money from the funds of the Society as they may consider to be needed. Provided, always, that the result of such inquiries be contributed

to the Proceedings of the Pathological Society; but in no case may they thus expend during the year more than a sum to be fixed annually, in advance, at the first stated meeting in October by the Society. The money drawn by the Committee is paid by the Treasurer on an order signed by the President, upon the written recommendation of the Committee.

There is also appointed at the first meeting in October of each year a "Committee on Morbid Growths," to whom are referred the specimens exhibited at the meetings of the Society.

The officers of the Society are as follows:—

President, Dr. J. H. HUTCHINSON.

Vice-Presidents, WM. PEPPER, Jr.,
J. H. BRINTON.

Secretaries, WM. W. KEEN,
J. EWING MEARS.

Recorder, JAMES TYSON.

Treasurer, WHARTON SINKLER.

Curator, DE F. WILLARD.

Committee of Publication.—Drs J. H. BRINTON, S. LEWIS, S. W. MITCHELL, S. W. GROSS, JAMES TYSON.

Committee on Pathological Research.—Drs. J. M. DACOSTA, F. F. MAURY, SAMUEL LEWIS, WM PEPPER.

Committee on Morbid Growths.—Drs. JOS. G. RICHARDSON, WM. F. NORRIS, W. F. JENKS, R. M. BERTOLET, W. H. FORD, WM. THOMSON, and H. B. CORBIT.

The Obstetrical Society of Philadelphia.

ORGANIZED IN 1868.

The following are extracts from the Constitution of this Society:—

“The object of the Society shall be to advance the study of obstetrics and the diseases of women and children, by the presentation of specimens, and the free discussion of subjects of interest, properly belonging to these several branches of medical science.” (*Constitution*, Art. II)

“The regular meetings of the Society shall be held on the first Thursday of each month, at 8 P.M.” (*Constitution*, Art. XVI.)

“The initiation fee of the Society shall be three dollars, and each member shall be required to contribute, annually, two dollars, payable the first week in January.” (*Constitution*, Art. XV.)

Officers.

<i>President,</i>	Dr. WILLIAM GOODELL.
<i>Vice-Presidents,</i>	JOHN L. LUDLOW and JOHN S. PARRY.

The Ophthalmological Society of Philadelphia.

ORGANIZED IN 1870.

The aim of this Society is to promote in every way the study of Ophthalmology. It consists of resident, corresponding, and honorary members; its meetings are held at the Hall of the College of Physicians, on the first Tuesday of every month except July and August. The entrance fee is three dollars, and the annual contribution two dollars. Corresponding and honorary members are exempt from dues, but may enjoy all the privileges of membership, should they come to reside in the city, by payment of the regular annual contribution.

The officers of the Society are a President, two Vice-Presidents, a Secretary, and Treasurer, elected at the regular meeting in October of each year. At the same time two members are chosen, to act with the Secretary as a Committee of Publication.

Officers.

<i>President,</i>	Dr. E. HARTSHORNE.
<i>Vice-Presidents,</i>	R. J. LEVIS and T. G. MORTON.
<i>Secretary,</i>	A. D. HALL.
<i>Treasurer,</i>	WM. HUNT.

List of Members.

Biological and Microscopical Department of the Academy of Natural Sciences of Phila- delphia.

Resident members pay an initiation fee of two dollars, and a semi-annual contribution of one dollar in advance.

There are twelve Standing Committees, as follows:
1st. On the microscope and accessories. 2d. On the preparation and preservation of objects. 3d. On vegetable anatomy and histology. 4th. On animal anatomy and histology. 5th. On micro-chemistry. 6th. On physiology and hygiene. 7th. On odontology. 8th. On pathology and pathological anatomy. 9th. On micro-photography. 10th. A committee of cura-

tors, of which the Conservator shall be *ex officio* chairman. 11th. A committee of auditors. 12th. A committee on proceedings and papers, of which the Recorder shall be *ex officio* chairman. Each of these committees consists of five members elected at the same time as the officers of the Department.

The Scientific Committees above enumerated present, at the first meeting in December of each year, a *résumé* of the progress made in the United States in their respective branches.

The Chairmen of the several Scientific Standing Committees, constitute a Committee, called the *General Committee*, which elects its own Chairman and Recorder. It is the duty of this Committee to propose or select subjects or questions for joint investigation, by such members of the Department as may volunteer for the purpose, in connection with each question, and in such manner as the Committee may direct. The memoirs thus contributed are referred like other papers presented to the Department.

The stated meetings of the Department are held on the first and third Mondays of each month, except July and August, at such hours as are fixed by the Department.

The first stated meeting in December is considered the annual business meeting of the Department, at which are made the reports of its committees and officers, as required by these regulations, and at which, also, the election of officers for the ensuing year takes place.

List of Officers for 1872.

<i>Director,</i>	W. S. W. RUSCHENBERGER, M.D.

Odontographic Society of Pennsylvania.

ORGANIZED MAY 19, 1863.

This Society was instituted with the view of promoting professional and social intercourse among dental practitioners, and to encourage a disposition for investigation on their part in every direction which relates to the principles and practice of the profession or collateral sciences. The Society consists of active, corresponding, and honorary members. Stated meetings are held on the first Wednesday of each month, at 8 o'clock P.M., at the Philadelphia Dental College, No. 108 N. Tenth Street. The transactions of the Society are published in book form, and those of the first three years embraced a volume of about 350 pages, with a number of illustrations.

Officers.

<i>President,</i>	Dr. THOS. C. STELLWAGEN.
<i>1st Vice-President,</i>	J. L. EISENBREY.
<i>2d Vice-President,</i>	J. McCALLA.
<i>Recording Secretary,</i>	ALONZO BOICE.
<i>Corresponding Secretary,</i>	W. F. LITCH.
<i>Treasurer,</i>	E. H. NEALL.
<i>Librarian and Curator,</i>	J. W. WUNDERLICH.

Executive Committee.—Drs. J. H. M'QUILLEN, J. L. EISENBREY, and E. H. NEALL.

The New Sydenham Society of London.

Honorary Local Secretary.—Dr. RICHARD J. DUNGLISON,
Box 2386, Philadelphia P. O.

Agents, Lindsay & Blakiston, 25 South Sixth Street, Philadelphia.

Subscription \$10 per annum.

SECTION II.

MEDICAL SCHOOLS AND KINDRED INSTITUTIONS.

University of Pennsylvania,

NINTH STREET ABOVE CHESTNUT.

This Institution was organized in 1749, and received its present charter in 1766. It is in the hands of twenty-five Trustees, its corporators, of whom the Governor of the State is *ex officio* President. The Medical Department, with which alone we are here concerned, is supported by the fees paid by students attending its Lectures. It is under the control of the Medical Faculty.

The Session for the Medical Lectures begins on the second Monday in October, and ends early in March ensuing.

The Commencement for conferring the degree of Doctor of Medicine is held, by a special mandamus of the Board of Trustees, during the month of March.

Each candidate for the degree of Doctor of Medi-

cine must have attained the age of twenty-one years, have applied himself to the study of Medicine for three years, and been during that time the private pupil for two years, at least, of a respectable practitioner of Medicine. He must also have attended two complete courses of the following Lectures in this Institution:—

Theory and Practice of Medicine,
Anatomy,
Materia Medica and Pharmacy,
Chemistry,
Surgery,
Obstetrics and the Diseases of Women and Children,
Institutes of Medicine.

Medical students who have attended one complete course in a respectable Medical School, where the attendance on two complete courses is necessary to a degree, where the same branches are taught as in this, and which is placed upon the *ad eundem* of this school, are permitted to become candidates by an attendance here for one full course; the rules of graduation being in other respects observed. They are also exempted from the payment of fees upon attending a second term.

Graduates of Medical Schools on the *ad eundem* list, by attending one complete course in this Institution, and complying with the regulations, are put upon the same footing with students who have attended two complete courses here—that is, they may present themselves as candidates for graduation; also, if they attend a second time, the tickets will be free

Such graduates, if of five years' standing, are permitted to attend the course of Lectures, upon a general ticket of admission, free of expense, except the cost of the matriculating ticket. But this general ticket does not qualify for graduation.

Expenses.

Fees for the Course of Lectures	\$140
Matriculating Fee (paid once only)	5
Graduating Fee	30

The Committee of the Trustees on the Department of Medicine are empowered to give annually gratuitous admission to six students who have attained the age of eighteen years, are of studious habits, and sufficient literary acquirements, who present respectable testimonials of good moral character, and whose circumstances do not enable them to pay the expenses of admission to said Lectures.

Applications should be addressed, under seal, to the above Committee, to the care of Cadwalader Biddle, Secretary of the Board of Trustees, No. 210 South Fourth Street, Philadelphia, at any time before the third Monday in September, postage paid. On that day the Committee open and decide on the applications and testimonials of candidates, whose names will not be disclosed by the Committee.

CLINICAL INSTRUCTION.

Ample means of teaching Clinical Medicine and Surgery, and the Diseases of Women and Children,

are presented in the University and in the various Hospitals and Dispensaries of the city.

University Clinics.

University Dispensary.—The Dispensary of the University is open daily, and largely attended by patients, who are prescribed for throughout the year; it affords an additional opportunity by which each student may acquire skill in the diagnosis and treatment of disease.

Surgical Wards.—For the accommodation of such patients as require it, two Surgical Wards, with proper attendants, are provided in the College Building, so that capital operations, as lithotomy, amputation, etc., are frequently performed, and subsequently dressed and prescribed for, in the presence of the class.

Practical Anatomy.—The Dissecting Rooms are open in the University throughout the year (except July and August), under the superintendence of the Professor of Anatomy and the Demonstrator. As dissection is now legalized in Pennsylvania, the cost of material is very small.

Practical Surgery.—The Operating Room is open during the session, under the supervision of the Professor of Surgery and his assistants. The application of Bandages, the treatment of Fractures, and all Surgical Operations, can be here practised by each student upon the cadaver. Instruments, splints, and bandages are supplied free of cost.

Trustees.

The Governor of Pennsylvania,

Ex officio President of the Board.

Rev. Henry J. Morton, D D.,	Alexander Henry,
René La Roche, M.D.,	Rt. Rev. W. Bacon Stevens, D.D.,
John C. Cresson,	John Ashhurst,
Frederick Fraley,	William Sellers,
George W. Norris, M.D.,	N. B. Browne,
Adolph E. Borie,	Rev. Richard Newton, D.D.,
David Lewis,	Eli K. Price,
Rev. Chas. W. Schaeffer, D.D.,	J. Rodman Paul, M.D.,
William Strong,	J. Vaughan Merrick,
John Welsh,	Fairman Rogers,
Peter McCall,	Henry C. Lea,
Geo. B. Wood, M.D., LL.D.,	E. R. Beadle, D.D.

CADWALADER BIDDLE, Secretary and Treasurer.

Medical Faculty.

Dr. GEORGE B. WOOD, Emeritus Professor of Theory and Practice of Medicine.

HUGH L. HODGE, Emeritus Professor of Obstetrics and the Diseases of Women and Children.

JOSEPH CARSON, Professor of Materia Medica and Pharmacy.

ROBERT E. ROGERS, Professor of Chemistry.

JOSEPH LEIDY, Professor of Anatomy.

FRANCIS G. SMITH, Professor of Institutes of Medicine.

RICHARD A. F. PENROSE, Professor of Obstetrics and the Diseases of Women and Children.

ALFRED STILLÉ, Professor of Theory and Practice of Medicine, and of Clinical Medicine.

D. HAYES AGNEW, Professor of Surgery.

H. LENOX HODGE, Demonstrator of Anatomy.

CLINICAL LECTURERS.

Dr. WILLIAM PEPPER, Lecturer on Clinical Medicine.

JAMES TYSON, Clinical Lecturer on Microscopy and Chemistry,
applied to Diseases of the Urinary Organs.

WILLIAM GOODELL, Clinical Lecturer on Diseases of Women
and Children.

LOUIS A. DUHRING, Clinical Lecturer on Dermatology.

Drs. GEORGE STRAWBRIDGE, WILLIAM F. NORRIS, Clinical Lec-
turers on Diseases of the Eye and Ear.

Dr. JAMES E. GARRETSON, Clinical Lecturer on Surgical Diseases
of the Mouth.

R. E. ROGERS, *Dean.*

W. H. SALVADOR, Janitor.

AUXILIARY FACULTY OF MEDICINE.

Dr. HARRISON ALLEN, Professor of Zoology and Comparative
Anatomy.

HORATIO C. WOOD, Jr., Professor of Botany.

FERDINAND V. HAYDEN, Professor of Mineralogy and Geology.

HENRY HARTSHORNE, Professor of Hygiene.

JOHN J. REESE, Professor of Medical Jurisprudence, including
Toxicology.

The branches of Natural History, forming the sub-
jects of the three Professorships first named, will be
taught mainly in reference to their medical relations.

All students who have matriculated in the Medical
Department, and have taken the tickets of two of the
Medical Faculty, have the right of admission to the
lectures. Attendance upon these lectures is not com-
pulsory upon the students in the Medical Department.

The several courses will each consist of at least
thirty-four lectures, to be delivered, at hours fixed by

the Faculty, three times a week during the months of April, May, and June, commencing on the last Monday in March, and ending on the last Saturday in June.

The Degree of Doctor of Philosophy will be conferred upon those medical graduates who shall have attended two courses of lectures, and have passed a satisfactory examination thereon by the Faculty. To such, a Diploma will be granted by the University.

SUMMER MEDICAL ASSOCIATION OF THE UNIVERSITY.

Clinical Surgery,	Prof. D. HAYES AGNEW.
Practical Chemistry,	ROBERT E. ROGERS.
Regional Anatomy,	Dr. H. LENOX HODGE.
Clinical Medicine and Physical	
Diagnosis,	WILLIAM PEPPER.
Microscopy,	JAMES TYSON.
Diseases of Women and Children,	WILLIAM GOODELL.
Surgical Diseases of the Mouth,	JAMES E. GARRETSON.
Diseases of the Eye and Ear,	WILLIAM F. NORRIS.
	GEO. STRAWBRIDGE.
Diseases of the Skin,	LOUIS A. DUHRING.
Morbid Anatomy,	JOSEPH G. RICHARDSON.

Lectures on the above subjects are delivered by the members of the Summer Association annually, during the months of April, May, and June, September, and the early part of October.

These Lectures are free to all matriculants of the University, upon registering their names with the Secretary of the Association, who will furnish them with tickets.

Two Prizes of One Hundred Dollars each will be awarded to the members of the Graduating Class of

1872-73 for the two best Essays upon Medical subjects, provided such Essays are of sufficient merit to be worthy of publication.

One of these prizes has been instituted by the Society of the Alumni of the Medical Department of the University.

The other has been authorized by a liberal friend of the University, a member of the Board of Trustees.

Anatomical Prize.—A “Gold Medal” will be awarded by the Demonstrator of Anatomy to that student who shall exhibit the greatest diligence, care, and skill in the practical study of Anatomy.

The names of those successful in securing the prizes will be announced at the Annual Commencement of the Medical Department.

Examinations in connection with the lectures at the Medical Department of the University are given by the following gentlemen:—

Drs. Ashbridge, Bertolet, Porter, and E. Richardson.—Room, 15 S. 9th St.

Drs. Githens, Curtin, Willard, Jenks, and Cheston.—Room, Chant St.

Drs. Tyson, Wood, Hunter, H. Norris, Hare, and Goodell.—Room, Jayne St. Med. Institute.

Drs. Bernardy, Clark, Collins, and Merklein.—Room, 909 Chestnut St.

Private courses of lectures are given as follows:—

Dr. W. Pepper, on Medical Diagnosis.

Dr. Willard, on Operative Surgery and Bandaging.

Drs. W. F. Jenks, H. Williams, and J. G. Allen, on Obstetrics.

Dr. Duhring, on Skin Diseases.

Drs. W. F. Norris, G. Strawbridge, Levis, Harlan, and Thomson,
on the Eye.

Drs. Keyser and Collins, on the Eye and Ear.

Dr. Bertolet, on the Larynx

Dr. J. G. Richardson, on Microscopy.

Drs. Tyson and Hare, on Microscopy and Chemistry.

Society of the Alumni of the Medical Department of the University of Pennsylvania.

Officers for 1872-73.

<i>President,</i>	GEO. B. WOOD.
<i>Vice-Presidents,</i>	JOSEPH CARSON, GEO. W. NORRIS, SAMUEL H. DICKSON,* WILMER WORTHINGTON.
<i>Corresponding Secretary,</i>	JEROME LONGENECKER.
<i>Recording Secretary,</i>	HORACE Y. EVANS.
<i>Treasurer,</i>	ROBERT E. ROGERS.

Executive Committee.

Hiram Corson,	D. Murray Cheston,
Richard M. Cooper,	Horace B. Hare,
Edward Hartshorne,	William F. Norris,
Lewis D. Harlow,	Thomas J. Yarrow,
William Hunt,	J. B. Howard Gittings,
Andrew Nebinger,	W. Furness Jenks,
John H. Packard,	Charles D. Nancrede,
H. Lenox Hodge,	Charles H. Merklein,
James Tyson,	Louis Starr,
William Pepper,	Lawrence B. Hoff.

Orator for the Annual Meeting of 1873, Prof. Alfred Stillé.

* Deceased.

Jefferson Medical College

Was chartered April 7, 1826, as a branch of Jefferson College, Canonsburg, Pa.; created a separate and independent body corporate, under the name, style, and title of "The Jefferson Medical College of Philadelphia," with the same powers and restrictions as the University of Pennsylvania, April 12, 1838.

Its funds are derived from the fees paid by the students attending the lectures.

The college building is situated in Tenth Street, above Walnut, and contains, besides the lecture-rooms, wards fitted up for the accommodation of patients operated on at the surgical clinics, an extensive pathological museum, and a dissecting-room. The last session was attended by 395 matriculates, 114 of whom received the degree of Doctor of Medicine at the public commencement in March, 1872. The total number of graduates is 6052.

Regulations.—The session commences on the second Monday of October.

The examinations are so arranged as to permit the commencement for conferring degrees to be held as early in March as is practicable. There is likewise an examination of candidates for graduation during the first week of July. The degrees are conferred on the candidates who are successful at this examination, at the annual commencement following.

The candidate must be of good moral character, and at least twenty-one years of age. He must have attended at least two full sessions of lectures in some

regular and respectable medical school, one of which, the last, shall have been in this College, and must exhibit his tickets, or other adequate evidence thereof to the dean of the Faculty.

He must have studied medicine for not less than three years, and have attended at least one course of clinical instruction in an institution approved by the Faculty. He must present to the dean of the Faculty a thesis of his own composition, correctly written, and in his own handwriting, on some medical subject; and exhibit to the Faculty, at his examination, satisfactory evidence of his professional attainments.

The degree will not be conferred on any candidate who absents himself from the public commencement without the special permission of the Faculty.

The hours of attendance at the clinics of this College, held during the winter, spring, and autumn, are so arranged as to permit the students to attend the clinics at the Pennsylvania Hospital and the Philadelphia Hospital.

Fee to each Professor, \$20—in all \$140.

Trustees.

Hon. Edward King, LL.D.,	Anthony J. Drexel,
Hon. Jesse R. Burden, M.D.,	George W. Fairman,
T. S. Smith,	Joseph Patterson,
E. B. Gardette, M.D.,	George W. Childs.
Gen. Charles M. Prevost,	—
Hon. J. Thompson,	Hon. Edward King, LL.D.,
Hon. Henry M. Phillips,	<i>President.</i>
Hon. George W. Woodward,	George W. Fairman,
Hon. James R. Ludlow,	<i>Secretary.</i>
Hon. James Campbell,	

a.

Professors.

Dr. JOSEPH PANCOAST, General, Descriptive, and Surgical Anatomy.

SAMUEL D. GROSS, Institutes and Practice of Surgery.

ELLERSLIE WALLACE, Obstetrics and Diseases of Women and Children.

B. HOWARD RAND, Chemistry.

JOHN B. BIDDLE, Materia Medica and General Therapeutics.

J. AITKEN MEIGS, Institutes of Medicine, etc.

J. M. DACOSTA, Practice of Medicine.

B. HOWARD RAND, *Dean.*

WILLIAM H. PANCOAST, Demonstrator of Anatomy.

T. H. ANDREWS, Curator of the Museum.

WM. S. LEFFMAN, *Janitor.*

Summer Lectures.—To add to the many facilities afforded to the student who may be able to attend in the interval between the winter course of lectures, a summer course has been instituted, which is conducted by members of the Faculty and others. The course begins early in April, and continues, with a recess in July and August, until the commencement of the winter session. The clinical department is illustrated at the College, Wills Hospital, the Philadelphia and Pennsylvania Hospitals, by members of the Association, during their terms of service at these institutions.

The course is of a practical character, and embraces important specialties in medicine and surgery, but does not count as a "session" of lectures.

Clinical Surgery,	Prof. GROSS.
Clinical Obstetrics,	WALLACE.
Medical Jurisprudence and Toxicology,	RAND.
Materia Medica and Therapeutics,	BIDDLE.
Nervous Diseases,	MEIGS.
Clinical Medicine,	J. M. DACOSTA.
Visceral and Surgical Anatomy,	Dr. W. H. PANCOAST.
Operative and Minor Surgery,	J. H. BRINTON.
Ophthalmic and Aural Surgery,	R. J. LEVIS.
Venereal and Cutaneous Diseases,	F. F. MAURY.
Pathological Anatomy,	W. W. KEEN.
Surgical Diseases of the Genito-Urinary Organs,	S. W. GROSS.
Laryngoscopy and Diseases of the Throat and Chest,	J. SOLIS COHEN.
Insanity,	I. RAY.
Chemistry and Pathology of the Urine,	J. E. LOUGHLIN.

Fee for the course \$35, for non-matriculantes.

Registration Fee, \$5.

For further information as to the Summer Course, apply at the College, or at No. 1218 Walnut Street, to

F. F. MAURY,

Secretary of the Summer Association.

The following gentlemen are associated together for the purpose of giving examinations in connection with the lectures delivered at the Jefferson Medical College:—

Drs. T. H. Andrews, F. F. Maury, S. W. Gross, and R. M. Townsend.

Drs. J. A. McArthur, H. Leaman, W. H. Warder, W. H. Webb.

Dr. J. E. Mears.

Drs. Keen, Getchell, Allis, Rex, and Leffman.

Examinations in connection with the lectures in the Jefferson Medical College are held by the following gentlemen:—

Drs. Andrews, Townsend, and Deal.—Room, Butler's Avenue, at the rear of the College.

Drs. Keen, Allis, Rex, Leffman, Getchell, and Loughlin.—Room, Philadelphia School of Anatomy, Chant Street.

Drs. Warder, McArthur, Leaman, Hatfield, and Webb.—Room, 1004 Medical Street, south of the College.

Private courses of lectures are given as follows:—

Dr. W. W. McClure, on the Eye, at the Chant Street Lecture-room.

Dr. R. M. Bertolet, on the Larynx, at 920 Chestnut Street.

Dr. Herbert Norris, on Diseases of the Chest and Larynx, at 313 S. 18th Street.

Dr. Joseph G. Richardson, on Microscopy, at 1620 Chestnut St.

Dr. J. G. Allen, on Obstetrics, at 126 North 11th Street.

Dr. Lemuel J. Deal, on the Chemical and Microscopical examination of the Urine, at 1103 Vine Street.

Dr. J. Ewing Mears bestows special attention upon Candidates for the Medical Service of the Army or Navy.

Philadelphia School of Anatomy,

CHANT STREET, TENTH STREET ABOVE CHESTNUT.

(Opposite the Mercantile Library.)

The following Courses of Lectures will be delivered in this Institution during the Winter Session of 1872-73:—

I. Anatomy,	By Dr. W. W. KEEN.
II. Operative Surgery,	W. W. KEEN.
III. Bandaging, Fractures, and Fracture Dressings,	O. H. ALLIS.
IV. Physical Diagnosis,	O. P. REX.

The Winter Course of Lectures on Anatomy will begin on Tuesday, October 8th, 1872, at 7 o'clock P.M., and will continue until the end of February, 1873.

A Systematic Course of Lectures on Descriptive and Surgical Anatomy will be delivered on Mondays, Tuesdays, Wednesdays, and Fridays, at 7 o'clock P.M., illustrated by Dissections, Models, Drawings, etc. The Microscopic Anatomy of the various tissues will be shown by the Class Microscope.

Dissection will be carried on under the personal supervision of the Assistant Demonstrators of Anatomy. The Dissecting Room will be open during all the year, except July and August, with abundant material.

Assistant Demonstrators.

Dr. Wm. Ashbridge,
Francis Ashhurst,
Wilson Buckby,
A. L. Leach,

Dr. Jas. Markoe,
W. G. Porter,
E. R. Stone.

Fee for the Course of Lectures, \$10.

For further information apply to the Janitor at the Rooms, or to

W. W. KEEN, M.D.,
1729 Chestnut Street (3 $\frac{1}{4}$ -5 P.M.).

The Philadelphia College of Pharmacy,

145 NORTH TENTH STREET,

Was incorporated in 1822, "for the purpose of cultivating, improving, and making known a knowledge of Pharmacy, its collateral branches of science, and the best modes of preparing medicines and their compounds; and of giving instruction in the same by public lectures." (*Preamble to Charter.*)

Its officers are a President and two Vice-Presidents, a Corresponding Secretary, a Recording Secretary, and Treasurer, elected annually; who, with sixteen Trustees, eight of whom are elected in March and eight in September, constitute a Board for the control of the affairs of the College.

It is supported by the initiation fees and contributions of its members; the school connected with it by the fees paid by students.

The members of the College are active, honorary, and correspondent. Any graduate in Pharmacy, conforming in his professional conduct to the code of ethics, may be elected a member by the Board of Trustees. Non-graduates who have served a regular apprenticeship, and conforming as above, may in like manner be elected after passing an examination before a Committee; or, after being established in business for at least six years, may be elected.

The initiation fee is five dollars; the annual contribution is also five dollars.

The honorary members are elected by the College,

on the recommendation of four members; they are "such persons as, from their knowledge of *Materia Medica*, Pharmacy, and their collateral branches of science, shall in the opinion of the College merit that distinction."

Correspondent and honorary members have the same privileges as resident members, except that they have no right to vote or to hold office in the institution.

Every member of the College, on payment of two dollars, is entitled to a certificate of membership, to be returned on his ceasing to be a member.

The School of Pharmacy is under the control of the Board of Trustees, who appoint Professors to lecture on *Materia Medica*, Chemistry, Theory and Practice of Pharmacy, and other branches of science; also a Committee on Examinations, who, in conjunction with the Professors, decide as to the fitness of candidates for the degree. Upon the recommendation of the Committee, the Board may, by vote, confer the degree of Graduate in Pharmacy.

Business meetings of the College are held on the last Mondays in March, June, September, and December; pharmaceutical meetings, on the third Tuesday in every month from October to May.

The members and graduates of the College are entitled to attend and participate in the proceedings, and to bring with them any strangers interested in Pharmacy and its kindred sciences.

Contributions of rare and curious products are solicited, as also original papers, designed for publication or otherwise, the object being to excite and keep

alive, among all who participate in the meetings, an interest in the progress and improvement of the science and art of Pharmacy.

A journal of such transactions of the College as may be ordered for publication, of original essays and of selections from scientific periodicals and books, is published monthly. It is called *The American Journal of Pharmacy*. Professor J. M. Maisch is the editor.

The branches taught in the School of Pharmacy are General Chemistry, Practical Pharmacy, and Materia Medica. Two lectures on each branch are delivered every week, from the first of October to the first of March; thus making a full five months' course. The lecture nights are Monday, Wednesday, and Friday; and two lectures, one at 7 o'clock and one at 8 o'clock, are delivered upon each.

The class in attendance during the session of 1871-72 numbered 248; of whom 62 took the degree of Graduate in Pharmacy at the Commencement held in March, 1872.

A Laboratory for practical instruction in Chemistry and Pharmacy was opened in 1870, and placed under the superintendence of Professor Maisch. The laboratory is open daily (Sundays excepted) from 9 o'clock A.M. to 1 P.M. The number of students engaged in the laboratory during 1871-72 was 35.

Qualifications for Graduation.—Every person upon whom a diploma of this College shall be conferred, must be of good moral character, must have arrived at the age of twenty-one years, have attended two courses of each of the lectures delivered in the College,

or one course in the College, and one course in some other respectable college of pharmacy; or when there is no such college organized in his locality, in some other respectable (medical) institution in which the same branches are taught; and have served out an apprenticeship of at least four years, with a person or persons qualified to conduct the drug or the apothecary business; at least three years and three months of which must have expired before the examination—of which circumstance he must produce sufficient evidence to the Board of Examiners.

He shall also be required to produce an original dissertation, or thesis, upon some subject of the materia medica, pharmacy, chemistry, or one of the branches of science immediately connected therewith, which shall be written with neatness and accuracy. The thesis, with the evidence of apprenticeship and diploma fee, shall be deposited with the senior professor of the school, on or before the first of February of the session in which the application shall be made. He must also be recommended in writing by the Committee of Examination and the Professors jointly, and if his application be finally approved of by the Board of Trustees, he shall receive the diploma of the College.

Fees.

For each Course of Lectures	\$12 00
Matriculation Fee (paid but once)	4 00
Graduating Fee	10 00
For Laboratory instruction, according to the time spent.	

FACULTY.

ROBERT BRIDGES, M.D., Professor of Chemistry.

WILLIAM PROCTER, Jr., Professor of Theory and Practice of Pharmacy.

JOHN M. MAISCH, Professor of Materia Medica and Botany.

Officers.

President, DILLWYN PARRISH.

Vice-Presidents, WILLIAM PROCTER, Jr., ROBERT SHOEMAKER.

Rec. Sec'y, CHARLES BULLOCK, 526 Arch St.

Cor. Sec'y, ALFRED B. TAYLOR, 1015 Chestnut St.

Treasurer, S. S. BUNTING, Spruce and 10th Sts.

Board of Trustees.

The officers of the College, *ex officio*, and

Robert Bridges, M.D., *Ch'n*,

Alfred B. Taylor,

Thomas S. Wiegand,

James T. Shinn,

Charles L. Eberle,

William J. Jenks,

Wilson H. Pile, M.D.,

Henry N. Rittenhouse,

Howard B. French,

Wm. McIntyre,

Daniel S. Jones,

William C. Bakes, *Sec'y*,

T. Morris Perot,

John M. Maisch,

Samuel S. Bunting,

S. Mason McCollin.

Philadelphia Dental College,

108 AND 110 NORTH TENTH STREET.

Chartered by the Legislature of Pennsylvania, April 23, 1863.

This Institution was established by the private enterprise of the first members of the Faculty. The fees of the students in attendance upon the lectures are its only source of support.

The Dispensary and Laboratory of the College are open all the year round, and preliminary lectures delivered daily from September 1, until the regular Session of the Institution commences. This begins on the first of November, and continues until the close of the ensuing February.

With the view of combining theoretical and practical instruction, *three* hours of each day are devoted to attendance upon the lectures, which are amply illustrated from the museum by valuable anatomical (comprising a rare collection of specimens in human and comparative anatomy, papier maché manikins, models in wood, drawings, wet and dry preparations), pathological, and mineralogical specimens, and the philosophical and chemical apparatus of the incumbents of the various chairs; vivisections on the lower animals, and the microscopic examination of the various tissues, are also made use of. In addition to the lectures, *four* hours are spent in *actual practice* by the students, under the supervision of the Demonstrators.

CLINICAL INSTRUCTORS.—In addition to the regular course, a series of *Clinical lectures* and *demonstrations* will be given by a number of gentlemen well known in the profession. Fully appreciating the wants and aspirations of young practitioners, these gentlemen are peculiarly well fitted to give them practical suggestions, which, if strictly followed, will prove an important element of success in life. The Faculty have the pleasure of stating that, in addition to the regular board of Clinical Instruction presented in the annual announcement, Professors Robert Arthur, Jas. E. Garretson, and C. N. Pierce have promised to deliver a certain number of clinical lectures to the students.

The DISPENSARY is furnished with forty well-constructed and comfortable operating chairs, so arranged as to command the best light. To these the students are assigned in regular order by the Demonstrator. Each student has a table and separate drawer for his instruments, which, with the exception of those to be used in extracting teeth, he is expected to procure.

The LABORATORY is a large, comfortably warmed and well-lighted room, having the most thorough and complete appliances for the construction of everything which properly pertains to mechanical dentistry. The work-benches (65 in number), lathes, furnace, forge, rolling-mill, vulcanizers, etc., are all of the most substantial and practical character, and in *working* condition.

A sufficient number of patients present themselves at the clinic to insure the acquirement of a wide expe-

rience on the part of the students, while every opportunity is afforded in the dispensary and laboratory for obtaining a practical knowledge of operative and mechanical dentistry. The services rendered are gratuitous.

Qualifications for Graduation.—The candidate must be of good moral character, and not less than twenty-one years of age. He must have had two years' private tuition, and have attended two full courses of lectures in a respectable dental or medical college, one of which shall have been in this institution; but written evidence of having had five years' practice in dentistry, inclusive of pupilage, will be regarded as equivalent to one course of lectures. He must present to the Dean a thesis on some subject relating to dental theory or practice; demonstrate to the Professor of Operative and Mechanical Dentistry his ability to perform dental requirements in these departments; deposit a specimen of mechanical dentistry, made by him in the institution, in the museum of the College; and submit to an examination by the faculty, upon which, if found competent, he shall receive the degree of Doctor of Dental Surgery.

S. W. corner 21st and Arch Streets, Phila.

Pennsylvania College of Dental Surgery.

SOUTHEAST CORNER OF TENTH AND ARCH STREETS.

This Institution was chartered in 1852, and assumed its present organization in 1856.

Preliminary Lectures and Instructions.—The Dispensary and Laboratory of the College are opened on the 1st of September. During September and October preliminary lectures are delivered. In this month, as well as through the entire session, a clinical lecture is given, and operations performed by one of the professors every Saturday afternoon.

The regular session commences on the first Monday in November, and continues until the first of March ensuing. The course is so arranged that about eighteen lectures are delivered each week on the various branches taught in the College.

Clinical Instruction.—In addition to which, with the exception of Saturday, four hours are daily spent by the student in actual practice under the supervision of the Demonstrators.

The Operative Department.—To afford every facility to the student in acquiring a thorough practical knowl-

edge of this branch, the operating rooms are furnished with thirty-eight chairs, so arranged as to command the best light, and are provided with all the appliances for comfort and use. To these chairs the students are assigned in classes, and certain hours are fixed for each member of the class to operate.

The Mechanical Department.—In the Laboratory are all the conveniences for the preparation of the metals, manufacture of teeth, single and block, mounting, etc. Every process known in the profession, which has any value to the mechanical dentist, is fully taught, and receipts of valuable compounds are freely imparted. The student is required to go through all the necessary manipulations connected with the insertion of artificial teeth—from taking the impression of the mouth to the entire construction of the denture, and its proper adjustment in the mouth of the patient.

Fees.

Matriculation (paid but once)	\$5 00
For each Course (Demonstrator's ticket included)	100 00
Diploma	30 00

Qualifications for Graduation.—The candidate must be twenty-one years of age. He must have studied under a private preceptor at least two years, including his course of instruction at the College. Attendance on two full courses of lectures in this institution will be required, but satisfactory evidence of having attended one full course in any respectable dental or medical school will be considered equivalent to the first course of lectures in this College. Also,

satisfactory evidence of having been in practice five years, inclusive of term of pupilage, will be considered equivalent to the first course of lectures.

The candidate for graduation must prepare a thesis upon some subject connected with the theory or practice of dentistry. He must treat thoroughly some patient requiring all the usual dental operations, and bring such patient before the Professor of Operative Dentistry. He must also take up at least one artificial case, and after it is completed, bring his patient before the Professor of Mechanical Dentistry. He must also prepare a specimen case to be deposited in the college collection. The operations must be performed, and the work in the artificial case done, at the college building. He must also undergo an examination by the faculty, when, if found qualified, he shall be recommended to the Board of Trustees, and, if approved by them, shall receive the Degree of Doctor of Dental Surgery.

School of Analytical and Applied Chemistry in the Polytechnic College of the State of Pennsylvania.

MARKET STREET, WEST OF SEVENTEENTH.

Designed to afford facilities for acquiring a thorough knowledge of the science, which shall equal in appointments, cheapness, and thoroughness of instruction, those of European laboratories. Gentlemen may enter whenever there is a vacancy, and pursue any of the following courses, viz: Qualitative Analysis, Quantitative Analysis, Determinative Mineralogy, Assaying, Metallurgy, Practical Pharmacy, Toxicology, the Examination of Healthy and Morbid Animal Fluids, etc.

Students receive individual attention, and enjoy all the privileges of the school during the entire daily session, including that of attending the College Lectures on chemical subjects.

Medical students and practitioners will find rare opportunities for attaining a practical knowledge of those branches of Chemistry more especially pertaining to their profession. Apply to

ALFRED L. KENNEDY, M.D.,
Prof. Chemistry.

SECTION III.

HOSPITALS.

The Pennsylvania Hospital.

This venerable Institution was founded in 1750, and chartered in 1751, the incorporators being styled "The Contributors to the Pennsylvania Hospital." Dr. Franklin, then a member of the Provincial Assembly, greatly aided in the benevolent scheme. The Hospital derives its support from voluntary contributions; some of the patients pay board, but the amount so received is trifling compared with the expenditures. It is situated on the square between Eighth and Ninth, and Spruce and Pine Streets, the entrance being on Eighth Street.

The Contributors (who become such on the payment of ten pounds, or upwards, to the Institution) meet annually on the first Monday in May, to elect a Board of twelve Managers and a Treasurer. These Managers have charge of the affairs not only of the Hospital in the city, but also of that for the insane in West Phila-

delphia. They elect all the officers except the Treasurer.

The Medical Staff of the Hospital in town consists of four Attending Physicians, four Attending Surgeons, and three Resident Physicians—two in the surgical wards, and one in the medical. The term for each resident is eighteen months. An apothecary lives in the house, and has charge of the preparation and dispensing of medicines. All of these gentlemen, except the last named, render their services gratuitously. Two of the surgeons are on duty at a time, for a term of six months; the physicians serve singly for periods of three months. Each physician and surgeon pays a daily visit in the forenoon. Clinical lectures are delivered by them in the amphitheatre, from 10 A.M. to 12 M. on Wednesdays and Saturdays, and to a class of females on Tuesdays.

Each physician and surgeon of the Hospital has the privilege of introducing not exceeding eight of his pupils at one time, to observe the practice of the Hospital, and have the use of the Library, subject to the regulations of the attending Managers.

The Library contains between twelve and thirteen thousand volumes, and is accessible to students and physicians on payment of three dollars per annum, or twenty-five dollars for this right for life.

Admission and Discharge of Patients.—Persons accidentally wounded or otherwise injured are received at all hours, subject to such rules on the matter as the Managers may from time to time enact; provided always, that the accident or injury happen in Penn-

sylvania, and the patient is brought to the Hospital within twenty-four hours after its occurrence.

The number of patients to be admitted on the charity of the institution in this Hospital is now limited to eighty, exclusive of recent accidents as above.

These are distributed as follows:—

The men's medical ward is limited to twenty beds for poor patients.

The women's medical ward is limited to twenty-five beds for poor patients.

The men's surgical wards are limited to twenty-five beds for poor patients, exclusive of recent accidents.

The women's surgical ward is limited to ten beds for poor patients, exclusive of recent accidents.

Room must always be reserved in the surgical wards for the reception of cases of accident; and if these increase beyond the capacity of the wards, the number of other poor patients must be reduced in proportion.

The physician and surgeon on duty have the power of admitting poor or charity patients in their respective wards, to the numbers above respectively allotted to each ward, subject to the general rules governing the admission of patients into this Hospital. The admission in all cases must be by printed certificate of name, age, place of nativity, occupation, whether married or single, and of the disease—under the signature of the doctor admitting. Whenever practicable, the doctor admitting must also require security for the clothing of the patient, and for his or her removal

when discharged, from some friend or relation of the applicant, or refer the parties to the Steward for that purpose.

No person having any infectious or contagious disease can be admitted into the Hospital.

No person can be admitted on the charity of the institution whose case is judged to be incurable.

Pay patients may be admitted by the Steward, on the certificate of a Hospital physician, at the rates hereinafter established.

No person having a syphilitic disease, or mania-à-potû, can be admitted as a charity patient; the charge being fourteen dollars per week for the latter.

The lowest rate of board for pay patients is \$7 per week.

All pay patients are required to give good security for the payment of their board, or deposit at least a month's board in advance.

All patients are to be discharged as soon as they are cured; and all charity patients whose cases, after a reasonable time of trial, shall be judged incurable, are to be discharged.

Sailors who have had their wages taxed for the Hospital fund, are admitted, as to other hospitals, upon an order from the Collector of the Port.

The whole number of patients admitted since the establishment of the Hospital in 1752 to April 27, 1872, is 88,603, of whom 56,858 have been poor persons, supported during their stay, by the Institution. (Including the Insane Department, the former number is increased to 94,767.)

At the 122d annual meeting of this corporation, held May 6, 1872, the following contributors were elected to serve as Managers for the ensuing year:—

Managers.

Mordecai L. Dawson,	Wistar Morris,
John Farnum,*	Jacob P. Jones,
William Biddle,	Benjamin H. Shoemaker,
Alex. J. Derbyshire,	Alexander Biddle,
Samuel Mason,	Joseph B. Townsend,
Samuel Welsh,	Joseph C. Turnpenny.

John T. Lewis, *Treasurer.*

Mordecai L. Dawson, *President.*

B. H. Shoemaker, *Secretary.*

Officers appointed by the Managers:—

Steward: William G. Malin.

Matron: Mary D. Sharpless.

Clerk and Librarian: Alexander D. Stockton.

Apothecary: Jacob R. Hecker.

Physicians: John Forsyth Meigs, M.D., Jacob M. DaCosta, M.D., James H. Hutchinson, M.D., J. Aitken Meigs, M.D.

Surgeons: Addinell Hewson, M.D., William Hunt, M.D., Thos. George Morton, M.D., Richard J. Levis, M.D.

Resident Physicians: Wm. C. Cox, M.D., Arthur V. Meigs, M.D., Ewing Jordan, M.D.

Pathologist and Curator: Morris Longstreth, M.D.

Microscopist: Joseph G. Richardson, M.D.

A department for out-patients has recently been established by the Managers, and is open daily (Sundays excepted) from 10 to 11 A.M.

Physicians: Drs. Morris Longstreth, Joseph G. Richardson, and Joseph J. Kirkbride.

Surgeons: Drs. Charles T. Hunter, Thomas H. Andrews, Elliott Richardson, and H. Earnest Goodman.

The Pennsylvania Hospital for the Insane

Is under the same Board of Managers as the preceding, and its city office is at the Hospital in town, at 8th and Pine Streets. There are two departments of this Institution, the Male and Female, both under the same Physician-in-Chief, with one or more Assistant Physicians, a Steward, and a Matron, for each department. All these officers reside on the premises.

The buildings are situated between the Westchester and Haverford Roads, west of 42d Street, and are reached by the Market Street cars. The eastern one is devoted to female patients, the western, opened in 1859, to males.

Admission of Patients.—All classes of insane persons, without regard to the duration of the disease or to its curability, are admitted into this Institution. Idiots, however, it may be stated, are not received; and for the epileptic, a special agreement should be made.

Cases of mania-â-potû are not received into this Hospital; but into that in the city, *exclusively*.

Preparatory to the reception of a patient, it is necessary to arrange the rate of board, etc., with a member of the Board of Managers, and to furnish a certificate of the patient's insanity from two respectable graduates of medicine, duly acknowledged before a magistrate or judicial officer (as required by the laws of Pennsylvania), with a request from a near relative or friend that the individual may be received

into the Institution. A full and detailed history of each case is also particularly requested.

For the payment of board, and removal of a patient when discharged, security is always required from some responsible resident of the city of Philadelphia. Payment for board is always to be made quarterly in advance: and if the patient is removed *uncured*, before the expiration of the first three months, and contrary to the advice and consent of the Superintending Physician, board is always required for thirteen weeks; otherwise, the charge is only for the time actually passed in the Hospital, provided that time is more than four weeks.

Interest will be charged on bills not paid till after the expiration of the quarter.

Large chambers and private attendants can always be supplied, if desired by the friends of the patients.

A limited number of insane persons in indigent circumstances, whose cases are recent, and such as are believed to offer a fair chance of cure, may be admitted as patients by the Attending Managers for a period not exceeding three months for each case, and treated without any charge. If promising favorably, and on the recommendation of the Physician, the period may be extended at the discretion of the Board. Security for the removal of such patients when discharged, and for their clothing whilst in the Hospital, is required of some responsible resident of the city of Philadelphia, or its vicinity. The number of these patients is from time to time regulated by the Board of Managers, and is now fixed at forty-six.

Regulations for the Admission of Visitors.—The Board of Managers, recognizing the duty of shielding the insane from all improper exposure, and regarding their right of protection from the gratification of an idle curiosity on the part of strangers, as just as great, while residents of a hospital, as in their own dwellings, have adopted the following regulations for the admission of visitors:—

Visitors are not to be admitted before 10 o'clock A.M., after sunset, nor on the first day of the week. They are not to be admitted on the afternoon of Seventh day (Saturday) unless on special business with the Attending Managers, or with one of the officers of the house.

All parts of the Hospital *not occupied by patients* may be shown and explained during the hours for the admission of visitors.

No visitor, unless in company with a Manager, can be taken into the wards, without permission from the Physician to the Hospital, or in his absence, from the Assistant Physician; and when visitors are allowed to enter the wards, they must always be accompanied by one of these officers, by the Steward or Matron, or by some person delegated by the physician for the purpose.

As this Hospital cannot be allowed to become a resort for idle curiosity, it is hoped that the friends of patients, and all others, will carefully avoid prolonging their visits unnecessarily. And those employed in the care of the patients or in the domestic departments are to avoid inviting company to the Hospital.

Average number in the House, $191\frac{32}{3}$.

The average number of patients resident in the Hospital during the year was over 385.

The total number of patients treated for Insanity in the Pennsylvania Hospital, from its foundation in 1752, is, 10,961.

Letters relative to the admission of patients may be addressed to any of the Managers, or to Dr. Kirkbride, Pennsylvania Hospital for the Insane, Philadelphia; or, if specially for "the Department for Males," to Dr. S. Preston Jones.

Letters or small packages, for any of the officers or patients, may also be left at the Hospital gate, Eighth Street, between Spruce and Pine Streets, in the city of Philadelphia.

Entrance to the "Department for Males," on 49th Street, between Market and Haverford Streets.

Entrance to the "Department for Females," on Haverford Street, near 44th Street.

Officers of the Institution.

Physician-in-Chief and Superintendent: Thomas S. Kirkbride, M.D.

Department for Males.—First Assistant Physician: S. Preston Jones, M.D. Second Assistant Physician: Wm. H. Bartles, M.D. Steward: Joshua P. Edge.

Department for Females —Assistant Physician: Wm. P. Moon, M.D. Steward: Joseph Jones. Matron: Anne Jones.

Solicitor: Geo. W. Biddle, 208 S. 5th St.

Hospital of the Protestant Episcopal Church in Philadelphia.

2649 NORTH FRONT STREET.*

Founded July 18, 1851.

This is a general hospital, supported by interest from moneys invested (received by bequests or donations), contributions from churches and individuals for the maintenance of free beds, board paid by patients, together with Thanksgiving offerings, and annual and special contributions.

It is under the control of a Board of twenty-four Managers, besides the Protestant Episcopal Bishop of the Diocese, who is *ex officio* their President. The contributors, who become such by paying fifty dollars at one time into the treasury of the hospital, choose every year eight gentlemen, to serve as Managers for a three years' term.

The Board of Managers choose annually four Attending Surgeons and four Attending Physicians, to serve each for three months in his term. Four Resident Physicians, serving sixteen months each, and an Apothecary, constitute the rest of the Medical Staff. The two Junior Resident Physicians have charge of the Dispensary, under the direction of the Dispensary Staff, which consists of four physicians and four surgeons.

* Reached by the Fifth Street line of cars.

One ward, founded by bequest of Miss Grasby, and called the "Hannah Ward," is for the reception of patients with diseases of the chest; the receipts from the fund maintain at present ten patients.

Any individual or any church may, by the annual payment of two hundred and fifty dollars, acquire the right to one bed in the hospital, for a case, curable or incurable, provided that such case requires medical or surgical care, does not call for more than ordinary attendance, and is of such a nature as not to disturb the peace and quietness of the other patients. These beneficiaries are admitted upon orders from the parties maintaining the beds, or their agents.

Persons suffering from acute disease, not contagious or infectious, may be admitted by an order from the physician or surgeon on duty. "Recent accidents" are admitted at once, if brought to the hospital within twenty-four hours after the receipt of injury.

Sailors are admitted on the account of the Collector of the Port, as in other hospitals.

A large number of out-patients are prescribed for at the Dispensary, in the basement, daily (Sundays excepted), in the forenoon.

During the year 1871, seven thousand seven hundred patients were treated at the Dispensary.

The number of patients admitted to the hospital for treatment during 1871 was one thousand and two. At the date of the last report, one hundred and four patients were in the Hospital.

The whole number treated during this year is thus eleven hundred and three (1103).

List of Officers.

BOARD OF MANAGERS.

Philadelphia Hospital.

DARBY ROAD BELOW WALNUT STREET.

CITY OFFICE, 42 NORTH 7TH STREET.

This hospital is supported by the city, and, like the Almshouse, of which it is a department, is under the charge of the "Board of Guardians for the Relief and Employment of the Poor of the City of Philadelphia." It embraces medical, surgical, and obstetrical wards, together with a Children's Asylum. The Insane Hos-

pital is under the charge of a Medical Superintendent, with an assistant. The medical staff of the establishment comprises four surgeons, five physicians, four accoucheurs, eleven resident physicians, a recording clerk, a curator, and a microscopist.

Out-door relief is afforded to the poor upon application to the visitors of the various districts, or to any of the Guardians. For admission into the Almshouse application may be made at the city office, or at the institution itself (by the Darby cars on Walnut St.).

In order to exhibit the mode of working of this entire system, the following extracts from the rules adopted by the Board are given:—

Physicians and Apothecaries for the Out-door Poor.

At the request of a Guardian or Visitor, the physician for the district shall attend each and every case of whatever nature or kind it may be, that requires medical assistance. He shall direct the necessary medicines to be prepared by the apothecary of his district, and shall bleed whenever that operation is necessary.

The physician shall, when notified by a Guardian or Visitor, examine any applicant for relief, and give a certificate of the applicant's state of health, and ability to procure a livelihood.

The physician shall, immediately after the receipt of a Guardian or Visitor's order, visit the pauper, and continue to attend until the termination of the case; he shall make immediate written report to the Visitor of the district of such cases as, in his opinion, do not require public aid, and shall, once in every month, report to the Visitor the number and condition of the patients under his care during the past month.

Each physician shall annually report to the Board of Guardians, at the first stated meeting in July, a list of all the sick placed under his charge during the past year, in the prescribed form.

The out-door apothecaries shall furnish medicines from their own stock, in compounding and preparing the prescriptions ordered by the out-door physicians. The prescriptions shall be placed on a file, and at the expiration of each quarter, a bill with the vouchers shall be furnished to the apothecary of the house, who shall compute their value at wholesale prices, and submit the same to the Hospital Committee for approval, previous to their being presented to the Committee on accounts. It is to be understood that the profits paid to out-door apothecaries is a full consideration for services rendered, and the medicines furnished by them shall be at cost prices.

Upon any application for an order of admission into the Alms-house, or to an out-door physician for medical attendance, it shall be the duty of the Visitor to carefully examine into the case, and, if satisfied of its necessity, he may grant an order accordingly, reporting to the Board of Visitors all orders given for medical attendance, except cases of bastardy, which shall be referred to the out-door agent.

It shall be the duty of the Visitor, before giving an order for admission into the Institution of any person alleged to be insane, to require the certificate of two respectable physicians, who shall be qualified before any alderman that the person for whose admission the application is made is really insane,* and that restraint and medical treatment are necessary for his or her recovery, which certificate, with the order, shall be transmitted to the house agent; and he shall furthermore report such facts as he may be able to obtain, with regard to the patient's former life and habits, and the causes which led to his or her insanity.

It shall be the duty of the Visitor, when application is made to him for the interment of a poor person, to inquire into the necessity of the case; and should he judge it proper, he shall then give an order upon the out-door agent to provide for the burial.

Visitors shall ascertain whether there are any children relieved by them, or belonging to parents by them relieved, who have not been vaccinated, and if they find any such, they shall require that

* See the law on the subject of Insanity, in § VI.

application be made to the vaccine physician of the district, to have it done immediately; and if the parents or nurse should refuse or neglect to comply with the request, the temporary relief granted them shall be withheld.

The Visitors shall devote their whole time to the duties of their office, and they shall follow no other business or occupation without the permission of the Board.

Visitors shall have authority, after careful examination, to grant orders for sending to the asylum foundling and destitute children. Such orders shall specify the name and age of the child, and the names of the parents of such children, as far as can be ascertained, with other particulars of the case, and every order shall be accompanied by a certificate from some respectable physician, that the child is free from any contagious disease.

Rules and Regulations for Hospital and Insane Department.

The Hospital shall be called "The Philadelphia Hospital," and the Insane Department shall be called "The Insane Department of the Philadelphia Hospital."

No patient shall be placed in any of the medical or surgical wards of the Hospital, until he or she shall have been seen and examined by the attending, or resident physicians, and no person shall be admitted or confined in the Insane Department, unless the Resident Physician thereof shall first have certified that, on examination, the person for whose admission application is made is insane, or deprived of the use of his reason, and on that account is a suitable subject: and all such admissions shall also be subsequently examined by the Committee on Insane Department, and the necessary blanks shall be printed in accordance with the above Rule.

No pauper shall be employed as nurse in the Hospital, Insane Department, or Children's Asylum, and the committees having special charge of said departments are requested to employ persons for nurses of known integrity, and steady and temperate habits, and for a reasonable compensation.

No cooking shall be done in any of the wards of the Hospital or Insane department, and one principal cook shall be appointed for the kitchen in the men's, and another for the kitchen in the women's division, with a suitable number of assistants; the diet for each ward shall be fixed before nine o'clock A.M. of each day, in order to allow time for the preparation of the articles of diet, and no food shall enter the wards, except by the direct order of the physicians having charge of the wards.

The gates separating the yards of the different departments of the institution from those of the men's and women's Almshouses, shall be kept constantly closed and locked.

The keeper of the outside Hospital gate is directed not to suffer ingress or egress to any person, except a sick pauper, and the person accompanying, without a special order from a Guardian, attending Physicians of the Medical Board, Steward, or Matron.

The wines and liquors used for medical purposes in the Hospital Department shall be placed under the charge of the Storekeeper, and given out only on prescription from the attending Physicians of the medical department, and the Storekeeper is to keep a book to show the quantity and kind of liquor received and distributed by him, and lay the same before the Committee on Hospital, weekly.

The convalescent patients, and those afflicted with chronic diseases, shall not be permitted to visit the other paupers in the establishment, and all intercourse between the two classes is strictly prohibited.

With a view to uniformity and certainty in regard to medicines, all preparations of a standing kind shall be according to the formulæ of the United States Pharmacopœia.

All pauper patients in the Hospital or Insane Department, who are capable of performing labor, shall be sent daily to the House of Employment.

There shall be attached to the Hospital a drunkard's ward, for the reception of *mania-à-potû* cases, and such others as the attending Physician of the Medical Board shall direct.

Physician of the Insane Department.

The Physician of the Insane Department shall reside on the premises, and have, under the direction of the Committee on Insane Department, the charge and general supervision of that department; and every person and thing therewith connected, shall be subjected to, and at all times under his immediate control. He shall enforce all the rules and regulations, grant liberty to, and preserve strict order among the patients and assistants in his department. He shall suspend and report pauper assistants, who do not conduct themselves in an orderly, sober, and submissive manner, to the Steward for punishment. All persons under his charge receiving salary shall obey his orders.

He shall visit the patients morning and evening, and at other times when it may be necessary. He shall keep a register, in which the name, age, birthplace, habits, etc., of each patient, together with as full a history of his or her disease as can be obtained, shall be recorded.

It shall be his duty, whenever he deems it advisable, to request the attendance of the Consulting Physician or Surgeon of the Hospital.

He shall prevent any unnecessary use of medicines, and shall see that all medicines ordered for use in the wards, are securely kept by the nurses under lock and key, and administered personally by them, or by a reliable assistant, according to his directions.

He shall supervise the general diet of the Insane Department, and see that all necessary provisions are supplied; he shall rearrange the housekeeper's diet book at least once a month, and in order that the diet books shall always exhibit a fair statement of the diet of the wards, it shall be the duty of the Physician to write out, at large, the diet of the medical wards every day, and of the other wards every Tuesday and Friday, and revise and date these on the intermediate days.

He shall have power to grant liberty to such of the patients in the Insane Department as he may think proper (unless such

patients are debarred leave of absence), such liberty not to extend beyond one month.

He shall make a weekly report in writing to the Committee, of the names of all patients received during the preceding week, together with their birthplace, age, social condition, causes of insanity, and such other information as is attainable. He shall in like manner report the names and condition of those leaving the Institution.

In the month of January, of each year, he shall communicate to the Board of Guardians the number of patients who have been under treatment during the preceding twelve months; this statement shall be in tabular form, and give in detail the results of treatment, and it shall be accompanied by such observations and suggestions as in his judgment may seem called for.

No insane patient who has not a legal residence within the limits of the Poor District of the city of Philadelphia shall be admitted into the Insane Department of the Almshouse as a pay patient.

Medical Board.

The Medical Board of the Philadelphia Hospital consists of four Physicians, four Surgeons, and four Accoucheurs. They elect annually, by ballot, a President and a Secretary.

The Meetings of the Medical Board are *stated* and *special*; the former are held quarterly, and the latter at any time by a call of two members.

The Hospital is divided into three departments, viz., Medical, Surgical, and Obstetrical.

All the members of the Attending Medical Staff are on duty continuously, and visit the Institution at least four times in each week.

No capital operation may be performed contrary to the will of the patient; nor then, until a consultation of all the Surgeons shall be called, unless delay imperil the life of the patient, in which case the Surgeon on duty may dispense with a consultation.

No autopsy may be made without an order, signed by a majority

of the class of the Medical Board in whose department the death may have occurred, and countersigned by the Steward, or by the Chairman of the Hospital Committee.

Each Attending Officer may introduce four pupils to observe the practice of the Hospital.

At least one member of each Staff must meet the Hospital Committee at least once a month, for conference in regard to the Hospital Department.

Resident Physicians.

There shall be elected from time to time, semi-annually, at a stated meeting of the Board of Guardians, from the applicants recommended by the Medical Board, five Resident Physicians, who shall serve for fifteen months, from the time they begin their duties.

Every Resident Physician elect, before entering upon the duties of his office, must deposit the sum of one hundred dollars in the hands of the Treasurer, to be forfeited to the use and benefit of the Institution in case of dismissal or resignation, but to be returned to those who serve their full term in a satisfactory manner.

The Resident Physicians are provided with rooms, board, washing, fuel, and lights, in the Institution, under the direction of the Steward, free of expense.

Each department of the House has two Residents, who remain in each three months, and pass in rotation, as directed by the Medical Board; it being understood that the male and female medical wards are separate and distinct departments, to have each two Resident Physicians.

The Resident Physicians must visit their respective wards *twice* daily, morning and evening, at the hours designated by the Medical Attendant, and must so arrange among themselves that both of the Physicians in the same ward shall never be absent from the House at the same time.

No surgical operation, except such as may be designated by the Attending Surgeon, may be performed by the Resident Physicians,

nor may they employ any obstetrical instruments with a view to delivery unless under the supervision of the Accoucheur on duty.

It is the duty of the Residents to accompany the respective Medical Officers during their official visits to the Institution, and to be provided with ward books, furnished by the Board of Guardians, in which they shall carefully record all medical, dietetic, and other directions of the visiting Medical Attendant, under their appropriate heads.

The Residents attend alternately in the receiving ward, each having his day of service fixed, which may be determined among themselves, and no resident shall, under any excuse, leave the Hospital on his receiving day.

It is the duty of the Resident Physicians of each ward to make out a Quarterly Report, which, after being signed by the Medical Attendant, is handed to the Secretary of the Medical Board within two weeks after the expiration of the quarter.

The Residents of each ward have charge of the instruments belonging thereto, and are responsible for them to the Hospital Committee. One of those on duty in the Women's Medical Ward, selected by the Microscopist, must take charge of the Microscope Room and Microscope.

It is the duty of the Residents in the several wards, to make all autopsies which may be directed by the members of the Medical Board, and they must always, in such cases, inform the other Residents of the House of the examination, that they may participate in any advantages which may be derived therefrom.

The Residents must, if required, copy all prescriptions from the ward books, and hand them with the least possible delay to the Apothecary. They must cup, bleed, and superintend the application of leeches. In the absence of both Apothecaries, they are to act as assistant Apothecaries.

Two Resident Physicians serve in the out-wards alternately for three months, the time for such service being determined among themselves.

In case of accepted resignation or death of a Resident Physician,

the vacancy shall be filled from those previously recommended by the Medical Board, when practicable.

No Resident Physician is allowed to engage in teaching, or in the practice of his profession, during his term of service; nor to publish any record connected with the cases in the Hospital, without previously obtaining the consent of the Attending Medical Officer having charge of the case in each instance.

The Apothecary, or his assistant, must always be in attendance in the shop from 8 o'clock A.M. until 6 o'clock P.M. from October to March; and from 7½ o'clock A.M. until 7 o'clock P.M. from March to October, of each day, except Sundays, when the time of service shall cease at 12 o'clock M.

Admission of Visitors.

An order from a Guardian, the Secretary, or Out-Door Agent, shall admit the bearer thereof to any and every part of the institution, excepting the Insane Department, Obstetrical and Venereal Wards (access to the latter named being attained only in conformity with the provisions of the next rule), from which visitors shall be excluded, unless by *special order*, visiting days to be Tuesdays, Thursdays, and Saturdays, reserving to the Resident Physician on duty the right to exclude visitors from such patients as he believes might be injured. The Steward and Door-keeper are required not to allow any one to pass on any day except those set apart, unless specially set forth in the handwriting of the one granting the permit; to be good for the day only for which the same is issued. The Steward is directed to discharge any Runner who may be found conducting visitors to those parts of the house excluded upon the orders of admission.

The Door-keeper is directed to regard no order of admission by whomsoever granted, when found in the hands of persons who have been detected in the attempt to carry spirituous, vinous, or malt liquors, or other prohibited articles, to any of the inmates, or of those who have, for the preceding three months, been inmates of the Venereal Wards. Nor shall he permit any person to visit

the Venereal or Obstetrical Wards, other than near relations of the inmates, ministers of the gospel, and members of the medical profession. The visitors to the above-named wards shall not be allowed to hold conversation with any inmates of the wards, other than those named upon their permits.

Medical Library and Pathological Museum.

The Library and Pathological Museum are under the superintendence and direction of the Committee on Hospital.

Religious Worship.

No public preaching or exhortation shall be permitted in the wards of the Hospital or Insane Department. At the request of a patient, or by permission of a guardian, any clergyman or piously disposed person may administer the consolations of religion, in such a tone of voice as will not disturb the patients in the ward.

Reports are published every year of the work done in the various departments of the Institution.

Out-door relief is afforded generally to nearly 100,000 persons.

About 6000 patients are treated in the Hospital, over 1000 of whom are in the Insane Department.

Officers of the Board.

President, JOHN M. WHITALL.

Treasurer, FREDERICK A. SERVEE.

Secretary, CHARLES T. MILLER.

The Municipal Hospital,

HART LANE NEAR TWENTY-FIRST STREET,

Was formally accepted by the Board of Health of the City of Philadelphia, April 27, 1865. The following extract from a report of a speech made on that occasion by the late Dr. Wilson Jewell, will be interesting as an historical sketch of the previous steps taken by the authorities in regard to hospital accommodations for persons laboring under infectious diseases.

“Up to the year 1743 there had not been a single hospital organized in our city. In 1726 the smallpox broke out in the city, and a house located near where Ninth and South Streets intersect, was used as a pest-house. The victims of this epidemic in those days were taken to farm-houses. In the year 1743 the merchants, as a safeguard, took the subject of making provision for the sick into consideration, because the smallpox was increasing as immigrants came upon our shores from Germany. The Colonial As-

sembly became alarmed, and they built a pest-house on State Island, at a later period called Fisher's Island, near the mouth of the Schuylkill. This remained in use for sick immigrants until 1800, when the Lazaretto, on Little Tinicum Island, in Delaware County, was built. The calamitous necessity, in 1793, so alarmed the inhabitants, that it was then considered absolutely necessary to establish some measures to insure the public safety of this city. The Guardians of the Poor had already refused to receive small-pox or fever patients into the Almshouse, then located on Spruce Street, between Tenth and Eleventh. The Pennsylvania Hospital was closed at that time. The Guardians of the Poor took the old circus, on Chestnut and Sixth Streets, but the residents of the vicinity threatened to burn the place down unless the sick were removed. Application was then made to the magistracy of the city, and finally a place was selected on Bush Hill.

"The Board of Health was organized in 1794, and purchased the Fish Tavern, on the west side of the bridge, now occupied by the Pennsylvania Railroad Company. This was used for a time for hospital purposes. The first hospital established by the city was in 1796 or '97. This was the Wigwam Hotel, at the foot of Race Street, on the Schuylkill. It was then a somewhat celebrated tavern, to which gentlemen resorted to eat perch, as they now do at the Falls, where catfish and coffee are popular. This Hospital retained the name of the Wigwam Hotel for several years; the sign that used to swing there is in Germantown, but, being defaced by the ravages of time, has been painted over. In 1805 the citizens in the vicinity of the Wigwam Hospital entered complaints against the institution. It was finally removed to other ground, on the Wissahickon Road, near where Ridge Road and Wallace Street now intersect each other. This place was occupied for two seasons only, when the citizens again rebelled, and demanded its removal. For a time the city was again without a hospital. The people settled down in the opinion that if the epidemic should again visit the city, buildings should be put up at respectful distances, to meet the emergency.

"In the year 1810 a hospital for infectious diseases was erected

on Bush Hill, where it remained until 1855, when it was removed. Since that time Philadelphia has been without a City Hospital. This was a subject much to be regretted. The Board of Health opened the Lazaretto Hospital, and patients had to be removed twelve miles from the city; and no one can form any idea of the amount of suffering the poor creatures had to undergo. Now we have a hospital, with all the conveniences needed for the present era."

The Hospital is, of course, maintained by appropriations made by the City Councils. It is under the management of a physician-in-charge, appointed by the Board of Health. The diseases treated are smallpox, varioloid, yellow fever, ship fever, typhus fever, scarlet fever, cholera, epidemic cerebro-spinal meningitis, and relapsing fever.

Upon receiving the certificate of a physician that a patient has one of the above enumerated diseases, and that his circumstances are not such as to admit of his being properly cared for at home, the Chief Clerk, or any member of the Board, issues an order of admission; whereupon the hospital ambulance is sent to remove the patient. If he is able to pay, one dollar per day will be charged; if he is poor, no charge will be made.

There is no compulsion in regard to entrance into the Hospital.

From the Report of the physician-in-charge for 1871, published in the Annual Report of the Board of Health, it seems that the admissions into the Hospital, with variolous and other diseases,* in the several months of the year, were as follows:—

* Relapsing fever (3 cases), scarlatina, varicella, lichen, rubeola.

Months.	Variolous Disease.	Other Diseases.	Totals.
January	5	2	7
February	2	...	2
March	3	3	6
April	6	...	6
May	5	3	8
June	3	2	5
July	2	...	2
August	13	2	15
September	25	...	25
October	228	1	229
November	437	3	440
December	498	6	504
Totals	1227*	22	1249

The following table will show the number of patients remaining in the Hospital January 1, 1871, the number admitted during the year, the number discharged, the number died, and the number remaining under treatment December 31, 1871:—

Remaining January 1, 1871	3
Admitted	1249
Discharged	602
Died	363
Remaining December 31, 1871	287

The ordinary capacity of the Hospital is one hundred and ninety beds, independent of the room occupied by the nurses and attendants, while the number under treatment at one time was three hundred and twelve, being one hundred and twenty-two more than the

* Whites, 1041; blacks, 186; Males, 817; Females, 410.

ordinary capacity of the building. In order to meet this extraordinary demand, rooms were improvised by inclosing two of the large corridors, each of which will accommodate from twenty-five to thirty convalescents; and in addition to this, there were pitched a number of army hospital tents, which with board floors and coal stoves, were comfortable, even in the coldest weather.

Physician-in-charge: Dr. William M. Welch.

The Children's Hospital of Philadelphia.

TWENTY-SECOND ABOVE LOCUST STREET. FOUNDED IN 1855.

This institution is supported by subscriptions, donations, legacies, and board of patients.

Children, under twelve years of age, suffering from non-contagious disease or from injury, are admitted on application to the Attending Physicians, who visit the Hospital daily at 12 o'clock (Sundays excepted).

In sixteen years 1421 in-patients, and 28,460 out-patients (the latter paying 70,094 visits to the Dispensary), have been succored at a cost of \$53,461.86.

The Hospital building will accommodate 53 patients.

The following statistics are extracted from the Annual Report for 1871:—

The German Hospital of the City of Philadelphia.

GIRARD AND CORINTHIAN AVENUES.

Incorporated April, 1860. Opened November, 1866.

The members of this corporation are such persons as may be elected by ballot, pay five dollars admission, and three dollars annually; fifty dollars paid in one sum constitutes a life-member; one thousand dollars constitutes a life-member, with a right to have constantly one patient in the wards. Corporators who are "citizens above the age of twenty-one years" are eligible as managers.

Any association or corporation, paying in one hundred dollars or more in one sum, may acquire one vote at the annual election. Every charitable, beneficial, or other corporation or association, contributing with the assent of the Board of Managers the sum of fifteen hundred dollars, is entitled to have one of its sick members constantly in the wards on its recommendation, and on payment of the further sum of one hundred and fifty dollars annually, such association or corporation has the privilege of the admission of another patient.

On the last Wednesday in December of each year, the corporators elect eight Managers, to serve a three years' term. By the twenty-four Managers thus appointed, the medical officers are chosen; they must "speak the German language with facility."

Patients are admitted without exclusion of country, creed, or color. The Hospital has accommodations for fifty.

Patients, to be admitted into the Hospital (except in cases of recent accident), must be residents of the city of Philadelphia, or immigrants who have not acquired a permanent residence; if poor, they are treated gratuitously.

For pay patients the charge is four to six dollars per week, or more in special cases, as decided by agreement between the applicant and the steward, with the consent of the Visiting Committee. Payment must be made, or security given, for four weeks in advance. Unmarried persons, by regular monthly payments of twenty-five cents, can acquire the right of free admission to the Hospital in case of sickness. The right is lost by three consecutive failures to pay the contributions.

German patients are admitted in preference to others; no one is admitted with infectious, pestilential, or incurable disease.

One-tenth of the beds in the Hospital are reserved for the poor. Such persons are required to render such service as they are fit for, if called upon.

A distinct ward is assigned to colored persons.

Visiting days for the friends of patients, Sundays and Thursdays, from 10 A.M. to 2 P.M. Special privileges are granted by the Assistant Physician and Steward.

President of the Board of Managers: John D. Lankenau.

Secretary: W. R. Ackermann.

Attending Physicians: Drs. Albert Fricke, Julius Schrotz, Emil Fischer, and R. H. Weber.

Attending Surgeons: Drs. James M. Boisnot, Theodore A. Demmé, Joseph Koerper, and Auguste F. Müller.

Resident Physician: Dr. Marcus Franklin.

The Jewish Hospital of Philadelphia.

WESTMINSTER AVENUE AND HAVERFORD ROAD.

New building, Olney Road near the York Pike, to be delivered
June, 1873.

The society was organized on the 19th of February, 1865, and the Hospital opened for patients August 6, 1866. It is supported by the Jewish Hospital Association (an incorporated society whose members pay five dollars per annum), and such private contributions from them and others as may be received from time to time. It has never had any appropriations from city or State. Though sectional in *name*, it is open *free* to all applicants, without reference to religious belief. Its managers know no distinction in birth or religion, but admit all the suffering who apply, free of charge, if unable to pay. If they are willing to pay, the minimum charge is five dollars per week. The object of the Hospital is to secure to people of the Jewish faith certain regulations in reference to diet and observance of Sabbath which they cannot obtain in other institutions. Those seeking the benefits of the Hospital must present a physician's certificate, stating their disease, to the Visiting Committee of the

month, who thereupon furnish the applicant with a permit to the Resident Physician, who admits the patient after examination. Contagious diseases, or diseases brought on by immoral indulgence, are not admitted.

The present officers are:—

President: Abraham S. Wolf.

Vice-President: A. Goldsmith.

Treasurer: William B. Hackenburg.

Secretaries: H. J. Hunt and Samuel Hecht.

Directors: Sol. Gans, Jos. Einstein, Lucien Moss, Dr. J. Isaacs, M. Thalheimer, M. Rosenbach, A. Goldsmith, Mayer Sulzberger, J. A. Ephraim, A. Wolf, S. W. Arnold, Alfred T. Jones, and Abr. Sulzberger.

Steward and Stewardess: Mr. and Mrs. S. W. Krotzheimer.

Resident Physician: A. Feldstein, M.D.

The Charity Hospital of Philadelphia.

1834 HAMILTON STREET.

Chartered 1858.

Supported by private subscriptions; owns the property. A small amount is required to be paid as board by patients; the Trustees hope soon to be able to receive urgent cases gratuitously.

Daily clinics are held at the Hospital, from 12 M. to 1 P.M., when advice and medicine are given gratuitously to the worthy poor.

During the year 1872, 7810 patients have been prescribed for at the clinics and supplied with medicines.

Board of Trustees.

President: Amos R. Little.

Vice-President: Richard Peterson.

Treasurer: George Nugent, Germantown.

Secretary: Horace Y. Evans, M.D.

Resident Physician: Dr. G. H. M. Kollock.

Assistant Resident Physician: Mr. H. L. Petrie.

Christ Church Hospital

Was founded in 1772, by a bequest from Dr. Kearsley, to which a munificent addition was made in 1789, by Joseph Dobbins, of Charleston, S. C. The building is

situated on Belmont Avenue, on the west side of the Schuylkill; the city office is at 217 S. 3d St. This Hospital will accommodate about 100 inmates—"poor or distressed women of the communion" of the Episcopal Church.

Mode of making application for admission.—For this purpose, blank forms are, when requested, furnished by the Managers, upon which answers to the following points are required: Name of the applicant—Birth-place—Date of birth—Baptized, where, when, and by whom—Confirmed, when, where, and by whom—Communicant, in what church—Residence, with name of street and No. of house—Married or single—Children now living, and, if any, their names and residences. There is also provided ample space on the forms for recommendations of an applicant. It is especially necessary that the recommenders should give their own addresses, in order that the Managers may make due inquiry into the suitableness of an applicant. It is proper to state, that the will of the founder expressly prefers "clergymen's widows before others," among the applicants for admission.

Although the benefits of this charity are intended for the church at large, its management is committed to six persons, chosen annually, three by the vestry of Christ Church, and three by the vestry of St. Peter's Church; but, by act of Assembly, the legal property is in Christ Church. Therefore, if any persons should be desirous of extending this charity, or of adding to it other purposes of a like nature, their gifts or bequests must be made to "The Rector, Church Wardens, and

Vestrymen of Christ Church, in trust for Christ Church Hospital."

The following are the names and addresses of the Managers to whom application for admission should be made:—

Charles Willing, M.D.,	No. 9 Portico Square.
D. Henry Flickwir,	4100 Walnut St.
Ed. L. Clark,	142 N. Delaware Avenue.
Robert M. Lewis,	436 Walnut St.
Joseph K. Wheeler,	2026 Chestnut St.
George E. Hoffman,	259 S. 17th Street.

John W. Lodge, M.D., <i>Physician,</i>	Lower Merion.
C. Campbell Cooper, M.D., <i>Superintendent.</i>	
George H. Kirkham, <i>Treasurer,</i>	232 Chestnut St.
George W. Hunter, <i>Agent,</i>	217 S. 3d St.

St. Mary's Hospital.

FRANKFORD ROAD AND PALMER STREET. (OPPOSITE THE N. Y. DEPOT, KENSINGTON.)

Under the care of the Sisters of the third order of St. Francis.

It was founded in 1866, and has a capacity of eighty-five beds. The wards are divided into medical and surgical—each having its special nurses and medical attendants.

No contagious diseases or insane persons are received.

Persons, able to pay, are charged five dollars a week.

Indigent sick are never refused, except in those cases not promising early relief.

No questions are asked in regard to the religion of applicants for admission, those of all creeds being admitted and treated alike. When in danger of death patients may select their own spiritual adviser.

During the year 1871, 645 sick were treated, and of these 328 were charity cases.

Since the establishment of the Hospital 1910 patients have been received and treated; of these 1053 were discharged cured, 293 improved, 137 unimproved, and 293 died.

The Hospital has no endowment whatever, and depends entirely upon voluntary contributions for its support.

Application for admission must be made invariable at the Hospital.

MEDICAL STAFF.

Physicians.	Terms of Service.	Surgeons.
Dr. C. P. La Roche,	Jan., Feb., March,	Dr. W. W. Keen,
R. A. Cleemann,	April, May, June,	J. H. Grove,

Solicitor: Chas. Hart, Esq.

Sister Servant-in-charge: Sister Hieronyma.

Physician-in-charge: J. Cummiskey.

HOSPITAL DISPENSARY.

Open daily (Sundays and legal holidays excepted), from 10 A. M. to 5 P. M.

afflicted by contagious diseases, are admitted. Although this Hospital is ranked among the Catholic charities of this city, the inmates can avail themselves of the services of spiritual advisers of their own selection; and their wants, if destitute, are gratuitously supplied.

From 1859 to 1872, there were 5613 patients treated in this Institution, and of that number, 1982 were admitted free; besides the above number of free patients, 1620 received gratuitous advice.

Summary of 1332 Patients treated in the Hospital from September 1st, 1870, to September 1st, 1872.

Cured	951
Relieved	95
Removed	41
Died	130
Remaining Sept. 1st, 1872	115
Total	1332

Pregnant women delivered safely	18
Infants born in health	19

Of the 1332 patients there were—

Pay patients	1123
Poor patients	209

The cost of board in the wards for pay patients is \$5 per week.

Applications for admission may be made at the Hospital, or to the medical or surgical officer on duty. Recent accidents are admitted at once into the wards.

Surgical advice is given gratis on Mondays, Tuesdays, Thursdays, and Fridays, at 11 o'clock A. M.

Diseases of the Eye are treated on Wednesdays and Saturdays at 11 o'clock A. M.

List of Officers.

Pathologist: Dr. Joseph Leidy.

House Surgeon: Dr. Robert B. Cruice.

The Presbyterian Hospital.

POWELTON AVENUE AND THIRTY-NINTH ST., WEST PHILADELPHIA.

It is under the control of the Committee on Hospitals of the Philadelphia Presbyterian Alliance.

All the members of the Philadelphia Presbyterian Alliance, and all other persons who shall contribute to the Hospital the sum of thirty dollars or more yearly, or the sum of five hundred dollars at one time, are members of this corporation, and are entitled to vote at the annual election for Trustees.

The government of the Institution is vested in a Board of Trustees, consisting of twenty-four persons, not more than nine of whom may be ministers of the gospel, in addition to the President of the Philadelphia Presbyterian Alliance, who is *ex officio* a trustee and President of the Board. In the event of there being a vacancy in the Presidency of the Alliance, the Board choose one of their own number to be President during such vacancy.

No person is eligible to the office of Trustee who is not a member in full communion with a church connected with the Presbytery of Philadelphia or of Philadelphia Central.

The election for Trustees is held on the third Tuesday of January in every year, or in case of failure to elect on that day, then on some subsequent day as early as practicable. At the first election—which was held on the third Tuesday of January, 1872—twenty-four Trustees were chosen, in three classes of eight members each, to continue in office for one, two, or three years respectively; and at every subsequent election eight members are to be elected to serve for three years.

The attending Medical Officers shall consist of four Surgeons, four Physicians, two Ophthalmic Surgeons, and one Pathologist, who shall give their attendance regularly at the Hospital at such seasons as shall be agreed upon by themselves.

The Physicians and Surgeons have power to appoint, with the approval of the Trustees, a sufficient number of Students of Medicine, or Graduates, who shall visit

the wards with the Attending Physician or Surgeon on duty, and who shall keep an accurate record of all cases designated by them, and from which number the Resident Physicians shall ordinarily be elected.

The following classes of persons are admitted:—

Those who have been wounded, or otherwise injured, shall be received at all hours, subject to such rules as the Board of Trustees may from time to time enact; provided always, the patient be brought to the Hospital within twenty-four hours after the accident, in all cases where the application for admission has been practicable within that time;

Those laboring under curable diseases, able and willing to pay their board;

Poor patients, whom the Visiting Committee may deem fit objects of charity.

The Physician or Surgeon on duty shall have the power of admitting poor or charity patients in their respective wards, in such numbers as may hereafter be designated by the Board of Trustees or Visiting Committee.

No person having any infectious or contagious disease shall be admitted to the Hospital.

The Superintendent shall, when practicable, be a regular graduate physician.

Trustees.

Wills Hospital for the Relief of the Indigent Blind and Lame.

RACE STREET ABOVE EIGHTEENTH.

Founded December 2, 1833.

This Institution is supported by a fund bequeathed by the late James Wills, and by voluntary contributions, and occasional appropriations from the State. It is under the general control of the Directors of City Trusts, and immediately supervised by a committee of five of said Board.

The Hospital has forty free beds which are kept constantly filled. During 1871, 271 eye patients were admitted, and 2323 were treated at the out-door clinic.

Admission of patients from any part of the United States, without regard to creed or color, may be obtained by personal application to any of the surgeons, all of whom are on duty during the entire year.

A daily clinic is held from 2 to 3 P. M. for out-patients, Sundays excepted. Five surgeons are in attendance every other day at 2 o'clock, as follows:—

Mondays, Wednesdays, and Fridays, Drs. Harlan, Dyer, McClure, Norris, and Thomson.

Tuesdays, Thursdays, and Saturdays, Drs. Morton, Levis, Hall, Goodman, and Keyser.

Courses of Instruction.—Lectures and practical instruction in ophthalmic surgery are given during the months of November, December, and January, by Drs. Levis, Harlan, and Dyer.

The Philadelphia Orthopædic Hospital and Infirmary for Diseases of the Nervous System.

INCORPORATED 1867.

This Institution occupies a large building at the northwest corner of Seventeenth and Summer Streets. It is sustained by voluntary aid and by State appropriations, and contains three rooms for private patients, and thirty free beds.

The diseases treated, are: all forms of bodily deformity—such as club-foot, joint diseases, and spinal distortions; and all nervous maladies—such as paralysis, chorea, epilepsy, and neuralgia.

There is a daily service at 12 o'clock; for deformities, on Tuesday, Thursday, and Saturday; and for nervous disease, on Monday, Wednesday, and Friday; operations Saturday at 12 o'clock. This Hospital furnishes medicines and mechanical apparatus to the poor, and is admirably provided with electrical and galvanic batteries, and with douche and shower baths.

From January 1, 1872, to November 1, 1872, 332 patients occupied beds in the Hospital, 537 new cases attended at the clinics; and in all there were 1563 visits made by patients able to walk to and from the Hospital.

The daily clinics are open to physicians and students of medicine.

Officers and Managers.

President: Charles Macalester.

Maison de Santé,

**A Private Hospital for the Treatment of Spinal
and Nervous Affections and Deformities.**

1503 SPRUCE STREET.

This house was opened September 1, 1871, for the accommodation of patients from a distance, suffering under affections demanding mechanico-surgical treat-

ment, or remedial exercises—such as spinal curvatures, diseases of the hip, or other joints, infantile paralysis, and deformities, on the one hand; and spinal irritation, neuralgia, and functional derangements of nutrition and innervation in general, on the other.

Attached to the house is a medical and orthopædical gymnasium, provided with apparatus devised with especial reference to the several recognized groups of deformities, and attended by persons of both sexes, trained in the practice of *massage* (or rubbing and kneading), and the acto-passive movements. The charges for professional services are based upon the Fee-bill of the College of Physicians of this city, while the rates for board correspond with those of the higher grade of boarding houses. Tuesday morning of each week is devoted to out-patients of limited means.

Surgeon in Charge: DR. BENJAMIN LEE.

Surgical Consultant: Dr. Washington L. Atlee.

Medical Consultant: Dr. Alfred Stillé.

Consultant in Nervous Affections: Dr. S. Weir Mitchell.

Gynæcological Consultant: Dr. J. Cheston Morris.

Electrical Consultant: Dr. Matthew J. Grier.

Masseur: Mr. Douglas Graham.

Masseuses: Mrs. Simpson, Miss Adams.

Orthopædical Mechanician: Edward Spellerberg.

The Preston Retreat.

HAMILTON STREET BETWEEN TWENTIETH AND TWENTY-FIRST STS.

Founded in 1836.

This Institution, which is supported by an income from estates left by the late Dr. Jonas Preston, is a lying-in charity for married women of good character, but in indigent circumstances, who are near the time of their confinement, where they may be received and provided with proper obstetric aid for their delivery, and with suitable attendance and comforts during the period of their convalescence. It has accommodations for about forty patients.

The use of the building was for many years allowed to the Managers of the "Foster Home Association." It was first opened as a lying-in hospital in 1866, and during that year received 40 patients. About 120 inmates yearly enjoy the benefits of the institution.

Patients are admitted about two weeks before the expected time of their confinement, and are allowed four weeks in which to convalesce. Since each applicant is required to give references as to character, and furnish other proofs of her respectability, and, after becoming an inmate, is under observation for at least six weeks, this institution is enabled to supply the community with healthy and reliable wet-nurses.

Women desiring to enter this Institution as patients are requested to make personal application at the Retreat at least one month before the expected time of

their confinement. Applications for admission can be made upon any day of the week from 7 to 11 A.M.

List of Officers.

Physician-in-Charge: Dr. William Goodell.

Friends' Asylum for the Insane,

FRANKFORD (23D WARD), PHILADELPHIA,

Is an unincorporated Institution, supported by members of the Society of Friends.

Its legal title is "The Contributors to the Asylum for the Relief of Persons deprived of the Use of their Reason."

It was founded about the year 1814, and the first patients were admitted in May, 1817.

It is supported by contributions, donations, and legacies, and by income received for the board of patients. It has no endowment, but is aided to a limited extent by funds bequeathed for the special purpose, the income arising from which is applied to reducing the charge to patients in limited circumstances. It has never been aided by any appropriation from either city or State.

Annuities.—A mode of obtaining contributions by annuities, not much known amongst us, but familiar to Friends in England, has been agreed on by the Contributors. On paying any sum of money to the Treasurer, for the use of the Institution, interest of six per cent. thereon is annually to be paid to the annuitant; at whose decease the interest money ceases, and the principal remains the property of the Asylum. This mode will probably be convenient to many who are desirous of promoting the designs of the Institution, and yet do not prefer making any considerable donation during their lifetime.

The Institution is open for the reception of all classes of the insane, without regard to the duration or curability of the disease. It is proper to state, however, that idiots or persons affected with mania-â-potû are not considered suitable subjects for this Asylum.

Its use was at first limited to members of the Society of Friends, but for many years past all religious denominations are admitted to participation in its benefits, on equal terms with those for whom it was originally designed.

The government of the Asylum is vested in a Board of twenty Managers, including a Secretary and a Treasurer. The officers appointed by the Board are a Medical Superintendent, an Assistant Physician, and a Matron.

Previous to a patient being taken to the Institution, it is necessary to arrange the rate of board with a Manager (or, if more convenient, with the Superintendent at the Asylum), and to furnish a certificate of insanity from two or more respectable physicians, accompanied by a request signed by a legal guardian, (or by a relative or friend in case the patient has no guardian) that the individual may be received into the Asylum.

For the payment of board, etc., a bond must be signed by some responsible persons as sureties, one of whom must reside in or near Philadelphia.

The charge for board includes washing, medicines, medical attendance, etc.

If private attendants are deemed necessary, or de-

sirable, they can at all times be furnished, by a special arrangement with the Superintendent.

Visitors to the Asylum.—When near relations or particular friends of patients desire to be admitted to see their connections, application must be made to the Superintendent, who may allow such visits, when circumstances will admit.

As the general admission of visitors would be improper and injurious to the patients, no persons, except as above, shall be admitted to the apartments occupied by patients, unless introduced by a Manager; but on application to the Superintendent, they may be shown such parts of the building and appendages as are not so occupied.

In order to preserve quiet on the first day of the week, visiting on any account on that day, either in the house or on the premises, is prohibited, unless under very peculiar circumstances.

At the date of the last Annual Report, for 1870-1, there remained in the Institution 62 patients, 27 of whom were men, and 35 were women. Since that time 24, 13 of whom were men and 11 were women, have been admitted, making a total of 86 who have resided in the Institution during the year. The greatest number in the House at any time was 70, the smallest was 55, and the average monthly number resident during the year was 61.

Of these 86 patients, 5 have died and 24 have been discharged, leaving in the House at the end of the year 57 patients, 30 of whom are men and 27 women.

Of the 24 patients discharged, 7 were restored, 3

were much improved, 7 were improved, and 7 were stationary.

Of the 7 patients discharged restored, 3 were under treatment for less than three months, 2 from three to six months, and 1 for more than twelve months.

Officers.

Pennsylvania Sanitarium.

For Inebriates, Opium-Takers, etc.

The Pennsylvania Sanitarium is located at Media, in Delaware County, fourteen miles from Philadelphia, on the West Chester and Philadelphia Railroad. Trains leave 31st and Chestnut Streets, Philadelphia, ten times daily. There are two daily mails, and a telegraph. Media is a beautiful village of about one thousand inhabitants, containing churches, and an Institute of Science, with its library and cabinet.

The Institution occupies five acres of ground, in a retired portion of the village, and is remarkable for its quiet and beautiful surroundings.

The building is convenient, the rooms being airy, lighted with gas, and liberally furnished. A large parlor, billiard room, library, music, and a literary society among the inmates, afford means for social intercourse, and entertainment.

Russian baths, generous diet, and exercise in the open air, are among the means that are employed to recuperate the physical system.

The inmates are treated and trusted with special reference to preserving their self-respect.

Two hundred and seventy-seven inmates have been received into the Sanitarium since it went into operation in June, 1867. Nearly all were admitted at their own desire. About 35 per cent. recover, and all are improved.

Mode of Admission.—Gentlemen who desire to place themselves under such influences as the Sanitarium

furnishes, may enter it without any other formality than a compliance with such conditions as may be agreed upon between themselves and the President. Those whose friends desire to place them under treatment, can do so, by observing the following provision of a recent Act of Assembly.

“Any person addicted to the intemperate use of narcotics or stimulants, may, at the discretion of the proper officer of the institution, be received for custody or treatment, either upon voluntary presentation, or, if a declared habitual drunkard, upon presentation by such person’s legally constituted committee; or, if having no committee, upon presentation by such person’s guardian or next friend, who produces a certificate of two physicians, setting forth that they have examined the person so presented by his guardian or next friend, and the result of their examination; which certificate must be verified by the oath or affirmation of its signers taken before a judicial officer, having authority to administer oaths, and have the written attestations of such judicial officer, that the physicians named are practitioners in good repute, and that the signatures professing to be theirs are genuine.”

Application for admission should be made by certificate or otherwise, to the President,

JOSEPH PARRISH, M.D.,

Media.

The following form of certificate will meet the provisions of the law:—

Certificate.

The undersigned having examined the case of
and being satisfied that he is addicted to the intemperate use of
are of the opinion that he is a fit subject for treatment at the Pennsylvania Sanitarium.

Given under our hands this day of 18

M.D.

M.D.

This must be verified on "oath or affirmation of its signers," before a judicial officer, who will attest the same in due form.

When a person enters the Sanitarium, he will be furnished with a copy of the following:—

House Ordinance.

The inmates of the Sanitarium are received and treated as gentlemen, and the following regulations and instructions will be accepted by them as the index to their mode of life while residents under its roof.

Parlor is open every day and evening for social enjoyment and music. A sacred family concert is held at 9 P.M.

Hour for retiring, at or before 10½ P.M. Gas to be extinguished in rooms at bedtime. Assembling in dormitories after hour for retiring not allowed.

Breakfast room open till 9 A.M. in winter, and 8 A.M. in summer. Dinner at one. Tea at six. Watchman on duty at 10 P.M. On call all night.

Tobacco, cigars, stationery, stamps, etc., are obtained on application to the assistant physician.

Library is open daily for retirement, reading, writing, etc. Patients may arrange to obtain books from the circulating library of the town, or from the Mercantile Library of Philadelphia, a catalogue of which is at hand.

Mail leaves and arrives twice daily (see P. O. box). Letters deposited in the box will be taken to the post-office, and all receipts by mail distributed on arrival.

Daily papers and magazines received and placed on file.

Vapor and other baths furnished twice a week in the order of bath roll.

Billiard and Smoking room open to all. No smoking in parlor, library, or sleeping rooms.

Conversation.—Reference to past dissipation and irregular habits in a light, trifling, or amusing manner is regarded as evidence of

insincerity in the professed desire to overcome such habits. Profane and unseemly conversation prohibited. Boisterous conversation indicates a want of consideration for others, and should be avoided.

Attendance upon some place of public worship is an indication of good citizenship, and of an honorable conformity to a wholesome public custom, which should be observed.

Leave of absence is granted, when upon consultation with house officers it is deemed suitable.

During absence, no violation of confidence is expected. Should it occur, it must be accounted for either as the result of physical tendency, or moral lapse, and in either case it is a reason for continued and prolonged treatment.

It is recommended that each inmate keep a daily diary, noting his readings, exercises, experience, etc.

Temptation.—The strongest foe is within; when this is felt the first thing to do is to report immediately to the physician-in-charge, and receive counsel and assistance. An avoidance of this course is dangerous.

The officers of the House are always ready to use their best efforts to promote the comfort and recovery of the inmates. In return, a cheerful compliance with regulations and a frank and confidential intercourse on all subjects connected with their condition and treatment is expected and required.

ITEMS.

1. Intoxicating liquors and opiates of all kinds are disallowed except as medicine by prescription of one of the physicians of the house.

2. The secret use of them, or bringing them upon the premises, or allowing them to be brought or sent by others, is a misdemeanor which is inexcusable.

3. Disregard of these regulations will be received as indicating a preference for an irregular life, and if persisted in, as a reason for removal.

Directors.

Burn-Brae.

KELLYVILLE, DELAWARE COUNTY, PA.

This Institution also, although not within the city limits, is so near them as to be properly mentioned in connection with the objects of this work. It is a private Hospital for mental diseases; and derives its support from the payments made for board and medical care of patients.

No patient is received for a less period than three months. A certificate of insanity, signed by two physicians, and acknowledged before a magistrate, is invariably required.

All arrangements for the admission of patients must be made with the Superintendent.

Address

ROBERT A. GIVEN, M.D.,

Burn-Brae, Kellyville, Delaware Co., Pa.

SECTION IV.

DISPENSARIES.

The Philadelphia Dispensary.

127 SOUTH FIFTH STREET.

This Institution was founded in 1786. It is supported by private contributions, and by income from investments.

Any one who pays annually into the hands of the Treasurer one guinea, or five dollars, is entitled to the privileges of a contributor; and the payment of ten guineas, or fifty dollars, at one time, constitutes a person a life contributor.

A Board, consisting of twelve Managers, is annually elected on the first Monday in January, by a majority of the Contributors; and the Managers annually elect a Treasurer of the Dispensary, six Attending and two Obstetric Physicians, four Consulting Physicians and Surgeons, two Oculists, one Aurist, one Resident and one Assistant Physician, and an Apothecary.

The six Attending or District Physicians attend promptly to all cases directed to their care by the

Institution, and if any cases so directed shall prove unsuitable, they so report them as soon as practicable to the Dispensary, together with the disqualifying cause.

The Obstetric Physicians hold a daily clinic for diseases of women, at their rooms, No. 15 North 13th Street, and attend cases of confinement at their own homes. They keep a correct record of all Clinical and Lying-in cases, with name, age, residence, color, nativity, disease, treatment, and result; and at the end of each year return a full Report to the Secretary.

They appoint an Assistant Physician quarterly, subject to the approval of the Secretary, whose duty is to assist at the clinics, and in cases of slightly difficult labor; never performing the operations of turning, delivery by the forceps, or craniotomy, save in the presence of a Principal. The prescriptions of the Assistant, marked O. D. P. D., shall be put up at the Dispensary.

In extreme cases, or in those of unusual interest, on application of the attending accoucheur, the Secretary of the Managers may grant nursing aid for a limited period.

The Physicians of the Eye and Ear Department hold a daily Clinic at their rooms, northwest corner of 8th and Locust Streets, and treat cases at their own homes in accordance with their judgment and convenience. They keep correct records of all cases under their care, with name, age, residence, color, nativity, disease, treatment, and result; and at the end of each year transmit to the Secretary of the Dispensary a

complete copy of such records. They appoint one or more Assistant Physicians quarterly, subject to the approval of the Secretary, whose duty is to assist at the clinics, but not themselves to prescribe or operate save in the presence of a Principal.

The benefits of the Dispensary are bestowed upon all applicants residing between the Delaware and the Schuylkill, and between the north side of South Street and the south side of Vine Street; the only exceptions being those suffering from delirium tremens or from venereal disease, and mere paupers. Recent accidents occurring in the neighborhood are always treated on application.

The portion of the city above mentioned is divided into six districts, each of which is assigned to one of the Attending or "District" Physicians.

The benefits of the Obstetrical and of the Eye and Ear Departments are extended to applicants from all parts of the city without limitation.

From the last Annual Report for the year ending November 30th, 1871, the following statistics are derived:—

Whole number of patients treated	. . .	14,748
Distributed as follows, viz:—		
Office and District patients	. . .	13,295
Obstetrical	. . .	240
Eye and ear	. . .	1,213
Whole number of prescriptions compounded	. . .	25,492

The cost of this relief was in great part a burden taken from the pockets of the taxpayers of the city;

although some persons no doubt applied for it who would never have consented to receive aid from the Guardians of the Poor.

Managers Elected January 1st, 1872.

William F. Griffiths, <i>President</i> ,	John C. Browne,
Henry J. Morton, D.D.,	Charles Ellis,
George B. Wood, M.D.,	Joseph P. Smith,
D. Clark Wharton,	Thos. Wistar, M.D., <i>Sec'y</i> ,
T. Wistar Brown,	William Hacker.
John M. Whittall.	

Contributions may be sent to, and will be gratefully received by, David Scull, Jr., Treasurer, No. 125 Market Street, Dr. Edward Maris, at the Dispensary, or any of the Managers.

Officers Elected January 16th, 1872.

Treasurer: David Scull, Jr., No. 125 Market Street.

Attending Physicians and Surgeons:—

Dr. George G. Wise,	Dr. Charles Shaffner,
Wm. G. Porter,	Charles Merklein,
Charles H. Burnett,	Eugene P. Bernardy.

Obstetric Physicians:—

Dr. Horace Williams,	Dr. William F. Jenks.
----------------------	-----------------------

Surgeons of the Eye and Ear Department:—

Dr. George Strawbridge, Ophthalmic Surgeon.
 John F. Weightman, “ “
 Charles H. Burnett, Aural Surgeon and Dr. William H.
 Finn, Aural Surgeon, *pro tem*.

Consulting Physicians and Surgeons:—

Dr. Hugh L. Hodge,	Dr. S. Littell.
George W. Norris,	

Resident Physician: Dr. Edward Maris.

Assistant Physician: Dr. Mordecai Price.

Apothecary: Joseph P. Nichols.

Obstetric Department of the Philadelphia Dispensary.

15 NORTH THIRTEENTH STREET.

During the year ending November 30th, 1871, there have been 86 cases of confinement registered, 77 of which have been at date safely delivered of living children, with the exception of one child stillborn; 9 still awaiting treatment. Three miscarriages received attention.

At the daily clinics, No. 15 North Thirteenth Street, 154 cases of diseases peculiar to females have been treated, nearly all of which, save some cases incurable in their nature, have been much relieved, and a large number entirely cured, as follows:—

Recovered or relieved	131
Removed, or ceased to attend	11
Still under care	12
	<hr/>
Whole number	154

In connection with the above Institution, Clinics are conducted daily, from $2\frac{1}{2}$ to $3\frac{1}{2}$ o'clock P.M.

Students of medicine and recent graduates are afforded opportunities of becoming familiar with the diagnosis and treatment of the most varied and important diseases peculiar to women.

Gentlemen are admitted to the Clinic for a term of three months, with the privilege of attending obstetric cases during six months.

Classes formed in October and April.

For terms apply at the Institution, or to either of the Obstetric Physicians, Drs. Horace Williams and Wm. F. Jenks.

Eye and Ear Department of the Philadelphia Dispensary.

NORTHEAST CORNER OF EIGHTH AND LOCUST STREETS.

During the year ending November 30th, 1871, the following cases were under treatment:—

Number of new eye cases	884
“ “ ear “	329
Total	1213
Whole number of eye cases prescribed for	11,066
“ “ ear “ “ “	2,550
Total	13,656

The average daily attendance was 44.5 cases. This shows a gain of 25 per cent. in the number of new patients, and of 47.5 per cent. in the number of patients treated over that of the preceding year, while the number of operations have increased in a five-fold ratio.

Opportunities for practical instruction in diagnosis and treatment of diseases pertaining to the eye and ear are afforded in connection with the clinics of their Department held at 12 M. daily.

For terms, etc., apply to the respective Surgeons-in-charge.

The Philadelphia Lying-in Charity and Nurse Society.

126 NORTH ELEVENTH STREET. FOUNDED IN 1828.

This Institution is supported wholly by private subscriptions. Its objects are the training of nurses, and the assistance of poor and deserving women in child-bed. Medical aid is also afforded to women suffering from diseases peculiar to their sex.

Women in good health between the ages of twenty-two and forty-four years, capable of reading and writing readily, desirous of devoting themselves permanently to nursing, may, if they wish to begin this service under the training and patronage of the Lying-in Charity and Nurse Society, apply with testimonials of intelligence and moral character, to the Matron of the Nurses' Home, 126 North Eleventh Street.

Persons needing the benefits of the Lying-in Charity and Nurse Society, may apply to the Lady Visitors in whose district they live, or directly at the Institution, 126 North Eleventh Street, as above, at eight o'clock, Thursday morning, a reasonable time before expected confinement.

Applicants for treatment at the Clinic for Diseases of Women should apply on Wednesday or Saturday mornings at eight o'clock.

Citizens desirous of employing those nurses who have completed their term of service in the Institution,

are informed that the Matron will always assist them as far as possible in procuring one, provided sufficiently early application be made to her, at the Home, No. 126 North Eleventh Street.

Two courses of practical lectures to students are given in this Institution every year. The summer course, by Dr. J. G. Allen, begins about the 1st of April; the winter course, by Dr. Albert H. Smith, about the middle of October.

Cases are attended at their own homes by the students, under the supervision of the lecturers.

During the year ending Dec. 1, 1871, 456 cases received medical aid from the Institution. Of these, 300 were confinements, all of which resulted favorably; the other 156 were patients at the semi-weekly clinic for diseases of females. A large number of these have been cured; some with malignant and incurable diseases, and others, who were unable to attend regularly, have been only partially relieved.

Thirty-two pupil physicians attended the lectures, etc.

Twenty-one nurses are resident at the Home, and ten others are registered there.

List of Officers for 1870-71.

---------------------------	-------------------------------

**The Northern Dispensary of Philadelphia, for
the Medical Relief of the Poor,**

608 COATES STREET,

Was chartered in 1817. Its support is derived from annual contributions, and the interest of a fund, being the accumulation of legacies bequeathed from time to time by benevolent persons.

The Dispensary is open daily; during the week, from 8 A.M. to 1 P.M., and 3 to 7 P.M.; on Sundays, from 9 to 10 A.M., and from 5 to 7 P.M.

The following are extracts from the rules of the institution:—

Any person disposed to become a contributor shall have his or her name submitted to the Board of Managers, and on a majority of those present agreeing thereto, and the payment of five dollars per annum, shall be a member, and shall be entitled to the privilege of having two patients at a time under the care of the Dispensary; those who pay annually ten dollars shall have four, and so on in the same proportion; and those who pay twenty dollars in one entire sum shall be entitled during life to the privilege of having two patients attended at one time by the physicians of the Dispensary.

All recommendations from contributors must be taken to the physician in whose district the patient resides.

No persons shall be deemed objects of this charity

but such as are necessitous, and not proper objects of the Guardians of the Poor.

Patients, when cured, must take a regular discharge from the physician to the contributor who gave them the recommendation, or they must not expect to be again received.

Persons who go to the Dispensary for advice, need not obtain a recommendation; but are required to report themselves until discharged, or they cannot again be prescribed for.

Lying-in Department.

For the purpose of extending the benefits of the Institution, the managers have established a Lying-in Department, for attending respectable poor married women at their own homes, subject to the following regulations:—

1. All recommendations to the Lying-in Department must be signed by one of the Ladies' Committee on said department, and no physician shall attend on a parturient patient unless so recommended.

2. Instruments shall not be used to accomplish delivery without the advice of a consulting physician, except in extreme cases where immediate action may be absolutely necessary; nor shall any capital surgical operation be performed by any of the physicians of the Dispensary without the same be advised by one or more of the consulting surgeons of the institution.

3. Married women of respectable character only, and such as require no aid when in health, shall receive the benefit of this department.

4. All contributions, donations, and legacies expressly designed for the Lying-in Department shall be strictly appropriated to the support of the same.*

ANNUAL REPORT FOR 1871.

The whole number of patients under the care of the Institution amounted to 10,815, viz:—

Remaining under treatment from last year	91
Admitted since	10,724
Total	10,815

Of these, 9759 were treated at the Dispensary Hall and 1056 at their homes, by the Attending Physicians.

The whole number cured, relieved, and unknown	10,661
Remaining under treatment	96
Dead	58
Total	10,815

The prescriptions of the year number 16,816.

In the Lying-in Department there were forty-four cases recommended.

Officers.

<i>President,</i>	GEORGE W. TRYON.
<i>Vice-President,</i>	JOHN M. OGDEN.
<i>Secretary,</i>	JOHN KESSLER, Jr.
<i>Treasurer,</i>	ROBERT LINDSAY.
<i>Resident Physician,</i>	CHARLES CARTER, M.D.
<i>Apothecary,</i>	GEORGE S. DAVISON.

* Contributions, donations, etc., will be thankfully received at the Dispensary, No. 608 Coates Street.

Attending Physicians and Surgeons:—

Dr. Lemuel J. Deal.	Dr. G. M. D. Peltz,
Edwin F. Vallette,	Charles K. Mills,
O. A. Boothby,	S. D. Risley.

Consulting Physicians:—

Dr. M. M. Levis,	Dr. Owen Osler,

<i>Vice-President,</i>	C. K. Mills.
<i>Secretary,</i>	S. D. Risley.

Philadelphia Society for the Employment and Instruction of the Poor.

CATHARINE STREET ABOVE SEVENTH. FOUNDED 1848.

The Dispensary connected with this Institution, which is perhaps more commonly known as the "Moyamensing House of Industry," is very active. It is intended especially for the relief of the worthy poor living on the south side of South Street, and in the district below this line.

Lodging is furnished to such as apply for it. It is part of the plan to receive persons discharged from the Moyamensing Prison, thus allowing them a little time to examine and decide upon the course of their future lives before encountering the suspicion and sometimes the unnecessarily harsh treatment of the world.

All lodgers are at liberty to spend three days at the House; this limit has been judiciously established to prevent the charity of the Institution from being abused by healthy persons who should rely upon themselves for support.

A daily clinic is held by the physicians in rotation, at 12 $\frac{1}{2}$ o'clock. Patients are also attended at their own houses, on application at the Dispensary, and medicines furnished free of charge.

The Obstetric Department was instituted in 1866, for the benefit of the deserving poor in the lower part

of the city. A clinic for the diseases of women is held at the Dispensary on Tuesdays and Fridays, from eleven to twelve o'clock.

The number of patients treated in the year ending April 8, 1872, was 9591. Seventy-one women were safely confined under its auspices, and 174 cases of diseases peculiar to females were treated; nearly all relieved, and the larger part cured.

Officers of the Society.

Resident Physician: Dr. William Notson.

The Howard Hospital and Infirmary for Incurables.

NOS. 1518 AND 1520 LOMBARD STREET. FOUNDED MAY 1, 1853.

This Institution is supported altogether by voluntary contributions. It is under the control of a Board of twenty-four Managers, elected annually by the contributors. As the name indicates, the original plan calls for a Hospital, a Home for Incurables, and a Dispensary for gratuitously supplying the deserving poor with medical advice and medicines. The last mentioned is the only part now in efficient operation. A corps of ten physicians and surgeons, with a resident physician, are in attendance at stated hours.

The distinctive feature of the charity is that each physician confines his attention to a specific class of

affections. So far as known, this was the first successful effort of the kind in the country.

The physicians are directed not to interfere with the operations of the Guardians of the Poor, but to limit their efforts, as much as possible, to the wants of the "needy and industrious poor." None are refused assistance, but the class mentioned is to be especially encouraged.

The Hospital and Infirmary for Incurables was begun and successfully carried on during the early years of the establishment of the Institution, but the want of suitable buildings necessary for properly embracing the idea of its projectors, led the Board of Managers to devote the entire resources of the charity to the Dispensary Department. Contributions are now solicited for the purchase of necessary ground and the erection of a hospital building.

Application should be made in person on the days and at the hours specified below. Medical men, students of medicine, or any other persons interested in public charities, are always welcome to see the workings of the Institution.

Mondays and Thursdays:—

1 o'clock P.M.—Diseases of the Eye and Ear.

4 o'clock P.M.—Diseases of the Brain and Nervous System.

5 o'clock P.M.—Diseases of the Chest.

Tuesdays and Fridays:—

12 o'clock M.—Fevers, etc.

1 o'clock P.M.—Diseases of the Skin.

4 o'clock P.M.—Diseases of Females.

5 o'clock P.M.—Diseases of the Digestive Organs.

Wednesdays and Saturdays:—

12 o'clock M.—Surgery.

Infants and small children prescribed for every morning at 9 o'clock; children vaccinated and teeth extracted at the same hour.

The number of new patients registered at the Hospital during the year ending March 1st, 1872, was 8382.

Of the patients thus received 3724 were males, and 4658 were females; 3787 were adults, and 4595 minors.

Report of Cases treated since the Foundation of the Institution.

Philadelphia Eye and Ear Infirmary.

No. 516 NORTH ELEVENTH ST. INCORPORATED JAN. 1869.

Open daily (Sundays excepted) at 12 M.

The Infirmary is open for the reception and gratuitous treatment of all respectable persons in indigent circumstances of every country and denomination, suffering from disease or injuries of the eye and ear.

Every person contributing five dollars (\$5) or upwards annually to the Infirmary, becomes a contributing member. Any person contributing fifty dollars (\$50) or upwards at one time, becomes a life member.

The daily clinics and operations in the Institution are open to graduates and students of medicine.

Patients from the country, requiring indoor treatment, should apply first by letter to either of the Surgeons, or to the House Surgeon, in order to insure admission on their arrival.

This Institution is supported by voluntary contributions.

Contributions and donations respectfully solicited, and will be thankfully received by the Treasurer, or by any of the Trustees.

Physician in charge: Dr. Louis A. Duhring.

Assistant Physician: Dr. Arthur Van Harlingen.

SECTION V.

CHARITABLE INSTITUTIONS.

The Philadelphia Orphan Society.

NEAR HADDINGTON, WEST PHILADELPHIA.

Founded in 1815.

The Asylum afforded by this Society is supported by annual subscriptions, by donations, and by interest of moneys invested. It accommodates about eighty children, who "must be the orphans of married parents, the boys under six, and the girls under eight years of age. They will be kept in the Asylum until they are twelve years old, when they must be indentured to responsible guardians. It is a fact worthy of record, that during the fifty-two years of the existence of this charity, not one child within its limits has ever been refused admission into the Asylum, while many others have been received by a special vote of the board. No child can be admitted with any physical defect that may deprive it of the power of earning a living, and all must undergo a medical examination by the attending physician of the Society." (*Annual Report for 1867.*)

The following statement is from the Annual Report issued in May, 1872: "There are eighty-three children now in the Asylum, forty-two of whom are boys, and forty-one girls. Sixteen have been admitted during the year, and seven have been indentured into respectable families. Of these the boys who are placed on farms, as it is best for their physical development, have the choice of leaving their masters to learn a trade when they reach the age of seventeen."

Officers and Managers for the Year 1870-71.

First Directress, Mrs. STEPHEN COLWELL.

Second Directress, Miss ELIZABETH FISHER.

Treasurer, Mrs. JAMES BAYARD.

Secretary, Miss MARIA TILGHMAN, 1114 Girard St.

MANAGERS.

Admitting Committee: Miss Tilghman and Mrs. Conarroe.

St. John's Male Orphan Asylum.

WEST PHILADELPHIA.

Under the charge of sixteen Sisters of St. Joseph.
Number of inmates, 358.

Superior: Sister M. APOLLONIA.

St. Joseph's Female Orphan Asylum.

700 SPRUCE STREET.

Under the charge of eight Sisters of Charity. Number of inmates, 130.

Sister Servant: Sister GONZAGA.

Physician: William V. Keating, M.D.

Surgeon: Walter F. Atlee, M.D.

St. Vincent's Home.

EIGHTEENTH AND WOOD STREETS. FOUNDED 1855.

This Institution is for the reception of destitute children. It is supported by private subscriptions, and by an annual appropriation from the city of \$1000. It is under the care of the Sisters of Charity, with the Roman Catholic Bishop of the Diocese (Rt. Rev. James F. Wood) as President *ex-officio*.

It accommodates about 100 children, and 30 at nurse—130 in all.

Applications for the admission of children should be made to the Sister in charge, who never refuses while there is room in the house.

Sister Servant (in charge): Sister Mary Joseph.

Physicians: Drs. Walter F. Atlee and J. J. O'Neal.

Catholic Home for Destitute Orphan Girls.

1720 RACE STREET.

Under the charge of three Sisters of St. Joseph.
Number of orphans, 63.

Superior: Sister SERAPHINE.

Physician: Dr. M. O'Hara.

St. Vincent's Orphan Asylum.

TACONY.

For Catholic German orphans, under care of School Sisters of Notre Dame.

Superior: Sister MARY REGINA.

Number of Orphans 110

The Association for the Care of Colored Orphans.

FORTY-FOURTH STREET AND HAVERFORD ROAD.

Founded in 1822.

The object of this Institution is set forth in its name. It can accommodate about 80 inmates; about 85 are now under its care. Children are admitted from 18 months to 8 years of age; they are indentured chiefly in the country, until 18 or 21 years of age.

Secretary: Elizabeth C. Lowry, 1114 Pine Street.

Foster Home Association.

24TH AND POPLAR STREETS. CHARTERED IN 1839.

The object of this Institution is to provide "for the children of virtuous and industrious individuals, who by the death of one parent, or adverse circumstances, are deprived of support under the parental roof, a Home, where such children shall be received at a moderate compensation, provided with wholesome nourishment, comfortably clad, attended in sickness, taught the rudiments of an English education, have their moral characters carefully formed and habits of regularity and industry established, which will qualify them to be useful members of society."

Any citizen of this commonwealth may become a member of the Association by the annual payment of two dollars or upwards.

At the annual meeting, on the first Tuesday in January, eighteen ladies are chosen to act as Managers.

The children admitted into the "Foster Home" must be half orphans not under three years of age. Boys are not received over six years of age, or girls over nine. The time for removal is left to the decision of the Board of Managers.

Applications for admission may be made to any of the Managers.

The "Home" has now 100 children under its care, filling it to the utmost of its capacity.

Officers.

<i>First Directress,</i>	Miss S. K. DAVIDSON.
<i>Second Directress,</i>	Mrs. BOWIE.
<i>Secretary,</i>	Miss S. K. NEILL.

The Union School and Children's Home.

TWELFTH AND FITZWATER STREETS.

Incorporated March, 1851.

The object of this Institution, the corporate name of which is "The Trustees of the Union School," etc., is "to afford a home, food, clothing, and schooling for destitute orphan children, and for such poor children as may be neglected or deserted by their parents." Twenty-five dollars paid at one time constitutes a life membership; annual contributors are members of the corporation.

The Committee on Admission and Dismission meets at the Home every Friday afternoon at 4 o'clock.

The inmates are generally apprenticed on reaching the age of thirteen years.

President, HORATIO C. WOOD.

Secretary, GEORGE JUNKIN.

James H. Hutchinson,	

The Northern Home for Friendless Children.

BROWN ST. FROM 22D TO 23D ST. PHILADELPHIA.

Incorporated by act of Assembly, January 26, 1854. It is not sectarian. Supported mainly by private contributions. Auxiliary appropriations are made by the city and State.

Its object is to educate and provide for friendless and destitute children of the commonwealth, from three to twelve years of age.

They are received, upon commitment by Judges of the Supreme Court of Pennsylvania; by Judges of the District Courts and Courts of Common Pleas of Philadelphia and Allegheny Counties; and by the President Judges of any of the other county courts in the State. These commitments are based upon affidavits of the facts, taken and reduced to writing in presence of the child or children to be so committed. For Philadelphia cases, application should be made to MacGregor J. Mitcheson, Esq., solicitor and counsel, 528 Walnut Street.

They may also be released by a parent, guardian, or next friend, appearing—with the child or children—before the appropriate committees at the “Home” on any Tuesday at 3½ P.M.

None but healthy children can be accepted. No fees are charged, and no pay received for the admission and care of children.

Friendless orphanage; neglect, abandonment, or inability to support those having one or both parents, are the usual grounds of admission.

When received, they are fed, clothed, and educated at the “Home,” until they can be indentured to learn some useful trade or occupation; the boys until 21, the girls until 18 years of age: when their master, who has supported them meanwhile, must supply them with at least two suits of clothes, one whereof shall be new, and \$50. Farming and housewifery are the branches of industry generally preferred for the boys and girls respectively.

Connected with the Northern Home for Friendless

Children, and under the same management, is a *Home for the Orphans of United States Soldiers and Sailors*, from Pennsylvania, who died during, or from wounds or disease contracted during, the insurrection of 1861-65. For admission to this department of the "Home," or to any of the Homes or Schools of the State, application must be made to the Committee for the ward of the city in which the applicant resides, a list of which is hereunto annexed. Children are admitted from 4 to 16 years of age.

Mitcheson, Esq., No. 528 Walnut Street; or, if for Roman Catholics, to Bishop Wood, Logan Square, as requested in the Letter of Instructions of 22d November, 1864.

The Church Home for Children.

N. E. CORNER OF TWENTY-SECOND AND PINE STS. CHARTERED 1861.

The object of this Institution is to provide for the maintenance and education of orphan and destitute white children, either gratuitously, or at such moderate charge as the circumstances of their parents or guardians may render expedient. It is under the control of a Board of Managers of twenty-one ladies, and a Board of Council of not more than twenty-one gentlemen, elected annually.

Any person who annually pays a sum of not less than two dollars, on or after the first day of February, is a member of this society, and entitled to a vote at the election for Managers and Board of Council. The payment of the sum of fifty dollars at one time constitutes a life member.

[*Extracts from the Constitution.*]

“ARTICLE XII.—Girls after attaining sixteen years of age, and boys after attaining twelve years of age, who become inmates of the Home, by virtue of the provisions of the act of Assembly approved April 19, 1861, shall be indentured to or provided with a

suitable trade or occupation, or be returned to their parents or guardians, at the discretion of the Committee of Admission and Dismission. Those received from parents and guardians shall be wholly surrendered in proper form to the Managers' care and custody. Offers for adopting, indenturing, providing for, or dismissing children under age, shall be submitted to the Board for their consideration and action."

"ARTICLE XV.—No child under the age of four years shall be received, nor any male child over the age of six years, nor any female child over the age of nine years, except by unanimous consent from all the Managers present at the next meeting after application for admission. All boys shall be required to remain until attaining twelve years of age, and girls to sixteen years, unless dismissed in accordance with Article XII. Under peculiar circumstances, children of all ages may be temporarily sheltered."

"ARTICLE XIV. OF THE BY-LAWS.—The gift or bequest of twenty-five hundred dollars (\$2500), shall constitute a Memorial Foundation which shall be called after the name of the donor, or as he or she may designate. The income of the endowment so made shall be appropriated to the perpetual maintenance and education of a child in the Home, the person or corporation so contributing being entitled to the privilege of nominating the child for admission into the Home, in conformity with the rules of the Institution."

"ARTICLE XV.—The annual contribution of one hundred and fifty dollars (\$150), shall entitle the person or corporation so contributing to the privilege of nominating a child for admission into the Home, in conformity with the rules of the Institution; provided, that such payment shall be continued until the child shall leave the Home or be otherwise provided for."

"Present number in the Home, seventy." (*Report*, Feb. 6, 1872.)

The Committee on Admission and Dismission of Inmates meets at the Home on the last Thursday of every month, at 11 A.M.

Board of Council.

The National Asylum for Disabled Volunteer Soldiers.*

MANAGERS.

THE PRESIDENT OF THE UNITED STATES, }
 THE CHIEF JUSTICE, } *Ex-Officiis.*
 THE SECRETARY OF WAR,

Major-General B. F. Butler, President, Lowell, Mass.

Major-General Jno. H. Martindale, Senior Vice-President,
 Rochester, N. Y.

Jay Cooke, Esq., Junior Vice-President, Philadelphia, Pa.

Hon. Lewis B. Gunckel, Secretary, Dayton, Ohio.

Gov. Frederick Smyth, Manchester, N. H.

Dr. Erastus B. Wolcott, Milwaukee, Wis.

Major-General John S. Cavender, St. Louis, Mo.

Hon. Hugh L. Bond, Baltimore, Md.

General Thomas Osborn, Chicago, Illinois.

The Managers of the National Asylum for Disabled Volunteer Soldiers aided during the year 1868 nearly four thousand disabled soldiers. For want of sufficient accommodations, while the asylum buildings were in process of construction, a considerable portion

* Application for information not replied to.—EDITOR.

of those so aided were given "out-door relief," that is, aid to beneficiaries who did not go to the Asylum, but who remained at home. The Managers now give notice, that the buildings of the several Asylums are so far completed as to enable them to receive and care for all the disabled soldiers entitled to admission; and that, hereafter, they will give out-door relief only in cases where the applicant is so sick or so badly disabled, that he cannot be safely removed to one of the Asylums, which facts must be supported by affidavit of the applicant and the certificate of a reputable surgeon.

Three Asylums have been established, each located on grounds selected for beauty and healthfulness. The Central Asylum, near Dayton, Ohio; the Eastern Branch, near Augusta, Maine; and Northwestern Branch, near Milwaukee, Wisconsin. These Asylums have not only all the ordinary comforts of a home, but are each provided with a chapel for religious services, lectures, concerts, etc.; a hospital, with experienced surgeons and nurses; library and reading room, amusement hall, school room, post and telegraph offices, store, workshops, etc. Those who desire to fit themselves for actual employment, may in the school educate themselves for book-keepers, clerks, school-teachers, telegraph-operators, etc.; or, in the workshops, learn new trades suited to their peculiar disability.

The overseers of all almshouses and charity hospitals having disabled soldiers subsisting upon private beneficence are respectfully urged to report such

cases to either of the managers, as it is not fit that meritorious disabled soldiers of the nation should be supported by private or public charity. Soldiers are especially informed that the asylums are neither hospitals nor almshouses, but homes where subsistence, care, education, religious instruction, employment, and amusements are provided for disabled soldiers by the Congress of the United States, to be paid for from the forfeitures and fines of deserters from the army. The provision is not a charity. It is a contribution by the bounty-jumpers and bad soldiers to the brave and deserving, and is their right.

REQUIREMENTS FOR ADMISSION.—Volunteer soldiers desiring admission may apply by letter to either of the managers, or at the branch Asylum nearest to their place of residence; whereupon blank applications will be sent to the applicant, and if duly qualified, transportation will be furnished him. If the applicant is unable to be removed to the Asylum, relief may be granted by the manager to whom the application is made.

The requirements are:—

First—An honorable discharge from the Volunteer Service.

Second—Disability by wounds received or sickness contracted in the line of duty.

Third—A soldier entitled to or having a pension, making application for admission, must forward to the manager to whom he applies for admission, his discharge paper and pension certificate, or receipt

therefor, or both, as the case may be, before his application is granted, which papers will be sent to the branch of the Asylum to which the applicant is admitted, to be kept there for his use, and returned to him when he is discharged. This rule is adopted to prevent the losses of such papers and certificates, and to hinder fraudulent practices.

More particular information as to either of the Asylums can be obtained by addressing the Governor of such Asylum.

The Lincoln Institution.

308 SOUTH ELEVENTH STREET. INCORPORATED 1866.

“Its object is to provide a home for the care and training of white boys and youths, and for the orphan sons of white soldiers and sailors of the United States.” (*Constitution*, Art. 1.)

It is supported by voluntary contributions, and by the board paid by or for some of the inmates. The State of Pennsylvania pays \$125 per annum for each boy sent by the Superintendent of Soldiers' Orphans (office at Harrisburg). Corporators are constituted by annual payments of two dollars or more.

The Institution is under the control of a Board of Managers of thirty ladies and a Board of Council of not more than thirty gentlemen, elected annually by the Society. Six clergymen of the Protestant Episcopal Church, and six physicians, are appointed, to visit the Institution in rotation, for two months each year.

A Committee of the Managers attends at the Institution every Tuesday, at 11 o'clock A.M., to admit and dismiss inmates.

In the Annual Report, issued January, 1872, the council say:—

“The statistics of the Institution show that there have been 188 boys received by it since its formation, of whom 120 are at present with it. Of the remaining 68, five have died, two have been transferred to country schools by order of the State Superintendent, and the balance have been returned to their mothers, they all being over 16, and in a position where they are enabled not only to earn enough for their own support, but also to contribute to that of their mothers. No stronger argument in favor of the system of the Institution can be produced, than the simple recital of this fact. Of those now in the Institution, 62 are working-boys; the remaining 59 are too small yet to be placed in situations. The total number of boys at work during the year is 84.”

The Board of Managers say, in their Report:—

“We are gratified to be able to record the fact, that the much needed nursery for our smaller pupils and a Home for all time for orphan and destitute boys, has been most auspiciously commenced under the corporate title of “The Educational Home for Boys.” Its charter provides that the officers of this Institution shall always be *ex-officio* members; thus legally binding them together. Through the generosity of a gentleman and lady of this city, a square of ground on 49th Street, between Greenway and Kingsessing Avenues, has been presented to this new Institution. The plan of a most complete building, capable of accommodating one hundred and fifty boys, is now in the course of preparation. Its cost will not exceed forty thousand dollars (\$40,000). An appeal is to be made for funds for its erection, and we doubt not it will meet with a liberal response.

Board of Council for 1872.

Superintendent: Mr. Wm. H. Billings. Matron: Miss A. L. Hazleton. Teacher: Mr. William McDonald.

Day-Nursery for Children.

Established April, 1863.

No. 410 BLIGHT ST., BETWEEN PINE AND LOMBARD, BELOW BROAD.

The object of the Day Nursery is to receive and care for, during the day, the young children of poor, industrious working women, whose employment calls them from their homes, and who would otherwise be obliged to leave their children entirely without protection, and subject to the perils of fire and accident.

A payment of 6 cents a day is required from the mother of each child.

No child is received unless the mother is employed away from her home.

Children must be brought to the Nursery as clean as circumstances will allow.

Three meals a day are given of good, wholesome food, and washing and bathing are strictly attended to.

Children are received at $6\frac{1}{2}$ o'clock in the morning, and none are admitted who are over eight years of age. They must be called for and taken away by their mothers by 7 o'clock in the evening.

Such instruction as they are capable of receiving, is given them by the Matron, who also exercises a careful supervision in the play-room which is provided for them.

Those who are old enough are sent to the Public Schools, and return to the Nursery for meals and during the school recess.

The Nursery is visited daily in turn by one or more of the Managers.

The number of children admitted into the Nursery during 1871 was 134; daily average, 23; total number of meals provided, 15,840; families represented, 74; greatest number of children admitted in one day, 39.

Pennsylvania Training-School for Feeble-Minded Children.

MEDIA, DELAWARE COUNTY, PA. FOUNDED IN 1854.

This Institution is supported in part by private contributions, and in part by the board paid for private pupils, as well as for others who are maintained from funds appropriated by the States of Pennsylvania, New Jersey, and Delaware. The city of Philadelphia has also a fund upon which twelve children may be sent from the Children's Asylum of the Almshouse, by the proper committee, to the Training-School. The Pennsylvania Soldiers' Orphan Fund is also used for the support of some pupils here.

It would be beyond the province of this volume to do more than mention this Institution. Information may be obtained from the Superintendent, to whom all applications for admission should be addressed.

The following statistics for 1871 are appended to the last annual report of the School:—

Number of inmates December 31, 1870	.	.	185
“ “ admitted during 1871	.	..	46
“ “ removed	.	.	46
On roll December 31, 1871	.	.	185
Of whom are males	.	.	109
“ “ females	.	.	76
Deceased	.	.	8
Discharged improved	.	.	39
“ not improved	.	.	7
In remunerative employment	.	.	5

The 185 inmates are from States as follows: Massachusetts, 1; New York, 1; New Jersey, 31; Pennsylvania, 136; Delaware, 4; Maryland, 5; Alabama, 3; Missouri, 1; Illinois, 1; Oregon, 1; West Virginia, 1.

Number on State Fund of Pennsylvania	.	.	81½
“ “ New Jersey	.	.	25½
“ “ Delaware	.	.	3
“ City Fund of Philadelphia	.	.	11
“ Soldiers' Orphan Fund of Pennsylvania	.	.	2½

<i>Superintendent,</i>	ISAAC N. KERLIN, M.D.
<i>Consulting Physician,</i>	JOSEPH ROWLAND, M.D.

The Pennsylvania Institution for the Deaf and Dumb.

N. W. CORNER OF BROAD AND PINE STREETS.

This Institution is supported by the interest of invested legacies and scholarship funds, by private subscriptions, and by the money paid for tuition of pupils. Of these, a large proportion are maintained by the State of Pennsylvania, a few by the State of New Jersey, a few by Delaware, and three on scholarships.

Subscriptions, Donations, etc.

Life subscription	\$20 00
Annual subscription	2 00

Received by any member of the Board of Directors.

Donations to the Library, of books, maps, pictures, etc., and to the Cabinet, of apparatus, specimens, curiosities of nature and art, will be received at the Institution. •

Scholarships.

A donation or bequest of \$4000 will found a scholarship, which shall bear the donor's or such other name as he may designate.

Terms of Admission.—Children are not received

under ten years of age. The annual charge is \$280, for which sum everything necessary is supplied, including the usual clothing of the Institution, boarding, lodging, washing, tuition, stationery, and medical attendance. When clothing is provided by the friends, only \$240 a year are charged.

It is very desirable that the deaf and dumb should be taught to form letters with a pen or pencil, and, if possible, to write the names of common objects, before they are sent to the Institution.

STATE OF PENNSYLVANIA.

Applicants for the bounty of the Commonwealth of Pennsylvania must be between the ages of ten and twenty years; and, before they can be admitted, satisfactory evidence must be furnished, from respectable persons of their neighborhood, of the pecuniary inability of the parents, and of the good natural intellect of the child, and its freedom from any constitutional malady that might incapacitate it for instruction.

On application to the Principal of the Deaf and Dumb Institution, Philadelphia, by letter or otherwise, a paper with printed questions and blank spaces for answers will be forwarded. After the paper has been filled out, it must be returned to the Institution. The applicant will soon be informed of the result of the application.

The number of pupils on the State fund is limited; new pupils can only be admitted when vacancies occur. The term allowed is six years, which may be extended to eight.

STATE OF NEW JERSEY.

Applications for the bounty of the State of New Jersey must be made to the Governor, "accompanied by the certificate of any two respectable individuals, attested before a magistrate, to the age, circumstances, and capacity of the deaf mute in whose behalf the application is made."

STATE OF DELAWARE.

Applications for the bounty of the State of Delaware must be made to the Associate Judges of the State.

The Pennsylvania Institution for the Instruction of the Blind.

RACE STREET FROM 20TH TO 21ST. FOUNDED IN 1833.

This Institution is supported chiefly by annual appropriations from the State; it has also an annual income from invested legacies. It is under the control of a Board of Managers.

Indigent blind persons are admitted and maintained for eight years at the charge of the State; they receive a good practical education in literature and music, and are also taught trades. Those who leave in good standing, but are indigent, receive an outfit of from \$50 to \$100, to aid them in getting such books, machinery, or apparatus as they may need.

Applications for the admission of patients may be

made to the Chairman of the Committee on Admissions, Hon. A. V. Parsons, or to the Principal, who will furnish the necessary papers. Children are not usually admitted under 11 years of age, nor if they have sufficient sight to be taught in the public schools.

Persons able to pay are charged \$300 per annum, or a less sum, according to their ability.

Officers of the Institution.

Patron, His Excellency, J. W. GEARY, Governor of the State.

President, ALFRED L. ELWYN, M.D.

Vice-Presidents, THOMAS S. KIRKBRIDE, M.D.

Industrial Home for Girls.

762 SOUTH TENTH STREET. CHARTERED IN 1859.

The object of this Institution is to afford a home for such poor girls, orphans or half orphans, over the age of ten years, as may be brought by parents, or received under the approval of the Judge of a Court of Record for the city and county of Philadelphia, or any President Judge of the Courts of this Commonwealth ; to detain, maintain, educate, and control such girls until proper persons can be found who may be willing to receive them as apprentices to some useful art, trade, calling, or employment, when, with the assent of any Alderman, or Judge of a Court of Record of the city or county, they may be indentured until the age of eighteen years.

The Home is supported by voluntary contributions. It is in the hands of a Board of Trustees, with whom are associated twenty ladies as Managers.

During the fourteen years of the existence of this Institution, more than three hundred girls have been received into its care, nearly two hundred girls have been placed in families, ninety-five have done well at service, have served out their time, learned trades, married, or supported themselves respectably.

Visitors.—A cordial welcome awaits visitors from a distance any day, Sundays excepted.

Thursdays is the convenient day for visitors, as the Committees can aid the Superintendent.

Saturday afternoon the inmates of the Home receive their friends.

The Fuel Savings Society.

FOUNDED IN 1821.

“WHEREAS, the article of Fuel constitutes an important item in the public, as well as private expenditure for the support of the poor, and it being expedient to devise some plan to diminish the increasing demand on public beneficence, and also to afford encouragement to habits of industry and economy: therefore, a number of citizens of Pennsylvania, desirous of promoting these objects, have associated themselves under the title of “THE FUEL SAVINGS SOCIETY OF THE CITY AND LIBERTIES OF PHILADELPHIA.”
—(*Preamble to Constitution.*)

The officers are a President, two Vice-Presidents, a Secretary, Treasurer, and twelve Managers, who constitute a Board, chosen annually.

The Managers have power to elect members of the Society, make by-laws, accept resignations, supply vacancies in their own body, and generally to transact the business of the Society in its recess.

The Managers appoint a Fuel Committee, whose duty it is to purchase fuel on the best terms, and to report their proceedings at each stated meeting; and when their purchases are completed, to report the average cost of fuel, to enable the Board to determine the price for the coming season.

They appoint suitable agents to receive deposits, who are to pay over the amount when called for by the Managers.

The deposits from any one person are limited by the Board, and are subject to such other regulations as may be adopted.

Depositors are entitled to draw Fuel in the winter to the amount of their deposits, subject to such regulations as the Managers may adopt.

According to Article VI. of the Constitution,

“The Society shall have power to assess an annual contribution upon its members for the support of the Institution, provided the clear yearly income of this Society from all sources shall not exceed \$2000. Ten dollars in one payment shall constitute life-membership.

“No officer or other member of the Society shall, directly or indirectly, receive any compensation for services rendered the Institution; nor shall they be responsible for any losses that may occur.”

Article VI. of the By-laws reads thus: the Receivers

SEC. I. Shall be appointed by the Board, and they alone shall receive money from depositors.

SEC. II. They shall furnish each depositor with a pass-book, and enter therein the date and amount of each deposit; and the date and amount of all orders for fuel.

SEC. III. They shall keep a regular account of deposits, and furnish a statement to the Board monthly, or at such times as they may direct; and pay over to the Treasurer when called upon, all moneys received.

SEC. IV. No deposits shall be received after the 31st day of tenth month (October), on account of the current year, unless authorized by a resolution of the Board; but deposits may be received at any time on the next year's account.

SEC. V. In giving orders for fuel, if there should be a balance due any depositor, short of the price of a quarter of a ton of coal, the receiver is authorized to give an order on the Treasurer for said balance; and any depositor, or his or her legal representatives, may demand and receive from the Treasurer the full amount of his or her deposits upon an order to be given by the Receiver with whom such deposits have been made, provided that such order

has been obtained prior to the first day of 12th month (December), of the current year.

SEC. VI. They shall record in a book the *name, residence, and occupation* of each depositor; *the number of male and female adults* in the family; and *the number of children*.

And Article VII. :—

SEC. I. No deposits shall be received, raised by charitable contributions.

SEC. II. Fuel may be delivered to depositors, on and after 12th Mo. (December) 1st.

Friends' Charitable Fuel Association.

RACE STREET, NEAR FIFTEENTH.

Clerk: WM. M. HEACOCK.

The Union Benevolent Association.

ROOMS N. W. CORNER OF SEVENTH AND SANSOM STREETS.

Founded in 1831.

This is "an Institution for the encouragement of industry, the suppression of pauperism, and the relief of suffering among the worthy poor." Hence, as an adjuvant to the more strictly medical institutions of charity, it may well find notice here. It is supported by the contributions of the benevolent, and its operations are directed to the supplying of the deserving poor with such comforts as carpets, bedding, food, clothes, coal, and the loan of stoves. One hundred and fifty female visitors, and one male, are engaged in seeking out and investigating the cases for which its benefits are claimed.

ARTICLE II.—Every citizen of the Commonwealth of Pennsylvania, who shall pay into the hands of the Treasurer the sum of one hundred dollars, and be elected by the Board, shall be a member for life; and every such citizen who shall pay annually into the hands of the Treasurer the sum of five dollars, and be elected by the Board, shall be a member while he contributes.

Officers for 1872-73.

Office N. W. corner Seventh and Sansom Streets.

(Of whom information can be obtained as to the districts and their visitors.)

The Grandom Institution.

INCORPORATED APRIL 23, 1841.

This Institution was established under the will of Hartt Grandom, who left a letter of instructions to his executors, expressing a wish that they should transfer to an incorporated or benevolent society all the ground rents he might own at his decease, and other suitable property, so as to make the clear annual income about fifteen hundred dollars, to be an annual permanent fund, to alleviate the most prudent of the poor (but not the intemperate) in procuring fuel, clothing, and other necessities, which such persons want in winter, of which only the income should be expended, and not to be lessened, but remain to produce a regular annual income for said purpose.

He in like manner further declared that he had long desired that a society were established in the city of Philadelphia, composed of discreet members, who feel an interest in the moral and religious welfare of young men who arrive at manhood and want assistance to commence the various vocations they have learned, and whose parents are unwilling or unable to aid them, whereby they sustain loss, and feeling it to be his duty to commence such an institution, he directed that if an incorporated or other society should be formed at his decease or within one year thereafter, such as should be approved by his executors and those whom they should consult, and embrace the views of the testator, a conveyance should be made to it, either

of the real or personal property, worth about twenty thousand dollars.

These provisions were duly carried out by the organization of a society.

The *Managers* make by-laws for their own government, and adopt such regulations, and appoint and remove at pleasure such officers or assistants as they deem advisable, for carrying into effect the objects of the Institution. They have power to elect contributors; to accept resignations; to supply vacancies in their own body; and to generally transact the business of the Institution. They meet monthly, and report a summary of their proceedings for the year to the annual meeting of the contributors.

Members. An annual payment of three dollars is required from each contributor; but the payment of twenty dollars constitutes membership for life.

It is a condition of all loans, and incorporated in every bond:—

I. That loans shall be made to, or continued with, those only who are temperate and of good moral character.

II. That the recipient, in case of difficulty or insolvency, shall make no preferences by assignment or otherwise, but convene his creditors, and be governed by their counsel or directions.

III. That he shall keep insured from year to year his stock of goods and implements of trade, and shall deposit the policy with the Secretary of this Society, who in case of loss shall be authorized to receive the insurance money and apply the same to restore the property destroyed or injured, without discharging the liability of the sureties.

IV. That he shall keep an exact account of his expenses: take an inventory of his stock on hand, and settle up his accounts once

a year; and that his books and balance sheet shall be open to the inspection of the committee and sureties when required.

V. That no loan shall be made of a larger amount than five hundred dollars to one individual, nor for a longer term than five years; but a gradual return of the principal at an earlier day may be stipulated for if deemed expedient.

VI. The rate of interest shall be six per cent. per annum, payable half yearly, and to be paid within thirty days after it becomes due; but if paid to the treasurer within five days after it becomes due, it shall be only five per cent. per annum.

VII. That if any of said conditions shall be violated, it shall be construed as a forfeiture of the credit on the loan, and the Institution shall be at liberty to proceed forthwith to recover the amount thereof, with interest, by due course of law, but without taking a preference thereby in case the borrower shall make a just and equal distribution of his effects among his creditors; and the omission to take a preference shall in no wise exonerate the sureties.

VIII. No loan shall be made without two good and sufficient sureties, who shall assent to all the conditions of these regulations respecting loans.

IX. The committee and sureties shall be at liberty to exercise a watchful and friendly care over the borrowers for their good, without its being considered officious; and if at any time the sureties shall become uneasy with the conduct of the borrower they are security for, they may require the debt to be paid by him, or that he shall make an assignment for the equal benefit of his creditors.

X. That the report of a majority of the Committee on Loans to the Secretary, that any of these conditions shall have been violated, shall be sufficient authority to enter up the warrant of attorney, and to proceed for the recovery of the debt; but any omission to proceed for such recovery, shall not be pleaded in defence by the sureties, until they shall have given written notice to the Secretary requiring a collection for a specified cause; and the cause being

sufficient and true, there shall have been unreasonable delay in the attempt to recover the debt; and then only shall be discharged to the extent of the loss sustained by such neglect.

Officers.

President, JOHN M. OGDEN.
Vice-Presidents, JOHN M. WHITALL,

Managers.

Samuel Townsend,	T. J. Husband,
W. P. Sharpless,	David Scull,
Jos. C. Turnpenny,	Joseph Bacon,
Dillwyn Parrish,	Thomas C. Price,
M. C. Cope,	Henry C. Townsend,
Stephen S. Price,	T. Wistar Brown.
Samuel Jeanes,	

Secretary and Treasurer, Edwin S. Dixon,

No. 715 Walnut Street.

(To whom business communications should be addressed.)

The following Institutions may be merely enumerated. Information concerning them may be obtained by application to the officers:—

SOCIETIES FOR THE EMPLOYMENT OF THE POOR.

Western Association of the Ladies of Philadelphia for the Relief and Employment of the Poor, 19 S. 17th St. *Directress,* Susan P. Lloyd. *Secretary,* Miss Fanny Rosengarten.

Northern Association of the City and County of Philadelphia for the Relief and Employment of Poor Women, 702 Green Street. *President,* Priscilla H. Henszey. *Secretary,* Lizzie Hicks.

Female Society of Philadelphia for the Relief and Employment of the Poor, 112 North 7th Street. *Clerk*, Juliana Randolph.

Friends' Association for the Relief of Colored Freedmen, 116 North 4th Street. *Actuary*, Mary E. Shearman.

SOUP SOCIETIES.

Philadelphia Society for Supplying the Poor with Soup, 328 Griscom Street. *President*, Joseph S. Lewis. *Secretary*, George I. Scattergood.

Western Soup Society, 1615 South Street. *Secretary*, John E. Carter.

Southwark Soup Society, Sutherland Street near Queen. *President*, Philip Powell.

Moyamensing Soup Society, 8th and Marriott Streets. *President*, Robert England. *Secretary*, J. Lesley Anderson.

Spring Garden Soup Society, 1329 Buttonwood Street. *President*, James Peters. *Secretary*, F. B. Atmore.

Kensington Soup Society, 247 Allen Street. *President*, John Robbins. *Secretary*, Charles M. Lukens.

Northern Soup Society, 817 North 4th Street. *President*, Charles J. Sutter. *Secretary*, Samuel T. Child.

HOMES FOR SPECIAL CLASSES.

West Philadelphia Children's Home, 199 North 41st Street. *President*, Mrs. Irwin. *Secretary*, Miss Ellen P. Eakin.

Lutheran Orphans' Home, 5582 Germantown Avenue. *President*, Paul P. Keller. *Secretary*, Lewis L. Houpt. (Also an Asylum for the Aged and Infirm of the Evangelical Lutheran Church.)

Baptist Home, 45th and Transcript Streets, West Philadelphia. *President*, Mrs. L. Knowles. *Secretary*, Mrs. P. G. Mollin.

Boarding Home for Young Women, 915 Clinton Street.

Jewish Foster Home, 1431 North Fifteenth Street. *President*, — — —. *Physician*, A. C. Bournonville.

Bethesda Home for Orphan Children, Chestnut Hill.

German Reformed (Church) Orphan Asylum, Richmond Street near Kirkbride Street, Bridesburg.

Old Man's Home, Thirty-ninth Street and Powelton Avenue.

Penn Widows' Asylum, Belgrade Street above Otis. *President*, M. B. Stockham. *Secretary*, Mrs. E. J. Fox.

Home for Aged and Infirm Colored Persons, Belmont Avenue (340 South Front Street). *President*, Dillwyn Parrish.

Home for Destitute Colored Children, Darby Road and Forty-sixth Street. *President*, M. K. Williamson.

Home for Aged and Infirm Members of the Methodist Episcopal Church, Lehigh Avenue, east of Broad Street. *Corresponding Secretary*, Mrs. J. E. Salter.

Home for the Homeless, 708 Lombard Street. *Matron*, Sarah Smith.

Home for Little Wanderers, Bainbridge above Eighth Street. *President*, Hon. James Pollock. *Secretary*, Rev. M. B. Grier.

Home for Aged and Infirm Israelites, Haverford Road and Westminster Avenue. *President*, Alfred T. Jones. *Secretary*, Henry T. Hunt.

JEWISH SOCIETIES.

Society of the United Hebrew Charities, 30 North 7th Street.

Hebrew Mutual Aid Society, Sixth Street near Brown. *President*, Abraham Kauffman. *Secretary*, Sigismund Jones.

Hebrew Philanthropic Association, *President*, A. Solomons. *Secretary*, Nathaniel Aarons.

Society for the Relief of Widows and Orphans, Julianna Street near Wood. *President*, Solomon Teller. *Secretary*, A. Klopfer.

German Ladies' Hebrew Benevolent Society, Julianna Street near Wood. *President*, Mrs. Babette Frank. *Secretary*, B. F. Greenewald.

Female Hebrew Benevolent Society, 117 North Seventh Street. *President*, Mrs. A. S. Hart. *Secretary*, Mrs. Henry Cohen.

SEAMEN'S SOCIETIES.

Pennsylvania Seamen's Friend Society, 422 South Front Street. *President*, Arthur G. Coffin. *Secretary*, S. Bonhomme.

Female Seamen's Friend Society, 422 South Front Street. *Directress*, Miss Elizabeth P. Shields. *Corresponding Secretary*, Mrs. Sarah J. Hale.

BENEFICIAL SOCIETIES.

Mercantile Beneficial Association, Seventh and Sansom Streets. *President*, William C. Ludwig. *Secretary*, William A. Rolin.

Merchants' Fund, 505 Chestnut Street. *President*, John Welsh. *Secretary*, William H. Bacon.

Merrick Beneficial Society, Sixth and Christian Streets. *President*, Henry Isaacs. *Secretaries*, Thomas M. Stevens and Wm. J. Hoyt.

Hunt Female Beneficial Society, 10 Currant Place. *President*, John Manderson. *Secretary*, Townsend McGinley.

Female Association of Philadelphia, 2029 Pine Street. *President*, Miss Fisher. *Secretary*, Mrs. E. Coleman.

Philadelphia Association for the Relief of Disabled Firemen, 34 North Fifth Street. *President*, G. K. Tryon. *Secretary*, E. D. Yates.

Society for the Relief of the Sick and Mutual Assistance. *President*, Alfred T. Jones, 321 Chestnut Street.

Cherry Street Free Bathing House, Nos. 709 and 711 Cherry Street. *Secretary*, John L. Hough.

The following Beneficial Societies of resident foreigners, or persons of foreign descent, may be appropriately noticed here:—

St. Andrew's Society, organized in 1749. *President*, Charles Macalester. *Secretary*, Craig D. Ritchie, 508 Walnut Street.

Society of the Sons of St. George, 154 South Fourth St., established in 1772. *President*, James Allen. *Secretary*, James R. Webb, Eighth and Walnut Streets.

St. David's Society, 130 South Fifth Street; founded in 1798. *President*, Horatio G. Jones. *Secretary*, W. F. Parry, 1314 North Eleventh Street.

Albion Society, 128 Walnut Street; incorporated in 1855. *President*, F. Fairthorne. *Secretary*, William G. Boulton.

Hibernian Society, 138 South Front Street. *President*, Robert Patterson. *Secretary*, William Morgan.

German Society of Pennsylvania, 24 South Seventh St. *President*, ———— *Secretaries*, Alfred Kusenberg and H. P. Zeuner.

French Benevolent Society, chartered in 1835. *President*, M. Bouvier. *Vice-President*, H. A. Pintard. *Treasurer*, H. Perdriaux. *Secretary*, X. Bazin, 917 Cherry Street. *Physicians and Surgeons*, Walter F. Atlee, A. C. Bournonville, A. D. Hall, C. P. La Roche, E. A. Spooner, C. P. Turner, C. Beeken, and E. P. Bernardy.

Swiss Benevolent Society, Fourth and Wood Streets; chartered December, 1865. *President*, R. Koradi. *Secretary*, Aug. H. Wirz, 101 South Eighth Street.

State Lying-in Hospital and Infirmary for the Diseases of Women.*

FILBERT STREET, ABOVE 17TH.

The object of this charity is twofold: First, For the reception of all women who need a place of refuge during their confinement, many of whom, by the restrictions of existing institutions, would otherwise be obliged to resort to the Almshouse. Second, To provide a limited number of beds for women suffering from diseases which are amenable to surgical operations.

A general Dispensary service of the Diseases of Women is also projected. The charity is supported chiefly by voluntary contributions, but in part by the payment of board proportional in amount to the means of the patient.

Board of Governors.

Jas. W. White,	John P. Verree,
Caleb J. Milne,	William Struthers,
John F. Weightman,	Andrew Nebinger,
H. E. Goodman,	Jas. V. Watson,
S. Gross Fry,	R. E. Peterson.
A. Snow Naudain,	

Four appointments by the Governor of the State are as yet vacant.

Consulting Accoucheurs:—

Prof. R. A. F. Penrose,	Prof. Ellerslie Wallace.
-------------------------	--------------------------

* This Institution is just organized, and could not be put in its proper place.—Ed.

Consulting Surgeons:—

Dr. F. F. Maury,

Dr. H. Earnest Goodman.

Consulting Physicians:—

Dr. Alfred Stillé,

Dr. S. Weir Mitchell.

Accoucheurs:—

Dr. Charles H. Merklein,

Dr. J. V. Ingham,

R. G. Curtin,

Horace Williams.

Surgeons:—

Dr. Edward L. Duer,

Dr. W. F. Jenks,

John S. Parry,

J. A. McArthur.

SECTION VI.

MISCELLANEOUS MATTERS.

State Laws affecting Physicians practising in Philadelphia.*The "Anatomy Act."*

Any public officer in the city of Philadelphia and county of Alleghany, having charge thereof, or control over the same, shall give permission to any physician or surgeon of the same city and county, upon his request made therefor, to take the bodies of deceased persons, required to be buried at the public expense, to be by him used, within the State, for the advancement of medical science, preference being given to medical schools, public and private, and said bodies to be distributed to and among the same equitably, the number assigned to each being proportioned to that of its students: *Provided, however*, that if the deceased person, during his or her last sickness, of his or her own accord, shall request to be buried, or if any person, claiming to be, and satisfying the proper authorities that he is, of kindred to the deceased, shall ask to have the body for burial, it shall be surrendered for interment; or if such deceased person was a stranger or traveller, who died suddenly, the body shall be buried, and shall not be handed over as aforesaid. (Act of March 18, 1867, § 1. P. L. 497.)

Every physician or surgeon, before receiving any such dead body, shall give to the proper authorities, surrendering the same

to him, a sufficient bond that each body shall be used only for the promotion of medical science, within this State; and whosoever shall use such body or bodies for any other purpose, or shall remove the same beyond the limits of this State, and whosoever shall sell or buy such body or bodies, or in any way traffic in the same, shall be deemed guilty of a misdemeanor, and shall, on conviction, be imprisoned for a term not exceeding five years, at hard labor, in the county jail. (Ibid. § 2.)

Ungraduated Physicians and Druggists.

It shall be unlawful for any person to commence or continue the practice of medicine or surgery in the counties of Dauphin, Chester, Carbon, Luzerne, Mercer, Erie, Blair, Bradford, Sullivan, Crawford, Beaver, Monroe, Washington, Venango, Lycoming, Huntingdon, Schuylkill, Lawrence, Somerset, PHILADELPHIA, York, Union, and Adams, who has not graduated with the degree of Doctor of Medicine, and received a diploma from a chartered medical school or other institution authorized to grant medical diplomas: *Provided*, that the provision of this section shall not apply to persons who have been ten years in continuous regular practice in said county, though they may not have graduated as aforesaid, nor to persons who are reading medicine under the control and instruction of a physician or surgeon who has the qualification to practise prescribed by this section, when such persons have the assent of such preceptor to practise: *Provided, however*, that such student shall not locate any office or business station outside the usual office of his preceptor. (Act of March 31, 1870, § 1. P. L. 705.)

Sale of Poisons.

If any person shall sell or expose for sale the flesh of any diseased animal, or any other unwholesome flesh, knowing the same to be diseased or unwholesome; or sell or expose for sale unwholesome bread, drink, or liquor, knowing the same to be unwholesome; or shall adulterate for the purpose of sale, or sell, any flour, meal, or other article of food, any wine, beer, spirits of any kind, or

other liquor intended for drinking, knowing the same to be adulterated; or shall adulterate for sale, or shall sell, knowing them to be so adulterated, any drugs or medicines: such persons so offending shall be guilty of a misdemeanor, and upon conviction be sentenced to pay a fine not exceeding one hundred dollars, or undergo an imprisonment not exceeding six months, or both, or either, at the discretion of the court. (Act of March 31, 1860, § 69. P. L. 400.)

No apothecary, druggist, or other person shall sell or dispose of, by retail, any morphia, strychnia, arsenic, prussic acid, or corrosive sublimate, except upon the prescription of a physician, or on the personal application of some respectable inhabitant of full age, of the town or place in which such sale shall be made; and in all cases of such sale, the word poison should be carefully and legibly marked or placed upon the label, package, bottle, or other vessel or thing in which such poison is contained; and when sold or disposed of, otherwise than under the prescription of a physician, the apothecary, druggist, or other person selling or disposing of the same, shall note in a register kept for that purpose, the name and residence of the person to whom such sale was made, the quantity sold, and the date of such sale; any person offending herein shall be guilty of a misdemeanor, and, on conviction, be sentenced to pay a fine not exceeding fifty dollars. (Ibid. § 70.)

Murder.

All murder which shall be perpetrated by means of poison, or by lying in wait, or by any other kind of wilful, deliberate, and premeditated killing, or which shall be committed in the perpetration of, or attempt to perpetrate, any arson, rape, robbery, or burglary, shall be deemed murder of the first degree, and all other kinds of murder shall be deemed murder in the second degree, and the jury before whom any person indicted for murder shall be tried, shall, if they find such person guilty thereof, ascertain in their verdict whether it be murder of the first or second degree; but if such person shall be convicted by confession, the court shall

proceed, by examination of witnesses, to determine the degree of the crime, and to give sentence accordingly. (Ibid. § 74.)

Death following the Attempt to Procure an Abortion.

If any person shall unlawfully administer to any woman pregnant or quick with child, or supposed and believed to be pregnant or quick with child, any drug, poison, or other substance whatsoever, or shall unlawfully use any instrument or other means whatsoever, with the intent to procure the miscarriage of such woman, and such woman, or any child with which she may be quick, shall die in consequence of either of said unlawful acts, the person so offending shall be guilty of felony, and shall be sentenced to pay a fine not exceeding five hundred dollars, and to undergo an imprisonment, by separate or solitary confinement at labor, not exceeding seven years. (Ibid. § 87.)

Procuring or Attempting to Procure an Abortion.

If any person, with intent to procure the miscarriage of any woman, shall unlawfully administer to her any poison, drug, or substance whatever, or shall unlawfully use any instrument or other means whatsoever, with the like intent, such person shall be guilty of felony, and, being thereof convicted, shall be sentenced to pay a fine not exceeding five hundred dollars, and undergo an imprisonment, by separate or solitary confinement at labor, not exceeding three years. (Ibid. § 88.)

Concealing the Death of a Bastard Child.

If any woman shall endeavor privately, either by herself or the procurement of others, to conceal the death of any issue of her body, male or female, which, if it were born alive, would by law be a bastard, so that it may not come to light, whether it was born dead or alive, or whether it was murdered or not, every such mother, being convicted thereof, shall suffer an imprisonment, by separate or solitary confinement at labor, not exceeding three years; and if the grand jury shall, in the same indictment, charge

any woman with the murder of her bastard child, as well as with the offence aforesaid, the jury by whom such woman shall be tried may either acquit or convict her of both offences, or find her guilty of one and acquit her of the other, as the case may be. (Ibid. § 89.)

Publication of Nostrums for Secret Diseases, &c., unlawful.

It shall not be lawful to print or publish advertisements of medicines, drugs, nostrums, or apparatus for the cure of secret or venereal diseases, or for the cure of those diseases peculiarly appertaining to females; and if any person shall print or publish, or procure to be printed or published, in any newspaper in this State, any advertisement of medicines, drugs, or nostrums, or apparatus for the cure of secret or venereal diseases, or for the cure of those diseases peculiarly appertaining to females, or shall, by printing or writing, or in any other way, publish an account or description of such medicines, drugs, nostrums, or apparatus, or shall procure the same to be published or written, or in any other way published, or shall circulate or distribute any such newspaper advertisement, writing, or publication, every such person so offending shall be guilty of a misdemeanor, and shall, upon conviction thereof, be fined in any sum not exceeding one thousand dollars, or be imprisoned in the county jail not exceeding six months, or both, at the discretion of the court. (Act of March 16, 1870, § 1. P. L. 40.)

Publication of Nostrums for preventing Conception or procuring Abortion, or Sale thereof.

If any person shall print or publish, or cause to be printed or published, in any newspaper in this State, any advertisement of any secret drug or nostrum purporting to be for the use of females; or if any druggist or other person shall sell or keep for sale, or shall give away, any such secret drug or nostrum purporting to be for the use of females; or if any person shall, by printing or writing, or in any other way, publish an account or description

of any drug, medicine, instrument, or apparatus for the purpose of preventing conception, or of procuring abortion or miscarriage; or shall, by writing or printing, or any circular, newspaper, pamphlet, or book, or in any other way, publish or circulate any obscene notice; or shall, within this State, keep for sale or gratuitous distribution any secret drug, nostrum, or medicine for the purpose of preventing conception, procuring abortion or miscarriage; such person or persons, so violating any of the provisions of this act, shall be guilty of a misdemeanor, and shall, upon conviction thereof, be fined in any sum not exceeding one thousand dollars, or be imprisoned in the county jail not exceeding six months, or both, at the discretion of the court: *Provided*, that nothing in this act contained shall be construed to affect teaching in regular chartered medical colleges, or the publication of standard medical books. (Ibid. § 2.)

An act to provide for the admission of certain classes of the insane into hospitals for the insane in this commonwealth, and their discharge therefrom.

Be it enacted, etc., That insane persons may be placed in a hospital for the insane by their legal guardians, or by their relatives or friends, in case they have no guardians, but never without the certificate of two or more reputable physicians, after a personal examination, made within one week of the date thereof, and this certificate to be duly acknowledged and sworn to or affirmed before some magistrate or judicial officer, who shall certify to the genuineness of the signature, and to the respectability of the signers.

SEC. 2. That it shall be unlawful and be deemed a misdemeanor in law, punishable by a fine of not exceeding one hundred dollars, for any superintendent, officer, physician, or other employé of any insane asylum, to intercept, delay, or interfere with in any manner whatsoever, the transmission of any letter or other written communication, addressed by an inmate of any insane asylum, to his or her counsel, residing in the county in which the home of the patient is, or in the city or county in which the asylum is located.

SEC. 3. On a written statement, properly sworn to or affirmed, being addressed by some respectable person to any law judge, that a certain person, then confined in a hospital for the insane, is not insane, and is thus unjustly deprived of his or her liberty, the judge shall issue a writ of *habeas corpus*, commanding that the said alleged lunatic be brought before him for a public hearing, where the question of his or her alleged lunacy may be determined, and where the onus of proving the said alleged lunatic to be insane shall rest upon such persons as are restraining him or her of his or her liberty.

SEC. 4. Whenever any person is acquitted in a criminal suit on the ground of insanity, the jury shall declare this fact in their verdict, and the court shall order the prisoner to be committed to some place of confinement for safe keeping or treatment, there to be retained until he may be discharged in the manner provided in the next section.

SEC. 5. If, after a confinement of three months' duration, any law judge shall be satisfied by the evidence presented to him that the prisoner has recovered, and that the paroxysm of insanity in which the criminal act was committed was the first and only one he had ever experienced, he may order his unconditional discharge. If, however, it shall appear that such paroxysm of insanity was preceded by at least one other, then the court may in its discretion appoint a guardian of his person, and to him commit the care of the prisoner; said guardian giving bonds for any damage his ward may commit; provided, always, that in case of homicide, or attempted homicide, the prisoner shall not be discharged, unless in the unanimous opinion of the superintendent and managers of the hospital, and the court before which he or she was tried, he or she has recovered and is safe to be at large.

SEC. 6. Insane persons may be placed in a hospital by order of any court or law judge after the following course of proceedings, namely: On statement in writing of any respectable person that a certain person is insane, and that the welfare of himself or of others requires his restraint, it shall be the duty of the judge to appoint immediately a commission, who shall inquire into and re-

port upon the facts of the case. This commission shall be composed of three persons, one of whom, at least, shall be a physician, and another a lawyer. In their inquisition they shall hear such evidence as may be offered touching the merits of the case, as well as the statements of the party complained of, or of his counsel. If in their opinion it is a suitable case for confinement, the judge shall issue his warrant for such disposition of the insane person as will secure the object of the measure.

SEC. 7. On statement in writing to any law judge, by some friend of the party, that a certain person placed in a hospital under the fifth section, is losing his bodily health, and that consequently his welfare would be promoted by his discharge, or that his mental disorder has so far changed its character as to render his further confinement unnecessary, the judge shall make suitable inquisition into the merits of the case, and according to its results, may or may not order the discharge of said person.

SEC. 8. Persons placed in any hospital for the insane may be removed therefrom by parties who have become responsible for the payment of their expenses; provided that such obligation was the result of their own free act and accord, and not of the operation of law, and that its terms require the removal of the patient in order to avoid further responsibility.

SEC. 9. If it shall be made to appear to any law judge that a certain insane person is manifestly suffering from the want of proper care or treatment, he shall order such person to be placed in some hospital for the insane at the expense of those who are legally bound to maintain such insane person, but no such order shall be made without due notice of the application therefor shall have been served upon the persons to be affected thereby, and hearing had thereon.

SEC. 10. If the superintendent or officers of any hospital for the insane shall receive any person into the hospital, after full compliance with the provisions of this act, no responsibility shall be incurred by them for any detention in the hospital.

SEC. 11. That nothing in this act shall be construed so as to deprive any alleged lunatic or habitual drunkard of the benefit of

the writ of *habeas corpus*, or trial by jury, or any other remedy guaranteed to alleged lunatics or habitual drunkards by any existing laws or statutes of the commonwealth of Pennsylvania.

(For the law in regard to the registration of births, marriages, and deaths, see p. 231.)

An act to prohibit the sale of academic degrees.

Be it enacted, etc., That it shall not be lawful for any university, college, or other institution incorporated under the laws of this State, with power to grant academic degrees, honorary or otherwise, to confer the same upon any person or persons, upon the payment, or promise of payment, by any person, in consideration thereof; and any person knowingly signing a diploma or other instrument of writing purporting to confer an academic degree, when such consideration has been paid, or promised to be paid, shall be guilty of a misdemeanor, and, on conviction thereof, be sentenced to pay a fine not exceeding five hundred dollars, and to undergo an imprisonment not exceeding six months, or both, or either, at the discretion of the court. (Act of May 19, 1871.)

The Board of Health*

Assumed its present organization under an act of Assembly in 1818. Its office is at the southwest corner of Sixth and Sansom Streets, and is open from 9 A.M. to 3 P.M. daily (Sundays excepted). It consists of twelve members, four of whom come in in July of each year, to serve three years; being ap-

* See also page 92, for information in regard to the Municipal Hospital.

pointed, one by the Supreme Court, one by the District Court, one by the Court of Common Pleas, and one by the Select and Common Councils in joint convention.

The members of the present Board are:—

President, HENRY DAVIS.

Secretary, CHARLES B. BARRETT.

James Steel,	Thomas Stewardson, M.D.,
James A. McCrea, M.D.,	Conrad S. Grove,
— — —	Edward Bennett,
James West,	Samuel T. Canby,
Horatio G. Sickel,	William H. Ford, M.D.

The Board holds stated meetings on Tuesday of each week, at 12 M., from the 1st of October to the 1st of June; and daily, at the same hour, Sundays excepted, from the 1st of June to the 1st of October.

On the fourth Tuesday in January, annually, they elect twenty-four Vaccine Physicians* and thirteen Collectors of Vaccine Cases, according to "An Ordinance to provide for Gratuitous Vaccination," passed in 1860.

Acting under the Board of Health, but appointed by the Governor of the State, are the following officers:* One port physician, one Lazaretto physician, one health-officer and one quarantine master. Such clerks, messengers, and runners as the Board may deem needful, they are authorized to appoint. The port physician is charged with the investigation of all suspected cases of infectious disease in vessels already in port,

* See list on p. 234.

or in houses in the city. The Lazaretto physician resides at the Lazaretto (about ten miles below the city) from June 1 to October 1, and has charge of all matters relating to quarantine, under the provisions of the General Health Law of 1818.

Midwifery Reports.—By an act of Assembly passed 1819, all persons practising midwifery in the city of Philadelphia are obliged to leave a written memorandum of their names and residences at the Health Office; these are entered in alphabetical order in a register, to be open at all times during office hours to persons desirous of inspecting it. Changes of residence must be signified within thirty days at the office.

All births must be reported monthly, blank schedules being supplied by the office, giving the full name of each child (if any name has been conferred), its sex, color, the full name and occupation of the parent or parents, and the day and place of its birth. If no practitioner of midwifery is in attendance, the parent or parents must report the birth within one month thereafter. Ten dollars is the penalty for non-compliance with the rule.

Contagious Diseases.—Every person practising physic, and having a patient laboring under a pestilential or contagious disease (measles excepted), must make a written report forthwith to the Health Officer, under a penalty of not more than fifty dollars. The exception just mentioned is practically extended to hooping-cough, scarlet fever, and other diseases usually incident to childhood.

Reports and Certificates of Death.—The law in regard to these matters is set forth in the following extracts from “An Act for the Registration of Births, Marriages, and Deaths in the City of Philadelphia,” passed March 8, 1860:—

“SEC. 3. That whenever any person shall die in the city of Philadelphia, it shall be the duty of the physician who attended during his or her last sickness, or of the coroner when the case comes under his notice, to furnish within forty-eight hours after the death, to the undertaker or other person superintending the

burial, a certificate setting forth, as far as the same can be ascertained, the full name, sex, color, age, and condition (whether married or single) of the person deceased, and the cause and date of death.

“SEC. 4. That no person having the charge, as sexton or otherwise, of any vault, burying-ground or cemetery within the said city, shall inter or allow to be interred, or place or allow to be placed, in any vault, burying-ground, or cemetery, the dead body of any person, nor shall any undertaker or other person remove the dead body of any person who has died in the said city, and has not been buried, to any place beyond the limits of the said city, without first procuring the certificate of the attending physician or of the coroner. To said certificate the undertaker or other person having charge of the body shall, as far as can be ascertained, add the occupation of the deceased; the place of birth; the ward, street, and number of the house in which the death occurred; the place and date of interment; and, where the deceased is a minor, the full names of the parents. In case any person shall die without the attendance of a physician, or if the physician who did attend at the time of the death refuses or neglects to furnish a certificate as aforesaid, it shall be the duty of the undertaker, or of any other person acquainted with the facts, to report the same to the Health Officer, who shall be authorized to give a certificate of death as aforesaid, provided it be not a case requiring the attendance of the coroner. Every sexton or other person having charge of any vault, burying-ground, or cemetery within the said city, and every undertaker or other person who shall remove any dead body from or out of the said city, shall return the said certificates to the Health Officer before 12 o'clock M., on the Saturday of every week, accompanied by a schedule of the same, which returns shall be published weekly by the Health Officer, in such manner as may be designated by the Board of Health.

“SEC. 5. That in case any physician or the coroner shall refuse or neglect to furnish such certificate as aforesaid, he shall forfeit and pay the sum of five dollars for each offence; and every undertaker, sexton, or other person removing the dead body of any

person, or having charge of any vault, burying-ground, or cemetery, who refuses or neglects to perform any of the duties required by this act, shall forfeit and pay for every such offence the sum of twenty-five dollars; which sums shall in every case be recoverable in the manner and for the uses prescribed in an act entitled 'An Act for establishing a Health Office,' etc.

"SEC. 11. That the Health Officer shall receive, for the use of the Board of Health, fifty cents for granting a certificate or certified copy of the record of any marriage, birth, or death, and ten cents for making a search for either a marriage, birth, or death, which sums shall be paid by the party applying for the certificate or search; but the said registers shall at all times be accessible to physicians, clergymen, and lawyers, without charge."

Disposition of Dead Bodies.—In order to the interment of a body, a certificate is absolutely necessary, signed either by a physician, by the Coroner, or by the Health Officer. No *written* certificate can be received, unless it comes from the country, or from another State, as none such is admitted at the Registration Office.

Bodies brought from beyond the limits of the city for interment, if in charge of a city undertaker, must have his certificate appended to the certificate of death.

No disinterment or removal of a body from one grave or vault to another in the same burial-ground or cemetery, or from one burial-ground or cemetery to another, is allowed without a permit from the Health Office.

A permit from the Health Office is necessary for the removal of a body from the city for burial, and can be obtained by the undertaker, or other person having the body in charge, by application at the Health Office. The same rule applies to bodies merely in transit through the city—a permit must be obtained.

BIRTHS.

The number of births registered in 1871, amounted to eighteen thousand three hundred and forty-six (18,346), an increase over the previous year of one thousand one hundred and fifty-two

(1152), or 6.70 per cent.; the number of marriages, six thousand eight hundred and six (6806), an increase over the previous year of three hundred and eighty-five (385), or 5.99 per cent.; the number of deaths, sixteen thousand nine hundred and ninety-three (16,993), an increase over the previous year of two hundred and forty-three (243), or 1.45 per cent.

The number of Vaccinations performed during 1871, was 50,526.

EXECUTIVE OFFICERS.

(Appointed by the Governor of the State.)

Health Officer: John E. Addicks.

Port Physician: H. Earnest Goodman, M.D.

Lazaretto Physician: J. Howard Taylor, M.D.

Quarantine Master: J. H. Gihon, M.D.

OFFICERS ELECTED BY THE BOARD OF HEALTH.

Chief Clerk: William P. Troth.

Assistant Clerks: Augustine T. Lynch, Robert Carns.

Registrar: George E. Chambers.

Registration Clerks: Charles Wirgman, Hamilton Patterson, Chas. W. Murray.

Physician-in-Charge, Municipal Hospital: William M. Welch, M.D.

Steward of Lazaretto: Lewis Kugler.

Matron of Municipal Hospital: Lydia Tomlinson.

Measurers: Conrad B. Address, John S. Thackara.

VACCINE PHYSICIANS.

First and Twenty-sixth Wards—Dr. J. T. Williams, No. 1410 Ellsworth Street.

Second, Third, and Fourth Wards—Dr. H. F. Baxter, No. 242 Catharine Street.

- Fifth, Seventh, and Eighth Wards, west of Broad Street—Dr. J. G. Allen, No. 1237 Spruce Street.
- Fifth, Seventh, and Eighth Wards, east of Broad Street—Dr. W. G. Porter, No. 314 S. Eleventh street.

- Twenty-fourth Ward, south of Haverford Street, and the Twenty-seventh Ward—Dr. Elisha Crowell, No. 3937 Market Street.
- Twenty-fifth Ward, except Bridesburg—Dr. Edward Jones, No. 1945 Richmond Street.
- Twenty-eighth and Twenty-ninth Wards—Dr. William B. Corbit, No. 1303 N. Broad Street.

The Coroner

Is appointed by the electors of the County every three years. The present incumbent is J. G. L. Brown, and his Deputy, John C. Sees. His office is at the Morgue, corner of Beach and Noble Streets, where most of the hearings take place.

The Coroner's functions are sufficiently defined in the following extract from an act of the General Assembly, approved the 22d day of March, A. D. 1867, which declares—

“That it shall be the duty of the Coroner of the City and County of Philadelphia, to hold an inquest on the body of any deceased person who shall have died a violent death, or whose death shall be sudden; provided, that such sudden death be after an illness of less than twenty-four hours, and that no regular practising physician shall have been in attendance within said time, or that suspicious circumstances shall render the same necessary, which said suspicions shall first be sworn to by one or more citizens of said city.”

Violent deaths include homicides, deaths from criminal abortion, infanticides, suicides, and deaths from any kind of accident—such as injuries from having been run over in the street, from machinery, from falls, burns, scalds, or accidental poisoning or drowning, etc. In any of the above or like cases, it is the duty of the physician to refuse to give a certificate of death. The Coroner should at once be notified.

When a physician, attending a person who has been injured by the criminal act of another, discovers that his patient is in imminent danger of death, in order

that justice should be done, it is his duty to give notice to the Coroner of the fact, so that a dying declaration may be taken, and the offender arrested.

The duties of the physician in case of sudden death are clearly indicated by the act and proviso. No physician should give a certificate of a death when it is impossible for him to have exact knowledge of its cause.

Notice should be sent to the Coroner's office at the Morgue, or to any police station.

Ordinance in Regard to the Morgue.

(Passed Dec. 3, 1870.)

An Ordinance to establish certain Rules and Regulations for the Government of the New Morgue Building.

SECTION 1.—The Select and Common Councils of the City of Philadelphia do ordain, That the following shall be the Rules and Regulations for the government of the new Morgue Building, located at the northwest corner of Beach and Noble Streets, in the Eleventh Ward:—

Rule 1. The Morgue shall be in charge of the Commissioner of Markets and City Property and the Committee of Councils on City Property, and shall be open at all hours of the day and night for the reception of bodies. The exhibition hall shall be open daily from sunrise to sunset.

Rule 2. There shall be appointed by the Commissioner a superintendent, who shall occupy and reside in the dwelling part of the Morgue building. The superintendent shall be always on duty in the building, with such assistance as the Commissioner and the Committees of Councils on City Property may deem necessary.

Rule 3. The superintendent shall have full charge and control of the Morgue building and all the property therein contained, and shall keep a record book in the office of the Morgue, in which citizens may record the names of missing friends, and describe their person and clothing, and the address to which information respecting them may be sent.

Rule 4. No corpse shall be received at the Morgue unless in charge of a policeman, or on the order of the Coroner or the Chief of Police, unless the Superintendent of the Morgue shall be satisfied by a citizen that the corpse has been found dead in the street or drowned. When a corpse is brought by a policeman, the attendant in charge will record the policeman's name and number, and the police district to which he is attached.

Rule 5. The attendant in charge will on the arrival of a corpse at the Morgue immediately report to the Coroner. He will then record, in a book to be kept for that purpose, a detailed account of the recovery of the body, when found, and at what place and at what hour, the hour of admission to the Morgue, in whose charge, or on whose warrant; a description of the body, clothing, papers, and money found on it; and in the margin of the book opposite the account state the number in consecutive order of the bodies received, which number shall also be placed on the body. The papers, money, and all other valuables shall be put up in a package, marked with the same number as the body, and placed in security by the superintendent, who shall be held responsible for the same.

Rule 6. All bodies brought to the Morgue shall remain, if they are not recognized, in the hall of exhibition seventy-two hours or longer, or until decomposition commences. The clothing shall also be exhibited near the body. If, when the exhibition can no longer be continued, the body remains unrecognized, it is to be buried. The clothes shall remain exposed twenty days longer. Bodies when identified shall be immediately withdrawn from exhibition and placed in a private room.

Rule 7. It shall be the duty of the superintendent to notify the Coroner by 9 o'clock A.M. of the reception of a body during the

preceding night, and when a body has been received between sunrise and sunset he shall notify the Coroner immediately. Whenever there are indications of violent death he shall immediately report the case to his Honor the Mayor or the Chief of Police.

Rule 8. No corpse received at the Morgue shall be taken away and interred without the Coroner's consent in writing, nor shall a post-mortem examination be held upon any corpse unless in the presence of the Coroner or by his written consent.

Rule 9. The friends of a person whose body has been identified can transfer it to their own domicile with the consent in writing of the Coroner.

Rule 10. The attendants shall, under no circumstances, ask from or receive from the deceased person's friends or relatives any fees or compensation for services rendered, under a penalty of immediate dismissal by the Commissioner.

Rule 11. On the first day of each month the Superintendent shall make a report to the Commissioner of Markets and City Property, a statement of identified bodies, setting forth :—

First. The date of reception.

Second. Name, age, profession, and residence of deceased.

Third. Cause of death.

Fourth. Mode of death.

Fifth. Hour of death.

Sixth. Place of death.

Rule 12. Also a statement of bodies not identified :—

First. A succinct description of the body, and whether male or female.

Second. Probable age, and whether white or colored.

Third. Mode of death.

Fourth. Place where body was found.

Duplicates of which shall be transmitted to his Honor the Mayor.

Rule 13. There shall also be kept an alphabetical list of all identified persons, and a list of the number of persons in consecutive order.

Rule 14. The clothes and other effects belonging to the identified

bodies shall be given up to the family or the representatives of the deceased on proper proof, and their receipt be taken for the same.

Rule 15. The clothes and other effects of all unrecognized bodies, when the period of exhibition shall have expired, shall be washed, tied up in packages, and preserved for six months. The package shall be numbered, corresponding to the number of the body on the record book.

Rule 16. After one year's time from the date of the reception of an unidentified body, the superintendent shall deliver over to the Commissioner of Markets and City Property all the clothes and other property that were found upon the body of the deceased at the time it was received into the Morgue, together with a list of the property then handed over, the same to be copied from the record book, with the number to correspond with that of the body. The Commissioner, on finding the property and list to correspond, shall then preserve the list, and have the property sold at public sale, and shall hand the proceeds of such sales over to the City Treasurer, and take his receipt for the same; and the credit to be made to the Commissioner shall state as realized from the sale of A, B, or C's, deceased, effects, etc.

Rule 17. If any corpse shall remain unrecognized for forty-eight hours, the superintendent shall have the body photographed in the clothes in which it was found: and should any regular physician desire to embalm any unclaimed body, he may have the privilege to do so, provided he obtain the written consent of the Coroner and the Commissioner of Markets and City Property.

SECTION 2.—The salary of the superintendent of the Morgue shall be eight hundred dollars per annum, payable in equal monthly portions on the first day of each month; the salary to commence on the 1st day of January, A. D. 1871, and the warrants for the payment to be drawn by the Commissioner of Markets and City Property.

SECTION 3.—From and after the first day of January, A. D. 1871, the Coroner shall have his office in the office of the Morgue building, now located at the northwest corner of Beach and Noble Streets, in the Eleventh Ward.

The Board of City Trusts,

Created by a law enacted June 30, 1869, is composed of twelve gentlemen, appointed by the Judges of the Supreme Court of the State, the District Court, and the Court of Common Pleas. The Mayor of the City, and the Presidents of the Select and Common Councils, are *ex-officio* members of the Board of Directors of City Trusts. It holds its meetings on the second Wednesday of each month.

The following institutions are under its charge: GIRARD COLLEGE FOR ORPHANS, and WILLS HOSPITAL FOR THE BLIND AND LAME. The Directors of the City Trusts also have charge of all the Charitable Trusts—more than twenty in number—of which the Corporation of the City of Philadelphia is the custodian.

MEMBERS OF THE BOARD.

President, WILLIAM WELSH.

Fee Bill.*

ADOPTED BY THE COLLEGE OF PHYSICIANS OF PHILADELPHIA IN 1863.

"The following table of charges being founded on a just consideration of the professional services which the Fellows of the College are called upon to perform, it will be considered a duty on their part to conform to it, whenever the circumstances of their patients are not such as clearly to forbid such a course."—(*Charter, Ordinances and By-Laws*, p. 57.)

For a single visit, or for advice at office, in a case in which

no further visit or advice is required	\$10 00
--	---------

This is not intended to apply to those cases in which the physician is considered the regular medical attendant of the individual or of his family.

For the first visit, in a case in which the physician is in

regular attendance	5 00
------------------------------	------

* N. B.—The Editor feels that he cannot let the annexed tariff of charges meet the eye of any one, without a few words of comment. Much dissatisfaction exists in regard to the lowness of the scale, many of the Fellows of the College declining to accept it as limiting their fees. It is of course not in any way binding upon physicians who are not Fellows of the College, although it has been often brought forward in court as the standard for the profession generally in the city. The probability is that before many months it will either be materially changed, or abolished altogether.

For each subsequent visit	\$2 00
Every necessary visit on the same day, whatever may be their number, to be charged at the same rate.	
When at the first visit in a case minute physical explora- tion is required in order to arrive at a correct diagnosis	10 00
When the physician is detained, for each hour . . .	5 00
For a visit at a time appointed by the patient or his friends, during the daytime	5 00
For advice given at the physician's office	5 00
For such advice when minute physical exploration is re- quired	15 00
For subsequent advice at office to the same individual for the same malady	2 00
For a written opinion or advice to a patient	20 00
For a visit at night after ordinary bedtime	5 00
For a visit after night in stormy or inclement weather . .	10 00
For a first visit as consulting physician	8 00
For each subsequent visit as consulting physician, in the same case	3 00
For each visit of the attending physician, in a consulta- tion	3 00
For a visit as consulting physician during the night . . .	15 00
In all visits to distant patients, two dollars to be added in addition to the ordinary fee for each mile over two between the residence of the patient and that of the phy- sician, without regard to the mode of conveyance. An additional fee of \$2 to be charged for crossing the river Delaware.	
An extra charge to be made for travelling at night, or on account of the badness of the roads, or the inclemency of the weather.	
For an opinion involving a question of law	25 00
For a post-mortem examination, in a case of legal inves- tigation	30 00
For a post-mortem examination made at the request of the family or relatives of a deceased person	20 00

Fee Bill.*

ADOPTED BY THE COLLEGE OF PHYSICIANS OF PHILADELPHIA IN 1863.

"The following table of charges being founded on a just consideration of the professional services which the Fellows of the College are called upon to perform, it will be considered a duty on their part to conform to it, whenever the circumstances of their patients are not such as clearly to forbid such a course."—(*Charter, Ordinances and By-Laws*, p. 57.)

For a single visit, or for advice at office, in a case in which
no further visit or advice is required \$10 00

This is not intended to apply to those cases in which
the physician is considered the regular medical attendant
of the individual or of his family.

For the first visit, in a case in which the physician is in
regular attendance 5 00

* N. B.—The Editor feels that he cannot let the annexed tariff of charges meet the eye of any one, without a few words of comment. Much dissatisfaction exists in regard to the lowness of the scale, many of the Fellows of the College declining to accept it as limiting their fees. It is of course not in any way binding upon physicians who are not Fellows of the College, although it has been often brought forward in court as the standard for the profession generally in the city. The probability is that before many months it will either be materially changed, or abolished altogether.

For each subsequent visit	\$2 00
Every necessary visit on the same day, whatever may be their number, to be charged at the same rate.	
When at the first visit in a case minute physical explora- tion is required in order to arrive at a correct diagnosis	10 00
When the physician is detained, for each hour . . .	5 00
For a visit at a time appointed by the patient or his friends, during the daytime	5 00
For advice given at the physician's office	5 00
For such advice when minute physical exploration is re- quired	15 00
For subsequent advice at office to the same individual for the same malady	2 00
For a written opinion or advice to a patient	20 00
For a visit at night after ordinary bedtime	5 00
For a visit after night in stormy or inclement weather . .	10 00
For a first visit as consulting physician	8 00
For each subsequent visit as consulting physician, in the same case	3 00
For each visit of the attending physician, in a consulta- tion	3 00
For a visit as consulting physician during the night . . .	15 00
In all visits to distant patients, two dollars to be added in addition to the ordinary fee for each mile over two between the residence of the patient and that of the phy- sician, without regard to the mode of conveyance. An additional fee of \$2 to be charged for crossing the river Delaware.	
An extra charge to be made for travelling at night, or on account of the badness of the roads, or the inclemency of the weather.	
For an opinion involving a question of law	25 00
For a post-mortem examination, in a case of legal inves- tigation	30 00
For a post-mortem examination made at the request of the family or relatives of a deceased person	20 00

For a certificate of the state of health of a patient	\$10 00
For a similar certificate in all other cases	25 00
For vaccination or revaccination	5 00
For an ordinary case of midwifery	30 00
For a difficult case of midwifery	50 00

For every hour the obstetrician is detained beyond twelve, an additional fee of \$1.

For the application of the forceps	15 00
For the operation of turning	20 00
For the operation of embryulcia	25 00
For the Cæsarean operation	250 00

For any indisposition in the mother or child, after the tenth day from confinement; or when any *very serious* ailment occurs in either mother or child *within* the ten days, a charge is to be made for each visit as in ordinary cases of disease.

For reducing fractures, and the first dressing	25 00
--	-------

In the above and in all other surgical operations the subsequent visits are to be charged as in attendance on ordinary cases of disease, the amount of charge being proportioned always to the time occupied and the trouble incurred in the subsequent attendance in each case.

For reducing recent luxations	15 00
For reducing old luxations	60 00
For amputation of a leg or arm	50 00
For amputation at the shoulder-joint	200 00
For amputation at the hip-joint	250 00
For amputation of a finger or toe	10 00
For resection of large bones and joints	150 00
For resection of the smaller bones and joints	50 00
For tenotomy	30 00
For the operation for artificial joint	150 00
For the extirpation of tumors in dangerous localities	100 00
For the extirpation of other tumors	30 00
For trephining	150 00
For operation for cataract or artificial pupil	150 00

For other operations on the eye and its appendages	\$30 00
For the removal of polypus from the nares	30 00
For the operation for cleft palate	60 00
For the operation for hare-lip	25 00
For the operation of tracheotomy	50 00
For excision of the tonsils	15 00
For the operation for removal of a nævus or aneurism by anastomosis	15 00
For the introduction of the stomach tube	20 00
For the ligation of the subclavian, carotid, iliac, or femo- ral arteries	200 00
For the removal of foreign substances from the ear, nares, pharynx, or œsophagus	25 00
For the reduction of hernia by taxis	15 00
For the operation for strangulated hernia	100 00
For paracentesis thoracis	30 00
For paracentesis abdominis	20 00
For the operation for vesico-vaginal, or recto-vaginal fistula	100 00
For examination per anum or vaginam without speculum	10 00
For examination with speculum	15 00
For the introduction of a pessary	5 00
For the removal of polypus from the uterus or rectum	30 00
For the operation of fistula in ano	25 00
For the operation of fistula in perineo	60 00
For the operation for hæmorrhoids	25 00
For the operation for imperforate anus, vagina, etc.	20 00
For the reduction of prolapsus ani	20 00
For the removal of stone from bladder	200 00
For the palliative operation for hydrocele	10 00
For the operation for the radical cure of hydrocele	25 00
For the operation for phimosis and paraphimosis	20 00
For division of stricture of the urethra	25 00
For the introduction of the catheter, in ordinary cases	2 00
For the introduction of the catheter, in cases of obstruc- tion	15 00

For plastic operations	\$150 00
For laying open an abscess or sinuses	5 00
For the administration of an anæsthetic	10 00
For the introduction of a seton, or forming an issue	10 00

It is recommended that in all cases of gonorrhœa and syphilis, a fee of from \$10 to \$25 be required in advance, the subsequent charge being graduated by the amount of the after attendance in each case.

It is not to be understood that the omission of any operation or other surgical service from the foregoing fee bill is a denial of the right to charge for such operation or service a fee proportionate to its nature, extent, and importance.

Physicians should present their account at least semi-annually, or as much oftener as they may deem proper.

DISSECTING ROOMS.

The Dissecting Rooms of the College are open to Students during the whole year, save the months of July and August.

During the Summer Session lectures are delivered on Surgical and Visceral Anatomy by the Demonstrator, in connection with the Summer School of the College.

The students are formed in classes, for dissecting, under the direction of the Demonstrator and his assistants.

During the Winter Session the Demonstrator recapitulates the daily lectures on Anatomy, and in addition will lecture on Surgical Anatomy every Thursday evening. **Fee \$10.**

Students wishing to take a course on Operative Surgery, and to perfect themselves in Minor Surgery (Bandaging, &c.), can do so, and are formed in classes under the direction of the Demonstrator. **Fee \$20.**

The lectures are thoroughly illustrated with preparations of every variety, and microscopical drawings.

The Demonstrator is aided by an efficient staff of Assistant Demonstrators.

For further information, apply at the College, or at the residence of

WM. H. PANCOAST, M.D.,

Demonstrator of Anatomy,

DUNDAS DICK & CO.'S

SOFT CAPSULES

Were the only CAPSULES admitted to the last Paris Exposition, and are now the only ones prescribed by Physicians.

OIL OF SANDAL-WOOD.

(One-tenth part Oil Cassia.)

The Oil of Sandal-wood possesses a much greater power in restoring to a healthy state the mucous membrane of the urethra than either Cubebs or Copaiba. It never produces sickness, and is so certain and speedy in its action as to fully entitle it to be called *the* specific in comparison with the other remedies. It is fast superseding every other remedy, sixty Capsules *only* being required to insure a safe and certain cure in six or eight days. From no other medicine can a like satisfactory result be obtained. Our own Copaiba require on an average about twenty days; our Copaiba and Cubebs about seventeen; and our Matico about fifteen; while the best of the *hard* Capsules require about forty days, and the others a much longer time.

Castor Oil, Cod-liver Oil, Turpentine, Tar, Oil Male Fern, and many of the nauseous medicines in same desirable form.

Sold by all Druggists.

PHILADELPHIA SURGEONS' BANDAGE INSTITUTE,
14 NORTH NINTH STREET (*above Market*).

Notice 2d Truss above Market.

(Established in 1841.)

A most complete assortment of TRUSSES, ELASTIC STOCKINGS, FEMALE SUPPORTERS, SHOULDER BRACES, SUSPENSORY BANDAGES, and all Surgical appliances.

These articles are made and adjusted by B. C. EVERETT, after a practical experience of forty years.

Ladies attended to by a competent female.

CAUTION!

All Genuine Liebig's Extract of Meat bears the signature, in blue ink, of Baron Liebig, the inventor, across the label.

NONE OTHER CAN BE GENUINE.

This Extract is made under Baron Liebig's control, and guaranteed from the finest Beef. Physicians, in prescribing, and purchasers will please take notice and ask for the Extract with Liebig's signature, thus:

DR. CHURCHILL'S

SYRUP OF THE HYPOPHOSPHITES,

Made by Swann, Paris, are the genuine, and the most satisfactory, and are used in London Hospitals.

Dr. Liebreich's Essence of Pepsine,

Manufactured in Berlin, under his instructions, is agreeable, efficient, and moderate in price.

GENUINE VALS WATERS.

These agreeable natural waters have acquired a larger sale than any others known, due to the success with which they have been prescribed in diseases of the liver, spleen, stomach, bowels, kidneys, and bladder. They contain Lime, Iron, and Manganese in addition to the natural bicarbonate of soda, and therefore produce no alkaline diathesis, but are tonic in their effects.
